### Electrolysis is the Answer

Anyone who is interested in good grooming and an attractive appearance is likely to read about electrolysis. It is the *only method* which will remove your unwanted hair **permanently**, and it is not a new technique. Successful results have been reported and discussed favorably in the medical journals since 1875, more than a century ago.

Nowadays thousands of women make appointments every week with their electrologists, but very few openly tell their friends or relatives about the positive results. Most people are too embarrassed to mention facial or body hairs, and so the facts about permanent removal must often be learned from responsible beauty editors or medical columnists.

Fortunately, there is a skilled electrologist at **Clear Reflections** in the Barrington Commons who can remove those tell-tale hairs quickly and conveniently in the privacy of a professional office.

Now past its 100th anniversary, electrolysis is a boon to mankind which goes on making converts every day. The reason is obvious—success and permanence make an unbeatable combination.

Take away those unwanted hairs and what you have left is confidence in your own charm and attractive appearance. Phone **Clear Reflections** at **1-847-381-9020** for your appointment.

**Clear Reflections** has provided 27 years of service at the same location.

April, 2003

Dear Reader,

As our cover mentions, there is indeed a myriad of social events this month.

Heading the list is BAAC's "Facets of Fiber" Spring Fashion Show. Always a huge success, the event will be held at the Barrington Hills Country Club on April 24. The array of fiber art to be presented include jewelry, hand-painted suede and fur, hats, hand-painted silk, tapestry and more. Proceeds from the fashion show will help fund new programs for children and seniors.

And while we're on the subject of fashion, acclaimed fashion designer Cynthia Rowley will make an appearance in Barrington to help raise funds for the District 220 Educational Foundation. A "Swell Evening with Cynthia Rowley" will take place on June 19 and will be the culmination of the Hidden Ponds Estate and Garden Tour. Ms. Rowley graduated from Barrington High School and is looking forward to returning.

A Barrington 500 Bike Race is scheduled to take place on May 3. A committee of concerned parents, teachers and community members have decided to work together on this event. Proceeds raised will help renovate the high school athletic stadium. Join in the fun for a great cause.

Until next time, have a wonderful Easter. Peace and happiness.

With warm regards,  
Glenne McMonigal  
Editor, *Lifestyles Magazines*

## BAAC's "Facets of Fiber" Spring Fashion Show

Anna Husain (left), administrative assistant for BAAC and committee member, and Kathy Ard, committee member and friend of BAAC

We are gathering the finishing touches for The Friends of the BAAC Spring Fashion Show "Facets of Fiber." We are honored once again to have Lilliana of Lilliana Couture, Winnetka, in addition to Lane Mattix of D.H. Mattix Gallery, Barrington, coordinate as well as host our Eighth Annual Fashion Show.

Sandra Webster of Sandra Webster, Geneva, will be in the lineup this year. Sandra represents around 50 artists new to us from various locations within the United States, Germany, France and Iceland. She is known for her black basics, chiffon and jewelry. Paige Mayberry with her handpainted fiber fashions is making a spectacular re-entry into the fashion world after taking time off for family. Paige is best known for her handpainted suede and fur. A fashion show would not be complete without the well-known hats of Veronica Chin and Eva May. Artists Joanna A lot-Ciechowski, handpainted silk; Kristina Gaweda, hand-dyed silk; Marjolyn Van der Wel, tapestry; and Sarah Itami, to mention a few, will be contributing to our array of fiber. Once again, we delight in having our own Dyllis Braithwaite of Finns Fabrics presenting two of

her own handtailored designs.

Friends of the BAAC would like to send out a very warm thank you to all of the wonderful supporters who have helped make this fashion show/fund-raiser possible by so generously underwriting. Advocate Good Shepherd Hospital, Elyse and Ray Roberts, Bill and Mary Graft, Brenda Streicher, Baird & Warner, Trowby and Dan Brockman, Janice and Robert Dunbar, Jody Paine, Carol McGregor and Barrington Realty, Chalone Wine Group, and Francine Fossler have graciously supported our efforts year after year.

The proceeds from the Spring Fashion Show will be used to fund new programs for children and seniors. If you would like to know how you can help, please contact the BAAC at 1-847-382-5626.

We have had many new committee members working to make this day a special and refreshing new event. You are encouraged to come into the BAAC Gallery for a sneak peek at some of the fashions that will be modeled. Seating is limited. Please send your reply and reserve your place and let's celebrate the many "Facets of Fiber," April 24.

but a bike race designed to raise money for renovations to the stadium area.

The Barrington High School campus renovations are complete but no attention was given to the athletic stadium. It is in need of repairs and updating. A committee of concerned parents, teachers and community members from the Horseshoe Booster Club has decided to work together to complete the task.

Represented by student, teacher and community cyclists, the race will be composed of 40 teams. A business sponsor who will contribute money to the event will represent each bike team. Money will also be raised by ticket sales and concessions.

This multiyear fund-raiser will generate money to construct a new entrance and

ticket booth, build a new stadium with meeting, storage and fitness rooms beneath the bleachers, expand the track from six to eight lanes, and widen the soccer field.

This promises to be an exciting event for our community and one the Horseshoe Club expects to be among the biggest community events each year. If you are a high school student, plan to join a team. If you are an area business, plan to sponsor a team. And, be sure to mark your calendar for Saturday, May 3, 2003, and join the fun at the stadium.

Contact Philip Seeger at 815-363-9500, ext. 5515, or Tom Laue at 1-847-382-8487 to sponsor a team. Contact Debbie Young at the high school at 1-847-842-3200, ext. 3721, to join a bike team.

## Himalayas: An Aesthetic Adventure

"Himalayas: An Aesthetic Adventure," the next major Art Institute exhibition, is the first to include works of art from the entire Himalayan region. Organized geographically, it begins with Nepal, followed by Jammu and Kashmir, the western Himalayas and West Tibet, and, finally, central and eastern Tibet and Bhutan.

The 187 works of mostly religious art from the fifth to 19th centuries are drawn from public and private collections. Over half have never been publicly exhibited.

On Friday, May 16, members of the Barrington Community Associates of the Art Institute of Chicago will attend the 17th Annual Joint Program of the Community Associates of The Art Institute of Chicago and the Women's Association of the Chicago Symphony Orchestra.

In Rubloff Auditorium, Dr. Pratapaditya Pal, visiting curator of Indian, Himalayan and Southeast Asian art, will speak on the exhibition. He will discuss the particular beauty and artistic achievements of the various cultures within the framework of the two great Asian religions, Hinduism and Buddhism.

Dr. Pal first visited the majestic Himalayas in 1946. This exhibition is the culmination of a 50-year engagement with Himalayan art.

At Symphony Center, Dr. Virginia Gorlinski, assistant professor of ethnomusicology at Northwestern University, will explore the interconnectedness of music and spirituality in the Himalayas and highlight ways in which western artists have incorporated these sonic and spiritual val-

ues into their own musical activities, both classical and popular traditions. A musical program will follow the lecture. The fee for this interesting, members-only day is \$30. The bus will depart at 8:15 a.m. from Langendorf Park in Barrington. Coffee will be served in the Trading Room at 9:15 a.m., and there will be time for a "before hours" viewing of the exhibition. An optional lunch is available in the Trading Room and requires a separate \$30 check.

## Museum Quality Native American Art Finds a Home at River Trading Post

Enter **River Trading Post** and you enter a world of other times and other cultures. Inside **River Trading Post** hand-woven Navajo rugs hang from exposed brick walls. Fine old Indian jewelry is carefully arranged in cases alongside clay pots that are 800 to 1,000 years old, and the museum-quality hand-coiled Pueblo pottery is among the finest to be found anywhere.

Framed photographs, including an extensive collection of rare Edward S. Curtis photogravures, are displayed in the carefully lit loft along with a short biography of the artist and a story about each of the images. A small library finds itself well used by visitors.

**River Trading Post** also features the

bronze, marble and alabaster work of sculptor Cliff Fragua, a Jemez Pueblo Indian of world renown. Fragua was recently commissioned to sculpt a significant work for the U.S. Capitol. Fragua's *The Pueblo Potter*, a 1,200 lb. New Mexico alabaster piece, stands as a centerpiece at the gallery.

This quaint shop, seemingly a bit out of place in the old East Dundee building at 314 North River Street attracts collectors from across the country, and from such unlikely places as England and Australia.

The atmosphere at **River Trading Post** is warm and friendly, and owner Joe Zeller always has a cup of cowboy coffee ready and waiting for his visitors.

## Why Americans Should Savor Cinco de Mayo

May 5 is *not* Mexican Independence Day, but it should be! And **Cinco de Mayo** is *not* an American holiday, but it should be!

Under Emperor Napoleon III, who detested the United States, the French came to Mexico to stay. Napoleon's army had not been defeated in 50 years, and they were not afraid of anyone, especially since the United States was embroiled in their own civil war. On May 5, 1862, in Pueblo, Mexico, under the command of Texas-born General Zaragoza and Colonel Diaz, 4,000 Mexican soldiers smashed the French and traitor Mexican army of 8,000. The Mexicans had won a great victory which kept Napoleon III from supplying the Confederate rebels for another year, allowing the United States to build

the greatest army the world has ever seen. Just 14 months after the battle of Pueblo, the Confederates were beaten at the battle of Gettysburg, essentially ending the Civil War. Union forces were then rushed to the Mexican border along Texas under General Phil Sheridan, who made sure that the Mexicans got all the weapons and ammunition they needed to expel the French. It might be a historical stretch to credit the survival of the United States to those brave 4,000 Mexicans who faced an army twice as large in 1862. But who knows?

Join us at **Julio's Cocina Latina** for our own **Cinco de Mayo** celebration on **Sunday, May 4**. Reservations are recommended. Call **1-847-438-3484**.

However, an employer may effectively prevent enforcement of such a writing as a contract if the document contains a disclaimer specifically stating that the document does not change the employment-at-will relationship.

As such, to limit an employer's right to terminate the employee at will, the document must contain language which shows the employer and employee did not intend an employment-at-will relationship, such as a termination for cause only provision. ## Protecting Your Legal Rights—Employment Contracts and Promises

by Joette S. Doran, J.D.

A legally enforceable contract is one in which each party to an agreement provides something of value to the other. To create an employment contract, the employer must make a specific offer, and there must be an acceptance of those terms by the employee. A written contract is the most easily recognized employment agreement and usually contains specific terms and conditions regarding the employment relationship such as salary, responsibilities and duration. Other written documents may also be considered a contract, such as employer handbooks, policy

manuals, letters of agreement or letters reflecting a job offer. To determine wheth-

## BACC Annual Staff Luncheon & Fashion Show

### Everything is Blooming in Barrington!

The Barrington Area Chamber of Commerce announces plans for the Annual Staff Luncheon & Fashion Show on Wednesday, April 23, at The Garlands of Barrington Performing Arts Center from 11:00 a.m. to 1:30 p.m. The cost is \$25 per ticket. The event has been traditionally planned on "Administrative Professional Day" to salute the working men and women and the Barrington area's fine fashion and accessory stores.

During guest registration from 11:00 a.m. to noon, an opportunity will exist for social networking and to quietly bid on a beautiful display of auction items. All proceeds from the silent auction will benefit the 2004 Chamber Scholarship Program.

A gourmet luncheon will be tastefully prepared by well-known Garlands of Barrington chef Rick Rizner, followed by the exciting announcement of the well-deserving 2003 BACC Scholarship recipients. (The deadline for BACC member employer's high school senior children to apply for this year's scholarship is April 7. All applications for consideration must be postmarked or delivered to the chamber office by no later than that date.)

