

Barrington Career Center Has Become...

Greetings!

After nearly 7 years as the Executive Director of CareerPlace, I am moving on. Last April, I told the board I was ready for a change. They will most likely announce my replacement in the near future.

I have such mixed feelings about my time here and while I look forward to the next adventure, I want to let you, our clients, former clients and friends that it has been my great pleasure to have served you in this capacity.

We have made so much progress and initiated so many changes during my tenure, it's hard to remember all of them. Mostly I remember the faces of the people we have helped.

I wish all of you the very best and I hope CareerPlace continues to build on its strong foundation of serious career help with a compassionate touch.

My very best and feel free to keep in touch!