The audience will most certainly enjoy viewing a professional fashion show with the newest spring fashions worn by "se-

cret" community leaders and their children. Apparel for men and women from the popular vacation look to the casual Friday look to the early evening business social hour can be viewed. All fashions will be accentuated with trendy accessories sporting the "Dressing for Success" attitude. This year, children of all ages will compliment the lineup showcasing the newest children's fashions. There will also be a sneak peak at the latest bridal looks for the family. Over 30 models are anticipated to participate from the Barrington area business community, modeling fashions and accessories that can be purchased from over 15 area retailers.

One of the many highlights is the recognition of the 2003 Staff Member of The Year. The deserving winner receives a gift, a professional photo and a proclamation from the Village of Barrington. Area employers are encouraged to complete a nomination form that is available at the chamber office no later than April 15.

For more information regarding the scholarship, to make a donation to the silent auction or purchase tickets to the event, please contact BACC at 1-847-381-2525. Or you may contact Ms. Barbara Ayres, Barbara B's Weekenders Clothing, volunteer chair, at 1-847-526-8876.

### Planning an Upset in Plant Sale Prices!

Lower prices this year for plant sale shoppers (scene from May 2002 sale)

For the first time ever, Field & Flower Garden Club members are slashing prices for the many hundreds of the plants they offer to the public on the Saturday before Mothers' Day at Jewel Center in Barrington, May 10 this year.

Many perennials formerly marked at \$4 to \$5 and above will now be tagged at \$2 and \$3 each! In addition, a special Bar-gain Table will have plants priced at just \$1 each. Club members expect to have several hundred plants in each of these categories.

The increasing numbers of beautiful and

unusual perennials growing in their home gardens gave club members the impetus for change. Other factors reinforce their plan. Because their relatively small budget now covers a wide variety of charitable donations for local and state conservation needs, annual scholarships for high school seniors, and books for the library, among others, lowering prices just didn't seem viable in the past.

"Now it is," declared Naomi Stark, this year's plant sale cochairperson with Lauren DeJesu. "This year, we have access to whole gardens which are being emptied

## Herend Trunk Show at M.J. Miller & Co.

Endearing creatures meek and bold, large and small, lovable and fearsome, harmoniously populate the animal kingdom of **Herend**. There they share space with an eclectic community of vibrant folk figures depicting lifestyles of old.

Each is brought to life by skilled hands of artisans at the Herend Porcelain Manufactory, named for the quaint village of Herend, Hungary, which it inhabits. Timeless treasures are the signature of Herend, long revered for its handcrafted, handpainted porcelain works of art.

Established in 1826 to manufacture dinnerware replacement pieces for Hungary's royal families, Herend found its true niche in the mid-1800s. Thus began an enduring reputation as the source of choice for exquisite dinnerware, found worldwide in homes of royalty, celebrities and connoisseurs of life's finest.

With the 1870s came the introduction of meticulously crafted figurines. A surge in popularity of Herend's animal figurines occurred in the 1950s and continues strong today. The trademark fishnet pattern took form in 1874 when a Herend artist became intrigued with an obscure Chinese porcelain plate bearing a fish scale design. But not until the 1960s was the fishnet design used on Herend figurines from head to toe.

## Daum Trunk Show April 5th

The artists of **Daum** have always been inspired by nature. Playing on forms, joyful colors and harmonious materials, the collections reveal all their charms. The beautiful Rose, Daffodil, Butterfly and Animal collections are available in a variety of bowls, vases and decorations all produced in the pâte de verre technique.

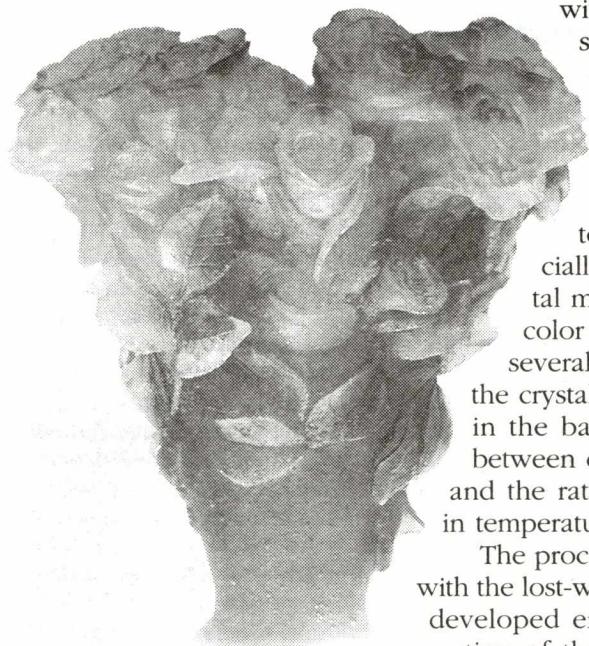

### Daum—from Crystal... to Pâte de Verre

Pâte de verre is a rare and ancient glassmaking technique, dating back to 5,000 BC (pieces have been found in the tombs of pharaohs). In 1900, Daum (pronounced "dome") rediscovered this technique that had been long forgotten, then further developed it in 1968. The process is extremely delicate to master, but the objects produced by melting fragments of colored crystal

within a mold have a texture, substance and softness of contour that can not be obtained with blown glass.

Pâte de verre is in fact a paste made of crystal with a 30 percent lead content and originates from specially produced batches of crystal melted in crucibles. The final color of a piece is contingent on several factors: the granule size of the crystal fragments, the proportions in the batch, the chemical reaction between certain minerals and metals, and the rate of increase and decrease in temperature within the kilns.

The process of melting glass coupled with the lost-wax technique that Daum has developed ensures a perfect reproduction of the original piece just as the artist imagined it. Today, Daum is the

Once all patient questions are answered, the treatment process can begin. The last step is a customized at-home regimen and explanation of the importance of professional products. You

can maintain your skin results by keeping up with an at-home regimen in between peel treatments. The extent of these treatments is up to you.

For the month of April, we will offer three micropeel treatments for \$200.

## The Field of Esthetic Skin Care

by Gary S. Churchill, MD

**Gary Churchill, MD**

If you have ever had facial plastic surgery or if you are considering it, you need to know about the exciting field of esthetics. Through the techniques employed by a licensed esthetician, you can improve and enhance the appearance of your skin. Whether you are trying to maintain your skin after a surgical procedure or just want better-looking skin, there is a treatment for you. Based on scientific principles, the treatments are custom-designed for your skin's particular needs. Esthetic skin care can reduce the depth of surface lines, help fade abnormal brown spots, smooth rough skin and help clear up acne-prone skin. Overall, it can give your skin a more youthful and healthier glow. The treatments are only done by a qualified, licensed esthetician in a physician's office and involve various methods of exfoliation, skin bleaching and rehydration. These treatments, when combined with a daily regimen, can give dramatic results.

### What is an Esthetician?

A licensed esthetician is someone who has gone through specialized schooling and passed a state licensure exam to allow them to take care of the skin from an esthetic or beauty standpoint. Licensed estheticians have applied their specialized training in a medical setting under the oversight of a physician. This allows the esthetician to perform stronger peels and somewhat more aggressive treatments than could be done elsewhere. A myriad of different procedures can be performed. The particular treatment (or combination) is chosen in the consultation process and is based on that patient's particular need and skin condition. A partial listing of available options include: different strength peels to treat fine lines and wrinkles, special peels to treat irregular pigment, peels to clear up blemishes and microdermabrasion.

### What is a Micropeel?

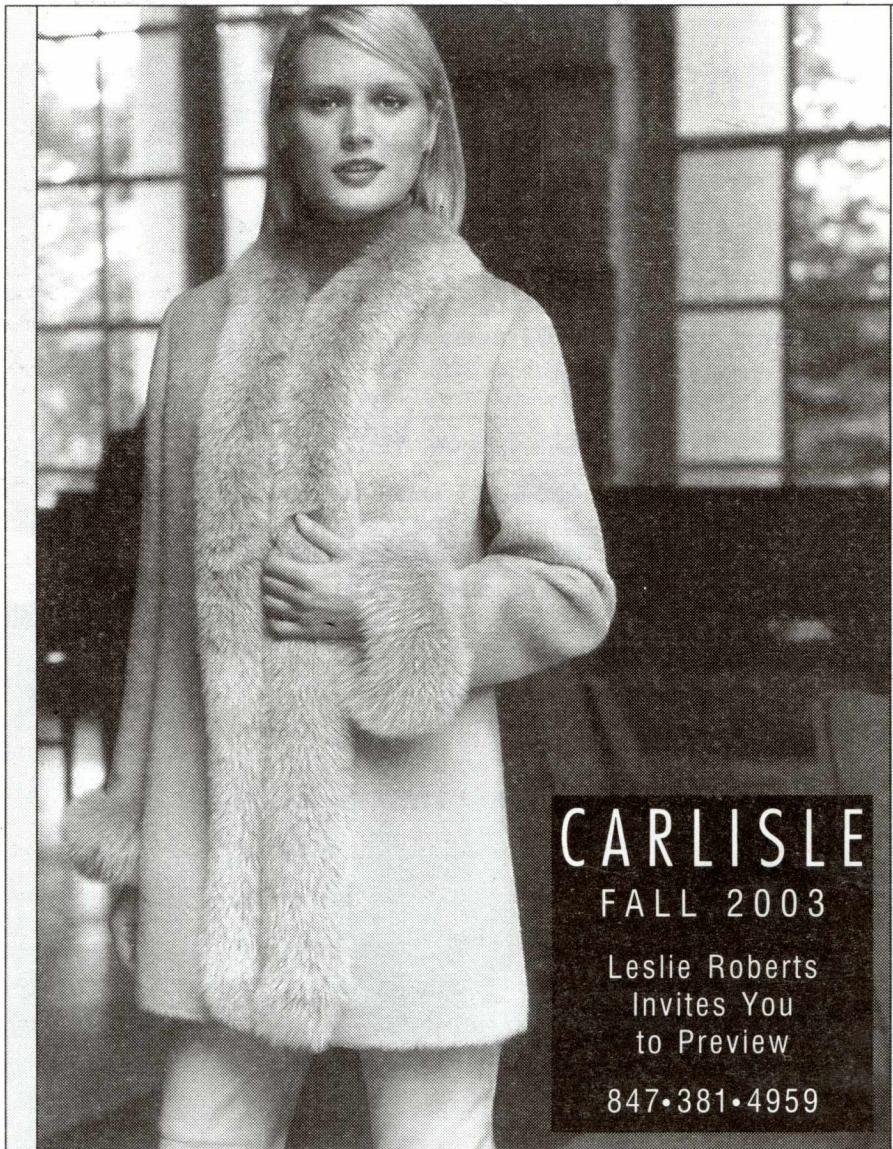

This technique involves a double-exfoliation process. The first exfoliation is done

### What is Microdermabrasion?

Microdermabrasion is a nonsurgical, non-invasive method for removing dead, flaking skin cells while stimulating the production of fresh skin cells and collagen. Treatments are administered by our esthetician, using a hand piece through which microcrystals are vacuumed. This gentle abrasion produces a polished appearance in as little as 20 minutes. Skin feels softer and smoother and appears younger looking. For best results, we recommend an initial six-week treatment plan consisting of one treatment per week, followed by treatment once monthly.

### How to Decide What Treatment is Best for You

During your initial visit, the esthetician will review your basic medical history and consult with you regarding your skin concerns. She will analyze the condition of

## Chers Amis...

What's nice about our business—the restaurant industry that is—is that there is not a dull moment. The ups and downs follow a graphic as predictable as the stock market's, influenced by everything from the economy (the most obvious), the weather, the trends, the reviews, politics and... competition of course!

When we started in 1987, we were basically the only ones in the immediate area. Then came a first wave of competition, as far as Wauconda, Barrington, Fox River Grove, etc. that was in the early '90s. The second serious wave came upon us thanks to the over-commercialization of Rand Road and all the national chains.

Now, this is free enterprise, and I believe in it. Nothing to argue about. It keeps us on our toes. And therefore you, the customer, should benefit from that. Yet, we must always remind our customer base

that, in the face of all these new establishments, we are still here, alive and well. In other words, we do not care to be forgotten!

So by now, all of you are aware of the new bistro just next door. I recommend it. The owner is a friend, and he has a good chef. In order to celebrate the arrival of this newcomer, **D & J Bistro** will offer all of its wines during the month of April, Tuesday through Friday, at a **20% discount** upon presentation of a copy of this very column! This column can also be found on our Web site. Print it and bring it in. As I said earlier, you will benefit.

And thank you in advance for helping us face this new wave!

—Thank you!  
Dominique

## What a Month We're Having...

By Gal Friday

Hi, dearie. Gal Friday reporting in from the trenches at **CLIX photographs & savables**. Now that we've recovered from the winter blahs, we are soooo busy and I'm too pooped to pop, so I took the easy route. I copied a page from my diary and thought it could bring you up to date. Questions? Details? Appointments? You know the drill... Call **CLIX**.

Dear Diary,  
O! What a month I'm having. When **CLIX** starts buzzin', I know something is gonna happen and I know that it will be very busy and very fun. Here's what I mean:

Let's start with the **sale**. Yep, it's that time of year again; **albums and frames at 20% off, April 7 to 19**. The shelves are bursting with lots of newly-designed frames and handmade albums. Styles from sleek to shabby chic, formal business to homey den, and funky to fabulous are everywhere. **CLIX** is even including album refills, scrapbook pages and page protectors. This always draws a crowd because everyone wants to stock up for their home photo projects.

And then there's the **Spring Floral Portrait Session**: Friday and Saturday,

This fresh idea is a money saver too, because families save **\$35 off** their session and/or **\$15 off** children's. It's a full regular session, but the studio will be lavishly decked out in luxurious spring flowers and foliage; perfect scene for dreamy little kids, a joyful family or a romantic couple. It's a very special setup that we'll only do for these unique portraits.

**Senior Portrait Special:** This time of year, we get a lot of high school students at **CLIX** all nervous about getting their portraits done before the end of the year. We saw it coming and set aside a special time just for them and it's a sale—**\$50 off** their session fee from **April 14 to 23**. This way, they'll get their photos in time for the graduation parties and save some cash.

Well, diary, that's it for now. Peace to us all.  
—Gal Friday

Pew. I told you **CLIX** was brewing up some amazing events. Mark your calendars right this minute. Or check out the details at [www.clixvilleusa.com](http://www.clixvilleusa.com). Or call for your appointment. Or just get over here. We can't wait to see you.

Well, dearie, that's it for now. Ed's in the market for some new lawn ornaments, and you know I can't let him do that alone. See you at **CLIX**.

The 2003 program schedule for the Women's Club of Inverness began on Feb. 13 with a "Chef's Luncheon" at the Stonegate Conference Center in Hoffman Estates. Chef Dan Schimka shared some of his cooking secrets as he prepared a scrumptious lunch that was shared by all. There were 66 ladies in attendance. Recipes were handed out at the end of the meal.

Though we still have some cold days ahead, we can still benefit from tips for our garden in preparation for spring from internationally respected nurseryman Roy Klehm of Song Sparrow Perennial Farm. A discussion on what perennials he feels are most successful in this area was held

Come and enjoy a cooking lesson and tasting at the American Harvest Cooking School in downtown Barrington. David Koelling, former chef and owner of the Greenery and Biloxi Grill, will host this event. The charge for the function is \$22, which will include wine. Starting time is 11:30 a.m., Tuesday, April 8. For reservations and further information, call 1-847-382-5324.

The Welcome Wagon Club of Barrington also offers book discussion groups; bowling events; couples dining out events; lunch events; mah-jongg, bridge, golf and garden clubs; and so much more.

fer a portrayal of Frank Lloyd Wright by a professional actor. Frank Lloyd Wright was an interesting man who certainly has left a lasting legacy in the Chicago area.

So remember to leave the second Tuesday of the month free to be with your Welcome Wagon friends! Membership in the club is \$25 per year, but all are welcome to attend any and all programs at no charge prior to joining (unless noted). Call Marie at 1-847-381-6815 for membership information. Ladies in all surrounding communities are welcome. You do not have to be a resident of Barrington to attend these activities. We welcome new faces!

## Protect Yourself from the Enemy

**Estetica Advanced Clinical Skin Care** is dedicated to combating the enemy. We are very excited about some new products available to win the battle!

Who is this enemy? THE SUN! The sun is the enemy because it causes permanent damage to our skin. Believe it or not, there is no such thing as a safe and healthy tan. A tan is a sign of injury. It is the body's attempt to increase sun protection after the skin is already permanently damaged by an overdose of ultraviolet radiation. Eighty percent of the visible signs of aging are due to sun exposure. That means all sun exposure, not just tanning, because radiation is cumulative. Walking to the mailbox, getting in your car or sitting by the window can put you at risk for sun damage. Unprotected exposure to the sun is like sitting in an aging machine on fast-forward.

Fortunately, **Estetica** has researched and has available a new line of full-spectrum protection sunscreens that provide optimal coverage from the sun. Why is this so exciting? Most sunscreens available on the market today have an adequate SPF (or sun protection factor). However, this is not enough. SPF only addresses one

specific wavelength of harmful ultraviolet light. Ultraviolet light is the cause of early redness experienced during initial sun exposure. However, the other harmful wavelength from the sun, known as UVA, is the most damaging. UVA is responsible for skin tanning and pigmentation changes as well as long-term damage caused by the sun. UVA radiation is consistently the same, all day, all month and all year long, unlike UVB, which is strongest from 10 a.m. to 4 p.m. This means we must wear adequate daily protection all year round in order to protect our skin from damage.

Our new product, Total Block, provides protection against both UVB and UVA. Total Block is unique, offering full-spectrum protection, and it provides the most complete coverage against ultraviolet light. It is an excellent choice for those concerned about damaging effects from the sun. No other sunscreen compares to Total Block's protective capability. It is an everyday necessity, not just a summer beach product.

Begin protecting your skin today with Total Block by visiting or calling **Estetica** for more information—**1-847-438-2100**.

## The Legal Advocacy Fund in Action: A Personal Account

On Monday, April 21, at 7:00 p.m. at the Barrington Library, Susan Whittaker will give her personal experience of challenging discrimination in education at the meeting of the Barrington Area American Association of University Women. The public is welcome. There is no fee to attend the meetings.

Susan Whittaker, a former janitor at Northern Illinois University, sued the university for a hostile work environment and sexual harassment in 2000. She lost her job when she took a leave of absence. Ms. Whittaker received funds from the AAUW's Legal Advocacy Fund that was established in 1982 to provide money to support women who challenge discrimination in higher education through the courts.

On April 22, the evening book group will compare and contrast two books, *Girl with a Pearl Earring* by Tracy Chevalier and *Girl in Hyacinth Blue* by Susan Vreeland. The book discussion will be held at

7:30 p.m. in a member's home.

There is also a luncheon bridge group that rotates monthly playing among player's homes. There are two tables, and everyone brings their own lunch. The hostess provides beverages, salad and desserts. Cost is \$2.

On April 9, the luncheon book group will discuss *A Painted House* by John Grisham. Meetings are held at Bronco Jacks Restaurant in Barrington from noon to 2 p.m.

AAUW is a national organization committed to educational equity for women and girls, lifelong education and positive societal change. The Barrington Area Branch sponsors monthly programs, hosts social activities and is active in the Barrington community. Membership is open to anyone with a baccalaureate or higher degree from an accredited college or university. For further information, call 1-847-381-3315.

## Hypnosis

by Martin A. Nathan, M.A., L.C.P.C.

Hypnosis is being used more than ever for treatment of a variety of issues. These include nicotine addiction, eating disorders, nail biting, anxiety and panic attacks, weight loss, depression, anger, pain, and sleep disorders. It is particularly helpful with stopping smoking.

I'm a licensed clinical professional counselor and have been in private practice for over 28 years. I see couples for marriage and relationship counseling, and individuals for a variety of issues. I am certified in the use of clinical hypnosis and have been using it in my practice for the past 27 years.

I use hypnosis most often with individuals in order to quickly change habit and behavior patterns that the client considers undesirable. Using hypnosis helps the changes to take place in a much shorter

period of time than traditional counseling alone. The combination of short-term counseling with hypnosis saves both time and money.

If you think that you have an issue that may be treated by hypnotherapy, call and discuss your issue or issues with me. You will learn the approximate number of sessions, the cost per session and whether or not it's for you.

I am also a certified meditation instructor and teach six-week "Introduction to Meditation" classes on a regular basis. Meditation helps you to respond better to stressful situations, lowers blood pressure and generally makes you feel better. If you are interested in learning how to meditate or wish to restart your meditation practice, please call **1-847-934-6555** for information.

## The One-Person 401(k) Plan—A Good Choice for Today's Self-Employed Person

If you currently do not have any employees, then you may wish to consider establishing a one-person 401(k) plan for your business. Debbie Schoendorf, CFP®, a financial consultant with **Smith Barney** in Barrington, explains that as a small-business owner, you can now enjoy the same benefits 401(k) retirement plans are currently providing millions of other Americans.

If saving as much as you can for retirement is a prime concern, a one-person 401(k) would probably be an appropriate choice for you. With a one-person 401(k), you are permitted to make profit-sharing contributions up to 25 percent of your compensation, subject to a \$200,000 compensation cap in 2003. Plus, you may make an additional \$12,000 salary-deferred contribution. If you are over age 50, that amount increases to \$14,000. The combination of profit-sharing and salary-deferral contributions may not exceed \$40,000. For many business owners, a 401(k) allows for larger annual contribu-

tions than other retirement plans, including SEP IRAs, simple IRAs and Keoghs.

**The Smith Barney One-Person 401(k) Plan** makes saving for retirement easy. Our plan is fully self-directed, allowing for a wide range of investment opportunities including stocks, bonds and mutual funds. It provides a loan provision and allows you to transfer other retirement accounts, including Keoghs, SEP IRAs and traditional IRAs (excluding after-tax balances) into your Smith Barney One-Person 401(k) account.

A good place to start is with our publication, *The One-Person 401(k) Plan*. Please call **1-847-304-3530** for your complimentary copy, which contains information helpful for understanding the options the plan can offer you.

**Smith Barney** does not provide tax or legal advice. Please consult your tax and/or legal advisor for such guidance.

## New Weight Loss Program Shows Dramatic Results

Dr. Barry Berger, a Board Certified Internist practicing in Lake Zurich for the past 12 years, introduces a new weight loss program. ## Barrington Safety Town Includes Ident-A-Kid

The Barrington Junior Women's Club announces the registration for the 2002 Safety Town Program for campers and volunteers on Saturday, April 5, 2003, between the hours of 8:30 and 11:00 a.m. at Health World, 1301 South Grove in Barrington.

The Safety Town sessions are offered for June 16 to 27 and July 7 to 18. During the two-week sessions, children attend classes Monday through Friday for two hours each day at Health World in Barrington. Three class times are offered during each session: 8:30 to 10:30 a.m., 11:15 a.m. to 1:15 p.m., and 2:15 to 4:15 p.m.

Children entering kindergarten or children entering first grade in school district 220 who have not previously participated are eligible to register. The Safety Town enrollment fee for campers is \$65. Scholarships are available based on financial need. Current sixth-, seventh- and eighth-grade students may register as volunteers to the program. There is no fee for volunteers.

Safety Town is an educational summer program sponsored by Barrington Junior Women's Club. During a two-week Safety Town session, a variety of important safety lessons are taught through actual participation and demonstrations including fire, bicycle and playground safety and the dangers of strangers, poison and electricity. Children also review their address and phone numbers.

An integral part of the program is the Safety Town permanent site at Health World built in 1997 through community support. This miniature town allows children hands-on experience using safety information taught in the curriculum. Movies, songs, poems, art and field trips to the Barrington Police Department, the fire de-

partment and a local park are also included to help children enjoy and understand the important lessons.

On a daily basis, the campers are separated into small groups where current sixth-, seventh- and eighth-graders assist with the presentation of safety material and, with the instruction of the adult director and assistant directors, lead the campers in hands-on exercises. It is in the small group where campers make friends and volunteers can make a difference. Eligible students willing to volunteer are encouraged to register on April 5.

This year, Ident-A-Kid will provide parents with laminated, photo identification cards complete with child's name, fingerprints, date of birth, height, weight, color of hair and eyes, as well as the parents' name and address. Ident-A-Kid will be a visitor at Safety Town to photograph, fingerprint, weigh and measure the children on the first Wednesday of each session. Parents can choose to allow their child to participate in the program. There will be no fee for participating.

Mail-in registration is available for in-district families unable to attend walk-in registration and for out-of-district families. All mailed registrations will be processed on a first-come/first-served basis after the walk-in registration day. Applications are available at the Barrington Area Library and at the Barrington Park District. Applications must be signed. A check for \$65 made payable to BJWC must accompany the application. Applications can be sent to: BJWC Safety Town, P.O. Box 803, Barrington, IL, 60011.

All questions about Safety Town and registration should be directed to the Barrington Junior Women's Club Safety Town Program at 1-847-622-3838.

(From left) Kirk and Linzi McConnell, Kyle and Katie Schumacher—Katie Schumacher is president of the Hawthorn Woods Women's Club.

The snow gently fell outside while the guests enjoyed roaring fires and excellent food at the Hawthorn Woods Women's Club Winter Charity Ball.

The ball took place at the beautiful Wynstone Golf Club of North Barrington on Saturday, Jan. 25, 2003. Several prizes, silent and live auctions were very successful, raising over \$6,000 for one of the Hawthorn Woods Women's Club's supported charities, A Safe Place.

The evening included a premium open

bar, hors d'oeuvres and a delicious dinner, followed by dancing to the Steve Edwards Orchestra. This popular 12-member Chicago orchestra was asked to return for the third year in a row. Their wonderful array of dance music as well as the great company of the attendees made this night especially enjoyable and memorable.

# Specializing in 19th Century French Antique Furniture and Décor, *LA MAISON FRANCAISE* will Open in Barrington on April 22

Nadine Rusch, owner, recently found the perfect, easily-accessible location in downtown Barrington—The Market Place (formerly located at the Siegle's Building) at 200 North Hough Street, Unit 26. With plenty of parking and a double-door entrance, the store's hours will be Tuesday through Friday, 10 a.m. to 5 p.m., and Saturday, 10 a.m. to 2 p.m.

Nadine was born and raised in Lyon, France. She worked in her youth as a real estate broker and was involved in decorating the homes she sold. She then married an American businessman and has lived in Barrington since 1989. Since her family lives in France, she travels there throughout the year.

Today, she would like to give every home in the area the chance to acquire a piece of furniture or a unique decorative item, full of memories of a bygone era. Her wish is to put a smile on your face every time you look at these exquisite antiques, carefully chosen by her from the French countryside. All the pieces are one-of-a-kind.

Nadine benefits of the expertise of her friend, Jean-Yves Buhard, antique dealer for 35 years. With a shop in Lyon, Mr. Buhard specializes in 18th and 19th century furniture. He saved a Fresque by Cocteau that was going to be destroyed. (This fresque later traveled around the world.) He was involved in furnishing the famous restaurant Paul Bocuse and The Wine Museum Duboeuf in the Beaujolais.

## FRESQUE COCTEAU JEAN-YVES BUHARD:

Antiquaire à Lyon, Jean-Yves Buhard apprend par un ami et amateur d'art, Christian Poutier, l'existence de la fresque de Jean Cocteau et le déménagement prochain de Jean-Denis Maillart de son atelier.

Ils persuadent alors le peintre, de sauver la fresque et de la leur vendre. Les risques courus étaient grands: investissement financier plus important que prévu, destruction d'une oeuvre unique, destruction pour le peintre, d'un souvenir.

Aujourd'hui, Jean-Yves Buhard respire: la fresque est déposée, sauvée, elle sera mise en vente et exposée à la Cité des Antiquaires, au mois d'Octobre et tous pourront en profiter...

Photo de M. Jean-Yves Buhard et de M. Christian Poutier avec le peintre à son domicile.

C'est l'atelier Olivier Nouailles (chef du Département peinture, à l'Institut Français de Restauration des Oeuvres d'Art) qui a assuré le dépôt et la remise sur un autre support de la fresque de Jean Cocteau, au terme d'un long et difficile travail technique.

Bertrand le Dantec et Riccardo Quiroga ont collaboré à cette dépôse avec Olivier Nouailles.

Nadine Rusch  
*La Maison Francaise*

He also furnished a castle in the Alps and many other famous restaurants in Lyon.

Nadine and Mr. Buhard go to what they call *deballage marchands*—all over the French countryside—together. And with his expertise and her flair, she always returns to America with items that please every taste.

When the shipments for **La Maison Francaise** arrive, starting in April, they will contain a variety of wonderful antique, architectural items, such as:

- Louis XIV and Louis XV doors that could be used for a closet
- A handmade, wrought-iron fence dating from the late 1800s, found in the garden of a church in a Beaujolais village
- A bench from a church
- A bench from a 1920s movie theatre
- A console table, Louis XV-style 1890s, with a patina applied the old-fashioned way
- A wrought-iron wine rack from the late 1800s

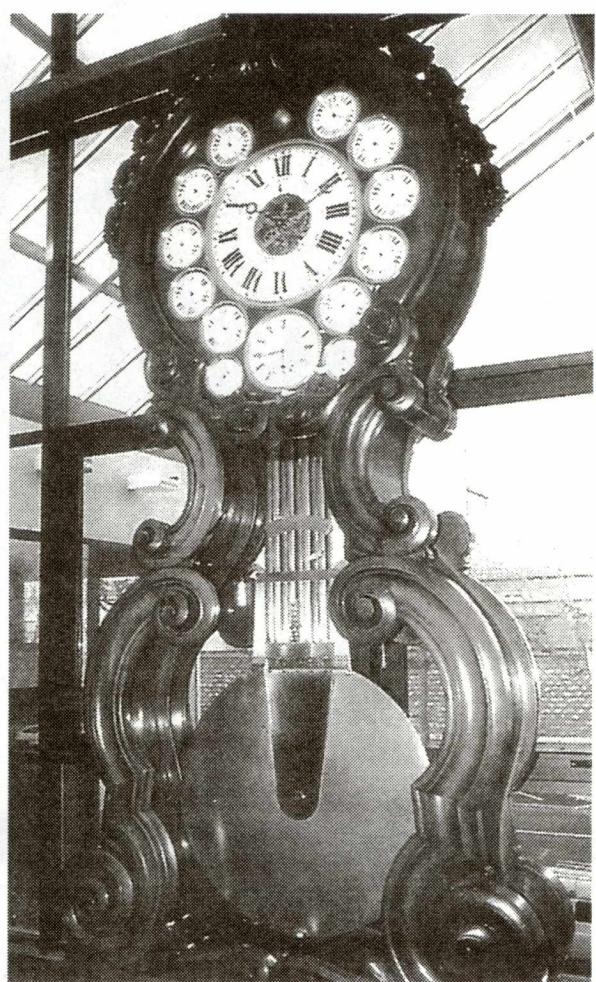

All this as well as tables, side tables, coffee tables, corner cupboards, coat and hat racks, and much more! Future shipments will include wrought-iron tables and accessories. Nadine is also able to special order Louis Philippe furniture at a very low price. **La Maison Francaise** also carries a book of cast-iron items from 1800 to 1904, including sinks, lamps and furnaces. All these items can be reproduced.

Nadine plans to be a direct importer and will strive to keep prices reasonable. Give her a call at **1-847-304-1730** (at the store) or **630-330-3852** (on her cell phone) and share your views on what you're looking for. She is available for appointments too.

When you visit Nadine's **La Maison Francaise**, you'll see the work of Keren Andra, Navarro Twig and a Feather Cie. She specializes in decorative finishes, especially wall sculpting with ground-marble composites. She won two awards at the 2002 Faux Academy of Decorative Finishes in Key West, Fla. Thanks to her, the walls of La Maison Francaise are as beautiful as the furniture.

**From May 1 through 8, purchase any piece of furniture and receive a dinner for two at D & J Bistro. Call 1-847-304-1730 or 630-330-3854 for more information.**

## CURIOSITE L'HORLOGE DE TOUS LES RECORDS

A Voir... et à Vendre

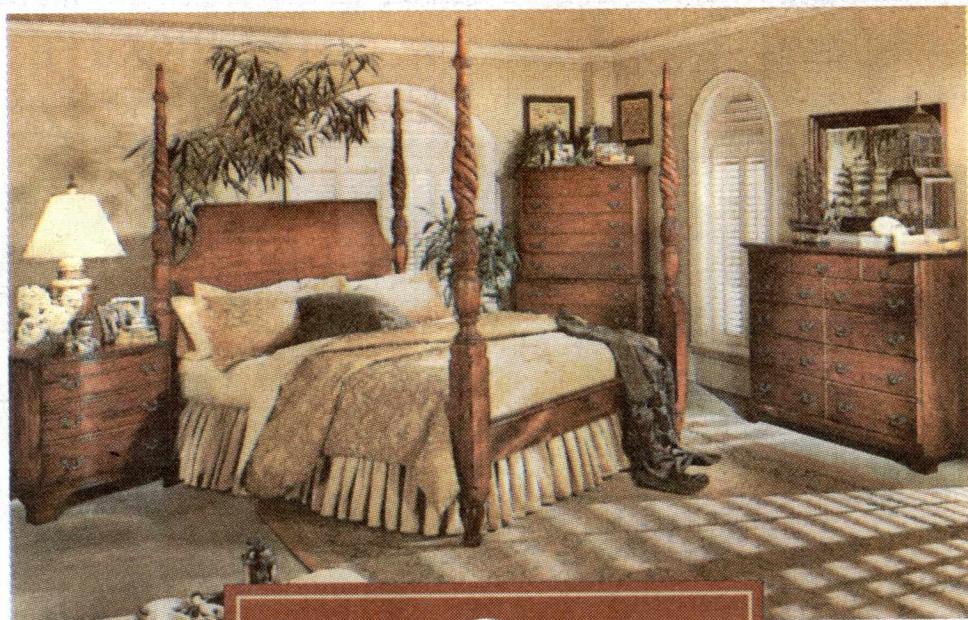

Le grand régulateur est à vendre. Pendant plus de cent vingt ans, les familiers de l'horlogerie Charvet ont admiré la monumentale horloge aux quatorze cadans. Elle se trouve actuellement à la Cité des antiquaires où elle est admirée... et convoitée. Bien qu'un tel chef-d'œuvre n'ait pas de prix, il en coûtera tout de même à l'acquéreur douze à quatorze millions de centimes.

## The Garlands of Barrington Hosts Senior Artist Network Art Exhibit

**The Garlands of Barrington**, 1000 Garlands Lane, Barrington, and the Barrington Area Arts Council will proudly host the **2003 Senior Artist Network Members' Art Exhibition**, beginning Sunday, April 6.

An art opening and reception that is free and open to the public will be held at The Gallery at The Garlands, which is adjacent to the Garlands Center for the Performing Arts, from 1:00 until 3:00 p.m. on Sunday, April 6.

"BAAC is honored to host this remarkable exhibit of 75 artists," stated Corinne Pierog, executive director of BAAC. "It is the first time that Senior Artist Network has presented its membership show in the Northwest Suburbs. It is a great honor for Barrington and a testimony to the beautiful gallery space at The Garlands."

Evelyn Ecale Schultz and Bruce Peterson, curators of the exhibit, will be on hand on April 6, along some of the noteworthy artists whose works will be on display, including Chicago surrealist oil painter Curt Frankenstein.

April 6 also marks the first of the lavish family **Sunday brunch buffets** that are being offered in the Winslow Dining Room at The Garlands, which is now open to the public. Attendees to the art opening are invited to be among the first Garlands Sunday brunch guests. Brunch will be served from 11:00 a.m. until 2:00 p.m. every Sunday for \$21.95 per adult and \$9.95 for children under age 10 (exclusive of tax and gratuity). Special brunches are planned for Easter and

Mother's Day. Reservations are required for the dining room and can be made by calling **1-847-304-1996**.

Marking its 14th juried art exhibition, the artists of the Senior Artist Network, in partnership with the Barrington Area Arts Council and the Garlands, will present more than 70 works of professional and amateur art. These will include paintings, photographs, drawings, prints, fiber art, sculpture and mixed media. The works will range from abstraction to representation, city scenes, portraits, architectural studies, landscapes and fantasy.

The Senior Artist Network is a not-for-profit organization committed to addressing the needs and concerns of artists' ages 50 and older throughout the Chicago metropolitan area. The exhibition gallery is one of many important links between The Garlands and the greater Barrington and Northwest Suburban communities.

In addition to the art exhibits at The Gallery at The Garlands that change on a regular basis, The Garlands features an extensive private art collection of contemporary and period pieces that center on the arts-and-crafts movement's themes of craftsmanship, quality of life and beauty. The permanent art collection along with the rotating exhibits in The Gallery are a part of The Garlands' commitment to enhancing the quality of life for its members and the residents of the greater Barrington community.

The Garlands, located near the heart of Barrington, is a unique community for people 55 and older, offering residents an

## The Garlands' Dining Room Now Open to the Public

**The Winslow Dining Room at The Garlands of Barrington**, 1000 Garlands Lane, Barrington, is now open to the public. The restaurant has received rave reviews from members as well as guests. It is a welcome addition to the eating establishments that currently serve the Northwest Suburbs.

Executive chef Rick Rizner, formerly of The University Club of Chicago, heads up the fine culinary staff that prides itself in serving a diverse selection of artistically presented gourmet food. Rizner has designed a menu that brings the finest of urban private club dining to the suburban clientele that he now serves. He uses only the freshest ingredients and believes that providing diners with ample choice is the key to satisfaction. Selections, preparations and presentations are all artfully orchestrated.

Kenneth E. Hurd & Associates Inc., Boston, Mass., known for its interior architectural work on hotels, including New York's Waldorf Astoria, planned the Winslow Dining Room. Designs for the furnishing were borrowed from the arts and crafts movement, the theme for the interior design throughout The Garlands.

"We wanted to establish a sense of home and comfortable elegance throughout the restaurant," said Hurd. "Here, a commitment to beautiful architecture, fine and decorative art and high-quality fur-

nishings add a simple grace and elegance to everyday life to complement the cuisine and service."

The casual American food menu designed by chef Rizner defies the notion of what is typically thought of as retirement community dining. The Garlands offers its clientele a refreshing fine dining experience that blends the highest standards of city dining with a comfortable suburban setting. Some of the items on the lunch menu include lobster crab cake with winter greens, served with tossed black bean and corn relish and chipotle aioli; grilled chicken chimichurri served on focaccia bread with sun-dried tomato pesto; and rigatoni and garlic chicken with ricotta salata tossed with roasted plum tomato sauce.

Dinner features homemade soup; The Garlands' Signature Salad, made with field greens and romaine lettuce tossed with aged balsamic dressing, red onion, plum tomato, green and calamata olives, herb marinated artichoke hearts, feta and blue cheese; smothered pork tenderloin served with caramelized onions and apples with cider sauce; miso glazed salmon, accompanied by buckwheat noodles and carrot-ginger jus; and black bean ravioli with garlic marinated chicken served with spinach and ricotta cheese with a light ragu sauce. Many of the dishes are heart healthy, and seasonal specials are always added to the

## Woodstock Early Learning Center Opens Second Daycare in Belvidere By Don Peasley

**Woodstock Early Learning Center** has assumed operation of an early learning center in Belvidere. Mona Arend, director of the **Woodstock Early Learning Center**, is now directing the center.

Arend plans to add infant and toddler care starting May 1 and will continue accepting children ages 3 through 5, including kindergarten.

Arend and other staff members met with parents of children in that program to discuss plans to expand the existing daycare center. Teachers will continue under her management.

The YMCA decided to close the center, which has 44 children, ages 2 through 6. It has been operated by the YMCA in Boone County for the past 30 years.

The facility is in the former Logan School. It has six rooms and is licensed by DCFS to care for up to 103 children. The available facilities include 11,000 square feet in six classrooms, a gymnasium and a 17,000-square-foot playground.

Since 1994, Arend has directed the **Woodstock Early Learning Center**. At that time, the center had 60 children. Today, it has 192, including full- and part-time students.

**Woodstock Early Learning Center** has expanded twice in the past eight years to meet the growing demand.

"We learned YMCA decided to close the center and was looking for another Christian not-for-profit organization to take over operation," said Arend.

Arend was joined by other corporate staff members in late January to meet with Lynn Mortensen, Belvidere YMCA director, to learn more about the center and look over the facilities.

Staff and Children from the Woodstock Early Learning Center

Children from the Woodstock Early Learning Center

Arend said infant and toddler teachers will be trained with time spent at the **Woodstock Early Learning Center** before May 1. Arend will be the area director but will hire a full-time site director at the Belvidere facility.

The YMCA is agreeable to making available existing equipment. Arend said with an expenditure of less than \$30,000, she expects to update equipment and furnishings, accomplish some room decorations and add the infant room and toddler rooms.

Evaluating the need for this early learning center, Arend cited these reasons for the center to assume management:

- Belvidere's working families, especially single-parent households, need choices in childcare near where they live and work. There is one other fully licensed daycare facility in Boone County, and it has no additional openings for children.
- No facility in the area offers care for infants and very young toddlers.
- A licensed facility is accountable in meeting professional standards.
- A loving, safe environment for children helps them develop social skills, satisfy intellectual curiosity and learn valuable life disciplines.

Arend said the Boone County area is growing rapidly, up to five percent increase in population per year. Over 5 percent of the county's residents are under 5 years of age, making Boone County the sixth youngest among Illinois' 102 counties.

"Despite the population increase, the number of licensed professional daycare facilities has not increased in the past 10 years," said Arend. "More large subdivisions are planned in the future."

## LaRue Does "Dishes"

### New Yorker from Barrington Performs for Woman's Club

Michèle LaRue returns to her native Barrington on April 16 in *Someone Must Wash the Dishes*, a "sidesplitting" antisuffrage monologue penned in 1912.

A professional actress, Mrs. LaRue now makes her home in New Jersey, just across the Hudson from the lights of Broadway in New York City.

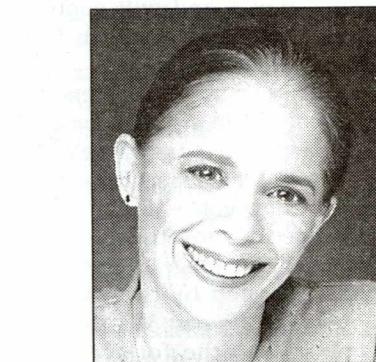

Hosting this production is the Barrington Woman's Club. It's LaRue's second performance for that organization; she has been presented by Barrington Area Arts Council as well.

"I'm very happy to be performing for the Woman's Club," declared LaRue. "It's only fitting, since Richard C. Johnson—"Mr. J"—at Barrington High, started me out in the theatre. His wife, Gladys, is a member of the club, as is my mom, LaVere LaRue."

In New Jersey, Michèle performs often with The East Lynne Company, which uniquely specializes in late 18th and early 19th century American plays. She is a member of the New Jersey Repertory Company. She works frequently in New York City and on the road.

In *Someone Must Wash the Dishes*, LaRue portrays a well-meaning ditz of a lecturer, cheerfully denouncing women who vote. Written by prosuffragist Mary Jenney Howe, the monologue was directed by LaRue's late husband, Warren Kliewer, founder of The East Lynne Company.

*Someone Must Wash the Dishes* was labeled a "wicked" satire in New York City, where LaRue's other roles have included Dinah, a bitter indentured servant in *A New England Legend* (adapted by Estelle Ritchie from Hawthorne's *The Scarlet Letter*); Agatha, the free spirit who propels Jennifer Camp's new *Key West*; and Katherine, who struggles through Robert Anderson's poignant *Silent Night, Lonely Night*. In a January solo performance, the

actress introduced New York audiences to *Places Please, Act One*, Kliewer's "poems around and about theatres."

On April 17 at 6 p.m., LaRue performs both *Someone Must Wash the Dishes* and *Eve's Diary*—adapted by Gayle Stahlhuth from several works by Mark Twain—at Chicago's Newberry Library. (For tickets and reservations, call Amy Martin at 312-255-3700.) She also continues to tour *The Yellow Wallpaper*, which Barrington audiences saw thanks to BAAC. To date she has traveled with *The Yellow Wallpaper*, developed with Kliewer from Charlotte Perkins Gilman's famous horror story of 1890, from Massachusetts to Oklahoma.

Michèle is the daughter of Mervin W. LaRue, Jr., and LaVere LaRue, formerly of North Barrington, now living in Wauconda, Ill. Offstage, she is a theatre editor and writer in New York, her past positions there having included senior editor at *Back Stage*, the performing arts weekly. She belongs to the three major actors' unions—AEA, SAG and AFTRA—and to Drama Desk, an organization of New York theatre critics.

## Language Stars Makes Learning a Game

"**Language Stars** is simply a great program; I have never found anything that works as well for my children. **Language Stars** makes learning a game," says Karen Pritzker, mother of five.

**Language Stars'** unique **FunImmersion™** method turns learning into a game, focusing on a young child's ability to learn a language naturally through fun and engaging activities. Children learn through interactive games, arts and crafts, singing, cooking and more, all presented entirely in the foreign language.

Children have a window of opportunity during which the brain is uniquely suited to absorbing language naturally," explains Karen Gould, **Language Stars'** director of education. "Children have the innate ability to absorb the structures and rules of a language as easily as they learned their first language. They can also pick up a native accent flawlessly."

Children who learn a second language

young also go on to show enhanced problem solving skills, stronger communication skills, and higher standardized SAT test scores.

**Language Stars** offers **FunImmersion™** programs for children ages 1 to 10 in several Chicago and suburban locations, including Barrington and Arlington Hts. In addition to year-round programs for Parents & Tots (12 to 36 months) and Kids Only groups (3 to 5, 5 to 8 and 8 to 10 years), **Language Stars** also offers exciting summer camp options.

"After just one week of **Language Stars** camp, there was an explosion of Spanish in our house!" says Dena, mother of 5-year-old Marlee. "The teachers are all native speakers, and most importantly, my daughter had a ton of fun."

## Dollars and Dentistry— Selecting a Dentist

by James T. Gavrilos, DDS

Dr. James Gavrilos

How can you make the correct choices about the cost of your dental care? With the increased cost of everything else, it is only logical to evaluate your investment in dental health.

Evaluating, or re-evaluating, starts with selecting a dentist. If you know a dental specialist such as an orthodontist or periodontist, ask them to whom they would send their family for dental care. This should be very reliable.

If you are evaluating a dental office on your own, consider the following things during your initial visit:

- Are the employees mature and professional?
- Does the office appear clean and orderly?
- Were you asked to fill out an extensive medical and dental questionnaire?
- Is sufficient time allowed for a careful evaluation of that medical and dental history?
- Does your initial examination include measurements of the crevice, or "pocket," around each tooth (approximately 100 measurements)?
- Do the dentist and hygienist then

spend adequate time with you finding out your dental goals and your level of knowledge about preventive dentistry?

• After this careful evaluation, is a comprehensive treatment plan presented to help you achieve a high standard of oral health?

Dentists who follow the above procedures care about their patients. Their treatment and preventive education helps these patients keep their teeth all of their lives. There are no shortcuts, so choose your dentist carefully.

## Managing ADD Through Nutrition

When most of us hear the words "allergic reaction," we immediately think of the classic symptoms like hives and asthma. And when we hear the term "allergies," we conjure up the image of red, itchy eyes and a runny nose, typical reactions to hay fever and pet allergies.

But it is important to realize that between these two extremes, there exist many other forms of allergies and food sensitivities. Unfortunately, many people aren't aware of what to look for, so these allergies go undetected. Undetected allergies can be responsible for far more than itchy eyes; they can be the cause of chronic illness, aggressiveness, lack of concentration, depression and hyperactivity. Many people suffer from an inability to concentrate or a lack of alertness and feel that there is nothing they can do about it. But that simply isn't true. That feeling of "spaciness" could be an allergy.

## Aesthetic Breast Surgery

In March, **Gregory M. Bazell, MD**, of the **Aesthetic Plastic Surgery Center of Barrington** was featured in the regional *Daily Herald* newspaper column "My Toughest Case."

Dr. Bazell presented a case of a woman with severe rippling after breast augmentation by another surgeon.

"It was the most severe case of rippling I have seen," says Dr. Bazell. He safely corrected this patient's rippling by replacing and better positioning the implants and removing scar tissue, yet preserving the initial large volume the patient wanted to maintain.

Complications with breast augmentation, such as the case above, are rare. The three forms of aesthetic breast surgery: breast augmentation, breast lift, and male and female breast reduction, combined represent more than 300,000 of the 1.9 million aesthetic plastic surgery procedures in 2001, as reported by the American Society of Plastic Surgeons. Breast augmentation, enlarging breast size and volume through the surgical placement of implants, was the leading reported procedure and a popular procedure among Dr. Greg Bazell's patient population as well.

"Breast augmentation provides women an opportunity to safely enhance a central feature of their body to fulfill a most personal desire. I fully discuss patient goals during comprehensive consultations regarding breast surgery and allow these goals to guide me in implant selection so that a more proportionate shape and natural appearance can be achieved," says Dr. Bazell.

Dr. Bazell states that breast surgery is about fulfilling what the patient wants.

"I offer an incision approach and implant location based upon that woman's goals and desires," he said.

In addition, breast surgery:

• is an outpatient procedure performed in our accredited surgical facility;

It is also important to realize that certain food sensitivities and allergic responses can seriously exacerbate many of the symptoms of ADD and AD/HD. The good news is, it's easier than you think to make the changes necessary to feel healthy and happy again. There are certain foods, additives and pesticides that are known ADD aggravators and can be easily eliminated from your diet.

You do not have to live your life feeling powerless and frustrated. There is help! Come to **All Ways Healthy's** free seminar, "**Managing ADD Through Nutrition**," at 7 p.m. on **Tuesday, April 22**, in our Lake Zurich store, 123 S. Rand Rd. Or join us at 7 p.m. on **April 30** at our Cary location, 9 Jandus Rd. Owner and certified nutritionist Carole Childers, LNC, will give both seminars. Please call **1-847-438-9200** to reserve your spot as seating is limited.

- involves no drains or complicated dressings;

- allows patients to shower the next day and resume light, daily activity in two-to-three days;

- requires only moderate pain control for most patients;

- creates a soft, natural look and feel, bringing balanced proportion between the upper and lower body.

Whatever your goals for breast surgery, Dr. Bazell's approach is one of education and comprehensive consultation to best understand and meet your objectives in a comfortable, private and nonpressured environment.

"Breast surgery is not for women alone," adds Dr. Bazell. "While the technique for male breast reduction is commonly achieved through liposuction, the goals are the same: to achieve better harmony, symmetry and proportion in the human form."

**Gregory M. Bazell, MD**, is committed to comprehensive patient education to assist you in making informed, confident decisions. A natural appearance, safety, comfort and your satisfaction are Dr. Bazell's foremost goals. Having passed a series of rigorous and nationally recognized standards for the provision of quality health care, our Barrington facility, including **The Aesthetic Plastic Surgery Center of Barrington, Dermatology Physicians and Surgeons, Ltd.**, and **Versa**, has received accreditation from the Accreditation Association for Ambulatory Health Care, Inc.

## Quest Academy Open House, Saturday, April 12

**Quest Academy**, an independent day school for gifted and talented children preschool through eighth grade, provides its youngest students with a developmentally-appropriate program, a nurturing staff, and a stimulating environment that is physically and emotionally safe.

In serving the needs of gifted children, **Quest Academy** goes beyond other preschools by allowing the children to progress at their own, often accelerated, rates of learning; recognizing and accommodating the discrepancy between a gifted child's intellectual and social-emotional development; providing an appropriately-differentiated curriculum designed to address the needs of gifted children and their unique characteristics, abilities and interests; and providing a peer group of children with similar interests, skills and intellectual capabilities.

**Quest Academy's** preschool curriculum was designed to provide a climate that fosters exploration, discovery and social interaction. Our Preschool Program teaches academic readiness skills associated with the humanities, sciences and fine arts; provides a highly-professional staff and creative, challenging materials; and offers developmentally-appropriate instruction in reading and math to those org.

children who show interest.

Clearly, any curriculum is only as good as the teachers who deliver it. **Quest Academy's** strength lies in its enthusiastic, dedicated and highly-qualified faculty. Mrs. Rupa Khanna leads the Preschool Program. She holds bachelor's degrees in education and psychology from Loreto College and a master's in early childhood education from Northern Illinois University. Mrs. Khanna brings to her classroom 22 years of experience as both preschool teacher and trainer of other preschool teachers and a warm, nurturing demeanor.

Our Preschool Program is composed of 18 children, Mrs. Khanna and two teaching assistants. Preschool meets 8:30 a.m. to 12:30 p.m., Monday through Friday. Criteria for admission to our Early Learning Program include an application, a parent questionnaire, teacher recommendation and administration of a brief screening.

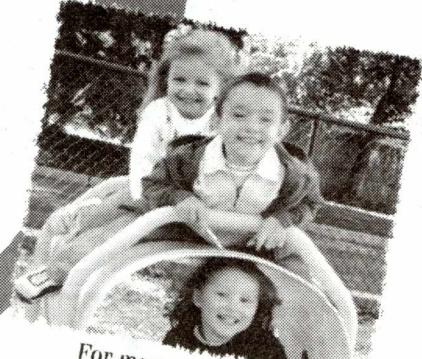

**Quest Academy** is now enrolling for fall 2003. Please visit our Preschool Open House on Saturday, April 12, from 10 a.m. to noon at 500 North Benton, Palatine. ## Parents: Are You and Your Teen Ready for College?

Beginning a life away at college requires skills such as self-care, study skills, peer relationships, initiative, responsibility and having fun. Many teens have acquired these skills by the time they leave home, and parents feel comfortable even though they will miss their child. For some, these skills have not been acquired, causing worry for parents and anxiety for students.

When unprepared teens go to college, they can feel isolated and alone if they do not know how to create a social life or balance between social and academic responsibilities. Often, children leave home not having learned to negotiate the world or to be adults. Teens can feel guilty

about leaving their parents and siblings, anxious about how they will take care of themselves, or become depressed as they struggle to separate and become independent. Sometimes, they worry about how to live up to their parents' expectations. These concerns all leave the new college student feeling uncertain, isolated and not knowing whom to turn to for assistance.

Dr. Barbara Grace coaches teens and their parents as they negotiate this important life transition. If you or your teen could benefit from short-term coaching around these issues, please call **The Grace Center** at **1-847-382-3232** and ask about our services.

# BEAUTIFUL HOMES & GARDENS

## Special Seasonal Section

### Security and Beauty with Outdoor Lighting

A home's landscaping is, if done well, its crowning glory. Tastefully executed landscaping can make even the plainest house look appealing, just as poor landscaping can ruin the appearance of a mansion. Consequently, every year Americans spend millions of dollars installing, enhancing and maintaining both residential and commercial landscapes. The shame of it, though, is that every night when the sun dips below the horizon all of that expensive landscaping is virtually invisible for 10 or 12 hours.

Rudy Kruse, president of **CFC Nite Lites**, has set out to change that by installing landscape lighting which accents elements to which your eye is naturally drawn during the day—flowering trees, artwork, building features and so forth, using a wide variety of techniques includ-

ing uplighting, crosslighting, moonlighting and pathlighting.

"There are three main purposes for outdoor and landscape lighting," Kruse explains. "The lights offer added home security. They also offer safety around steps and other potential hazards. And, of course, there are the aesthetic considerations. In fact lighting actually makes a yard appear larger than it is and there is also the opportunity to light up special characteristics of the house itself like special brickwork, cornices and fireplaces."

**CFC Nite Lites** services all types of outdoor lighting systems.

### An Exciting Home Addition

In addition to providing custom room additions with bathrooms, kitchens and fireplaces, **Armcor Design and Build** is your local store for **Four Seasons Sunrooms**, the nation's largest manufacturer of sunrooms for residential and commercial use.

Each **Four Seasons Sunrooms'** product is meticulously designed and crafted to be a practical, beautiful, and exciting addition that will bring a new dimension of space, light and warmth to what might otherwise be an ordinary room, whatever the season or location of your home.

**Armcor Design & Build** craftsmanship and quality products are also an excellent investment and can add real value to your home. Often, much of your investment in a **Four Seasons**' sunroom can be recovered when you sell your home.

Glass room additions create views of the sun and sky and add extra year-round living space with possibly little or no alterations. New MC<sup>2</sup> glass, with a Lifetime Warranty and specially designed to keep summer heat out and winter heat in, is one key to **Four Seasons Sunrooms'** success—especially in our Chicagoland climate.

Many patented features are available exclusively from **Four Seasons Sunrooms**,

and all products are designed to meet or exceed building code structural requirements and have successfully withstood more than 200,000 installations.

**Armcor Design & Build** will provide you with a complete "turn key" room addition project or you can build it yourself. Every **Four Seasons**' sunroom is virtually maintenance-free, weather-tight and comes with a lifetime limited warranty on MC<sup>2</sup> glass, five year warranty on parts and labor. There are numerous options, both wood and aluminum systems, and a wide variety of models and sizes.

## REMODELING 2003

"Our kitchen isn't that old but it's just not working for us. The island counter is too small and I absolutely hate seeing the side of our big refrigerator from the front hall." These were the thoughts Kathy Civik expressed to **Barrington Kitchen & Bath Studio's** designer Kaye Hathaway at their first meeting. Kathy and her husband Ken built their house overlooking Bangs Lake in Wauconda about 15 years ago. "Pickled" finishes and Southwestern colors were the rage then and that's what they put into their house. But, Kathy's taste had changed over the years, and she now wanted a more traditional feeling.

Kaye, who's both a certified kitchen designer and a certified interior designer worked with the Civik's to create the kitchen that Kathy had been dreaming of. Ken and Kathy's original idea was to build an arched opening to enclose their new commercial range. Kaye drew them a sketch of the kitchen with the arch and the couple realized that it ate up a lot of storage space. So instead the range was enclosed by bringing cabinets, one with a pull-out spice rack and another with dividers for baking pans, down to the counter top and building a beaded-board range hood between them. That really set the focal point for the kitchen! The new built-in refrigerator was moved away from the kitchen entry and replaced with glass fronted cabinets. These lighted cabinets provide display space for special china and give visitors an inviting first view of the new kitchen.

The desk area in the original kitchen was much larger than the family needed. Kaye suggested building a walk-in pantry with a curtained glass door to provide storage for bulky items. That left enough room for a smaller desk which was given a furniture look with a carved onlay and special moldings. The island, which had housed the cooktop and a raised seating area, has now become a baking and food prep center. Three specially designed carved posts support the eating bar, which was kept at counter height to provide maximum counter space.

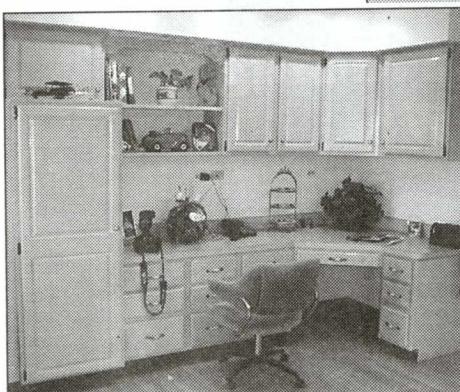

The Civik's chose Crystal cabinets in Antique White with a brown highlight to provide the sophisticated look that Kathy craved. Dark green granite countertops provide contrast. Ken Civik, who is a tile contractor, installed a random-sized ceramic floor with a stone look and a tumbled marble back-

splash. Being in the trades, Ken knew that a professional installation would be critical to the final appearance of their kitchen. He contracted with **Barrington Kitchen & Bath Studio's** sister company **Delta Renovations** to do the installation.

## Manage Your Energy, Not Your Time

Tired of being tired? Wish you had more time? Do you feel that how you spend your time isn't in tune with your priorities?

On a recent *Oprah* show, two gentlemen discussed a book they wrote on how it's about energy management, not time. After all, everyone has the same 24 hours. The authors' feeling was we need to give priority to our physical/mental health in order to maintain optimum energy which, in turn, leads to living a life that focuses on what's important to us.

This can be difficult without accountability and the support of others. That's my goal with the **HealthWatchers Program**. Through discussions like how, what and when we eat, tips on keeping active, the power of water, and supple-

ments, this program gives the boost of support that is key to staying with it. The results are greater energy, a clearer mind and no mood swings or food cravings!

Here's the program:

- Eating in "The Zone"
- Pharmacy-grade supplements
- Living water
- Cardio-walking
- Journaling and support

You start with an initial meeting to explain the program then commit to either in-person group sessions, phone or e-mail contact. Every week, we address a different topic of concern, sharing ideas for healthier living that help us stay on track.

If you really want to make healthy changes, call **Eileen SanFilippo at 1-847-382-4973**. Let's stay healthy together.

## The Art of Landscape Design

*"Every plant has fitness and must be placed in its proper surroundings so as to bring out its full beauty. Therein lies the art of landscaping."*

—Jens Jensen, landscape architect

The Art of Landscaping is how we approach every design we create. While an architect designs buildings and interior spaces, our main concern is forming external spaces and furnishing them with plants, pavings and structures related to outdoor activities. Also, using a landscape architect will save time and money as well as produce a more creative design.

So, why should you consider **SanFilippo Landscape**? Unfortunately, finding a contractor isn't like buying an appliance where you can get a model number, compare prices and find your best price. With landscaping there are a lot of variables and knowing the right questions to ask helps.

**Q: Who does the landscape plan and**

### what does it tell me?

A good landscape plan is the basis for a quality job. An architect or designer can be used. An architect has completed 4-5 years of study involving horticulture, soil, surveying, site plans and construction while a designer may have had a wide range of courses. As to what the plan will tell you, it will indicate plant location, existing and new, plus pedestrian patterns, grading and hardscapes.

### Q: How do you determine what my landscape requirements are?

At an initial meeting with the homeowner, we ask a series of questions involving your lifestyle and needs. Your answers become the direction of the plan and is the first step to creating an outdoor living space that fits your family's needs.

### Q: What's it going to cost?

Cost is determined by your needs and budget. Once those are determined, we draw up a plan. It's important for you to be satisfied with the design at this point.

If you aren't, we will revise the plans until you are satisfied. Once a contract is signed, the plan fee will be deducted from the final bill.

### Q: Where do your plants come from?

All plants are not created equal. We only buy from Northern Illinois/Wisconsin nurseries to ensure a plant that is adapted to our climate. Many lawn and garden centers sell bulk plant materials with undersized root systems to accommodate volume shipping. These same plants often come from the south and are more prone to disease and unable to handle our winters. Another thing to consider is plant size. Professional nursery stock is larger and helps create a more pleasing look during the first season before the plants are established.

### Q: What guarantees do you offer?

Our plant materials carry a guarantee for one full year from date of completion. Exceptions are perennials at 50% guarantee. Hardscape work is guaranteed for 6 years. If the owner elects to enter into

a separate contract for maintenance services, all plant materials, except annuals will be guaranteed for the length of the contract.

### Q: Along with our landscaping, we want a patio... (concrete work, deck, a pool, etc.) would I hire the separate contractors or should you?

As a full service company we feel that having us handle all exterior development results in a better quality job for four reasons: 1) The job is completed faster because we have better control. 2) We supervise subcontractors to follow the intended design and effect of the plan. A superior design has many unique elements and many contractors will take shortcuts if not supervised. 3) We hire subcontractors more often and are able to get better service because of an established relationship. And 4) we've shopped around and work with those businesses that offer quality at a reasonable price.

So, give us a call at **847-381-1611**. What have you got to lose?

**Imagine** having your outdoor spaces designed as beautifully as the inside of your home

### Dumb Money vs. Smart Money

**Dumb money** goes for free design advice from lawn maintenance services and relatives. **Smart money** knows that lifestyle-compatible design concepts of the non-cookie-cutter variety are had from a design professional.

**Dumb money** buys what looks good today, on sale, and often guided by the label or sales clerk. **Smart money** knows labels are often incomplete and misleading; and aims for long-term and low-maintenance color for all the seasons.

**Dumb money** downsizes materials to excess, sacrifices quality, and puts off fundamental problems when the budget is squeezed. **Smart money** takes on one area at a time, does it well, then moves on as budget allows.

**Dumb money** is cutting back, digging out, and replacing what died or overgrew their bounds in just a few years. **Smart money** is lining up the next putt.

## A Leading First Lady Shares Extraordinary Achievements and Inspiration

Please join Hands of Hope with our host Felicia Middlebrooks from WBBM News Radio 780 for an extraordinary luncheon with Mrs. Janet Museveni, the first lady of Uganda.

Mrs. Museveni is the founder of the Uganda Women's Efforts to Save Orphans, a grassroots organization that has successfully mobilized over 20,000 women in Uganda to address the needs of over one million Ugandan orphans, most of whose parents were lost to AIDS. As a champion for the rights of orphaned children in Uganda, she has helped focus international attention on the success of Uganda's AIDS education programs which are largely responsible for the most significant decrease of AIDS of any country on the continent of Africa.

In 2002, Mrs. Museveni was honored in Washington, D.C., as the recipient of the first Global AIDS Leadership Award given by the AIDS Healthcare Foundation.

Michael Weinstein, president, AIDS Healthcare Foundation, said of Mrs. Museveni, "Despite daunting odds, Uganda now stands out as an example of what can be done with few resources and astute and fearless leadership... Her work should serve as a beacon of hope around the world."

You will be inspired by this remarkable first lady's commitment to restore hope in her country against all odds. This rare opportunity to hear one of the most influential women of our day should not be missed!

The luncheon will be held on Wednesday, May 7, at the Donald E. Stephens Convention Center in Rosemont from 11:00 a.m. to 1:30 p.m. Tickets are \$100 per person. Table sponsorship is \$1,000 for a table of 10. (Contributions less the luncheon value of \$20 per person are tax

## Barrington Area Chamber of Commerce Announces New Board and Award Recipients

The Barrington Area Chamber of Commerce held its 34th Annual Installation & Awards Dinner, "Hats Off To Excellence," on Jan. 31 at The Garlands of Barrington.

Highlighting the evening's festivities, President Marshall Reagle, Village of Barrington, installed the 2003 Executive Committee members: Dan Frommeyer, chairman; Joe Connelly, vice chair/treasurer; Chuck Van Fossan, vice chair/membership; and Karen Lambert, secretary/programs.

Carol Thompson, immediate past chairman, was recognized for her efforts and dedication this past year by incoming chairman Dan Frommeyer, who especially applauded Thompson for her leadership and guidance in the formation of the Joint Economic Revitalization Partnership. The members of the partnership include the Village of Barrington, The Our Town Barrington Volunteers and BACC.

Joining the 2003 board of directors is Garo Kholamian, GK Development; Bruce Berlin, The Garlands of Barrington; and Warren Shew, Chessie's Restaurant. It was announced that the 15-member board, representing over 700 members, will adopt as their vision for 2003 "Taking The Lead So Our Members Succeed," which will be reflective in the organizations' Program of Work.

In keeping with tradition since 1975, the Barrington Area Chamber of Commerce bestowed upon a business leader and chamber member the Award of Merit. In 2001, the award was renamed in honor

**Robert Irvin, Barrington village manager, and Jack Schaufer, village trustee, accepting the Carol Beese Award of Merit, given to John Heinz, director of public works, Barrington.**

of Carol Beese, chamber president for over 32 years. This is an award not to be taken lightly nor an award given every year but only in those years when a certain individual stands out because of significant achievement in the community and contribution to the chamber's mission of making this a great place to work and live. This year's hard-working recipient was awarded to John Heinz, public works director of the Village of Barrington. With Heinz's leadership, the crew of public works department always displays a "can do" attitude, regardless of the challenges posed by budget constraints, traffic or weather. Special recognition was given for the award-winning Streetscape Program underway and the "dreamway" bikeway that now connects the high school to Langendorf Park. The chamber is especially grateful to the dedication and pride that goes into the hanging of the beautiful banners that adorn our streets, displaying artfully beautiful Christmas lights furnished by BACC and the holiday children's ornaments, and displaying the weekly banners at the gazebo—just to name a few projects they undertake.

The chamber also recognized an individual who excels in serving the chamber as an Ambassador of Goodwill—Ms. Lesley Cowles, owner of The Balloon Cottage. Cowles justifiably was named the 2003 Ambassador of the Year. Cowles has consistently represented the chamber and the Barrington community favorably and always with an upbeat, positive attitude! She has excelled in recruiting members to the chamber family, assisted in the retention of businesses in Barrington and, most importantly, is a dedicated volunteer who has served admirably not only the Barrington chamber but the Barrington community.

BACC looks forward in 2003 to continue its quest to promote a dynamic business environment for the benefit of a vibrant community with the new leadership of the 2003 board and the input from the diverse membership.

**Carol Thompson, past chairman of the Barrington chamber, accepts a plaque of recognition for her chairmanship in 2002. Presenting the plaque is Daniel T. Frommeyer, the 2003 chairman of the board.**

## Bolon... the New Sisal

Bolon Close Up

Introducing a unique woven floor covering for both interior and exterior applications, both commercial and residential...

...an attractive high-quality sophisticated floor covering for patios, decks, porches, indoor and outdoor locations, restaurants, poolside areas, marinas, boats, athletic clubs, kitchens, baths, children's rooms, and much more.

**Bolon floor covering** is very durable, nonslip and can be cut in any direction without fraying. It is comfortable to walk on, easy to clean (hose and machine washable), dries quickly, does not mildew and is extremely fire resistant. As wall-to-wall covering or loose as a rug/runner, Bolon is woven in a wide variety of patterns and colors, which have a high degree of colorfastness and sunlight resistance.

Do you love the look of sisal but are wary of its wearing too quickly? Do you crave the sophistication of natural fiber carpet in unlikely places like patios, decks or at pool sides? Do you require a safe, easily maintained, durable floor with a high-end appearance?

The search is over. **Bolon**, a woven vinyl floor and wall covering, simulates the look of sisal with the safety and maintenance benefits of synthetic floors. Bolon is perfect for floors. It's a stable, durable floor covering that can be hosed clean outdoors or vacuumed indoors.

Bolon's advantages aren't limited to its refined look, its broad color palette or its durability. It's perfect for use in health clubs and under exercise equipment since its surface grips the foot. It can be cleaned with an antibacterial soap, so it's safe in wet areas or even steam rooms. The product is also "caster proof"—eliminating the need for chair pads—and perfect for show booths, since you can just fold it up and carry it away. Another added benefit, it is better at muffling sounds than many soundproofing materials.

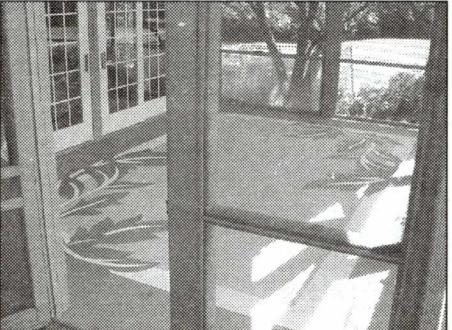

The structure of the product eliminates fraying, so you can cut in any direction and custom design inlays. You can add patterns or borders to increase interest. Corporate logos can be added as loose-laid matting or directly glued.

Here's a screened sunroom in South Barrington (photos at left) where you have the extreme heat and humidity of summer and the bone-chilling freezing weather of winter and everything in between. Bolon is ideal. This design was taken from the **ColorMyRug Design Gallery**.

Be adventurous and create that special Bolon rug that is certain to impress not only your friends and visitors, but you too! You'll be glad you did!

## Peterson Targets Unlicensed Drivers, Aims to Seize Vehicles

Driving without a license and without insurance in Illinois could result in the loss of your vehicle if legislation sponsored by Sen. Bill Peterson becomes law.

Senate Bill 1581 gained approval in the Senate Transportation Committee March 11. A constituent brought the idea to state Sen. Dick Klemm (R-McHenry County) after a local fatal accident involving a motorcyclist and a driver without a license or insurance. Peterson (R-Long Grove) became involved in the issue following Klemm's retirement from the Senate.

"The motorcyclist's widow questioned why Illinois law did not impose stiffer penalties on these drivers. I would have to agree with her. Illinois law does not do enough to keep these illegal drivers off the road," Peterson said. "A slap on the wrist clearly isn't enough. Senate Bill 1581 takes away their ability to drive."

The problem with unlicensed drivers continuing to drive is not specific to Illinois.

According to the AAA Foundation for Traffic Safety, 20 percent of all fatal crashes involve at least one driver who did not have a valid license at the time of the crash. The AAA Foundation study also shows that solutions such as California's impoundment and forfeiture laws are

working to reduce the number of unlicensed drivers on the road.

Senate Bill 1581 takes a similar approach to the California law and builds on current Illinois forfeiture law.

Approved last year, Public Act 92-688 seizes the vehicles of any driver who continues to drive after their license was suspended or revoked for DUI charges, leaving the scene of an accident that involves death or injury, reckless homicide, or refusal to take a DUI test. Current law also impounds the vehicle of any unlicensed driver who is driving uninsured but provides recourse to retrieve the vehicle.

Under Senate Bill 1581, an unlicensed driver would forfeit the vehicle if they drive without insurance and cause death or personal injury.

The vehicle could still be released to the family only if it is the sole source of transportation and loss of the vehicle would cause a hardship. Otherwise, the vehicle would be destroyed, delivered to law enforcement or sold at auction.

Newly-appointed Sen. Pamela Althoff (R-McHenry) is also a sponsor of the bill, which gained unanimous approval in the Senate Transportation Committee. Senate Bill 1581 now awaits consideration by the full state Senate.

## From a Woman's Point of View

by Gail Wickstrom, Wickstrom Ford

With winter on its way out, it's time to think ahead to spring.

If you're planning on any long trips for spring break, keep in mind that your trip might be more comfortable in a 2003 Explorer.

Currently, four-door 2003 Explorers have a finance rate that can't be beat—**zero percent (0 percent) financing over 60 months!** There's no smoke and mirrors on this special. The term of the loan is a firm 60 months effective through April 2.

If that new Explorer isn't on your list, please have a preventative maintenance check completed prior to your spring break trip. A brake check, coolant or power steering flush before your trip can eliminate unwanted vacation surprises.

## Art Associates Host Membership Tea

Do people have to be taught how to express themselves artistically? Is there a difference between folk art and fine art?

On May 1, Nenette Luarca will explore how artists with no formal art training made their mark on the international art scene as well as their local regions during the 20th century. Artists like Henri "le Douanier" Rousseau, Horace Pippin and Grandma Moses became well known later in life and influential after having careers outside of the arts.

You are invited to the Spring Membership Tea for the Barrington Community Associates of the Art Institute of Chicago to learn about the associates' activities and the advantage of joining the Art Institute through the group and hear an interesting program.

The tea will begin at 1:00 p.m., the lecture at 1:30 p.m., at the Presbyterian Church of Barrington, 6 S. Brinker Rd., Barrington.

## Outdoor Garden Rooms Provide Tranquil Retreat for Entertaining

Today's homeowners are looking to the outdoors to expand living space in homes by designing backyard garden rooms. A fresh-air approach to home additions, bluestone patios and easy-care perennial gardens provide a tranquil retreat and a natural entertainment area.

Landscape professionals suggest designing garden rooms around a patio punctuated with colorful annuals and hardy perennials. Using Midwest-friendly plantings like native grasses brings movement and texture to your garden and extends outdoor vistas well into the winter.

Bring Old World character into your garden by using bluestone for the patio or brick edged with bluestone. Surround the patio with natural stone walls or pathways while a built-in firepit functions as a perfect centerpiece.

The winner of the Illinois Landscape Contractors Association's Gold Award for residential design, 15-year-old **Milieu Design, Inc.**, is a landscape design firm specializing in garden rooms and grand landscape elements throughout Barrington and the North Shore. ## Porsche Opens New Doors to Luxury SUV Enthusiasts with a Passion for Performance

Cayenne has arrived at **Motor Werks**. It's the newest Porsche packaged in a remarkable SUV-sized platform.

Why a Porsche SUV? After considerable focus groups with Porsche enthusiasts throughout the world, it appears that Porsche connoisseurs, and no doubt, their significant others, expressed interest in the addition of a more utilitarian body style—as long as it didn't compromise an inch of traditional Porsche performance.

Thus, the Cayenne was born. And it does not disappoint. Available in a 4.5-liter, 340 h.p. V8, Cayenne S is priced from \$55,900. An awesome 450 h.p. Twin Turbo starts at \$88,900.

**Motor Werks** is marking its 20th model year of Porsche sales and service. As a 15-

year veteran of the venerable sports car, I can attest to the remarkable results in the Porsche Cayenne luxury SUV. This is surely the most significant new product launch in recent Porsche history, coming on the heels of overwhelming acceptance of the Porsche Boxster and Boxster S which made their debut in 1997 and 2000.

This is a great time of year to road test the most comprehensive collection of Porsche automobiles anywhere in the Midwest. **Motor Werks** has nearly 75 new and certified pre-owned Porsche vehicles, including all the 911 high performance models at our Barrington and Dundee Roads facility. For a real-time look at the entire inventory, check out [www.motorwerks.com](http://www.motorwerks.com). For assistance or to arrange a road test, phone **1-847-381-8900** and ask for Rudy Baum or my associate, Ken Betts. We're both Porsche Certified Consultants.

Yes... Porsche now makes a luxury SUV. Road test the new 340 h.p. Cayenne S or awesome 450 h.p. Cayenne Turbo, this week at Motor Werks Porsche in Barrington, where we're celebrating our 20th model year of sales and service to the Porsche connoisseur.

## May Friendship Day

Church Women United of the Barrington Area is holding its celebration of May Friendship Day with worship and dessert on Monday, May 5, 7 to 9 p.m. at Presbyterian Church of Barrington, 6 Brinker Rd., Barrington Hills.

The break in tradition to an evening event allows for those who cannot attend in the daytime. The worship, "Many Gifts, One Spirit," urges us to deepen our appreciation of our gifts: kindness, joy, peace, love, patience, tolerance and self-control and to reflect on how these gifts of the Holy Spirit continue to enrich our lives.

In addition, a Valiant Woman Award will be granted. Also, young women nominated by each church will be honored who live up to the CWU motto: "Agreed to differ, resolved to love, united to serve."

Fellowship of the Least Coin offerings will be collected. Founded by Shanti Solomon of India in 1956, Fellowship of the Least Coin is a worldwide ecumenical movement of prayer for peace and reconciliation; in time of prayer, a coin is set aside toward a fund which benefits projects for women and children around the world. Also, each attendee is invited to bring a gift/donation of regular size toiletries for "Christmas in July" at Dwight Correction Center for Women. Especially needed is deodorant as well as conditioner, lotion, shampoo, toothbrushes, toothpaste and afro-style combs.

## When to Renovate and When to Vacate

"BEFORE"

"AFTER"

With spring just around the corner, many homeowners are asking themselves whether they should renovate or just vacate. "In every case the issues are the same, but the solutions are different," says John C. Cazzetta, of the Barrington residential architectural firm, **Kemper Cazzetta Architects**.

The folks who decide to renovate are typically attached to their neighborhood, their schools, or their home... except their home no longer fits their lifestyle. For these people the key question is resale. "We have found that in most cases, people who stay in their home for at least five years easily recover their renovation dollars. For those who could relocate within two years, we recommend updating what is necessary or what may be detrimental to a sale."

Homeowners who decide to move do so for other reasons. "Frankly, the under-

lying desire is freedom... the freedom to live in a home which is tailored precisely to the lifestyle of their family. When their existing home dictates or constrains their lifestyle, with or without renovating, then it is time to move on," adds Cazzetta. "This is a family who should design an affordable custom home. Keep in mind that even new model home plans can confine over time!"

If you are trying to decide on which direction to go, please call for a free consultation. "Chances are, we have resolved situations similar to yours. In either case, we enjoy the challenge of incorporating new space into your present home and the freedom associated with designing custom space for a new home."

If we can be of assistance, please call John C. Cazzetta of **Kemper Cazzetta Architects** at **847-382-8322**.
