## Electrolysis is the Answer

Anyone who is interested in good grooming and an attractive appearance is likely to read about electrolysis. It is the *only method* which will remove your unwanted hair **permanently**, and it is not a new technique. Successful results have been reported in the medical journals since 1875, more than a century ago.

Nowadays thousands of women make appointments every week with their electrologists, but very few openly tell their friends or relatives about the positive results. Most people are too embarrassed to mention facial or body hairs, and so the facts about permanent removal must often be learned from responsible beauty editors or medical columnists.

Fortunately, there is a skilled electrolo-

gist at **Clear Reflections** in the Barrington Commons who can remove those tell-tale hairs quickly and conveniently in the privacy of a professional office.

Now past its 100th anniversary, electrolysis is a boon to mankind which goes on making converts every day. The reason is obvious—success and permanence make an unbeatable combination.

Take away those unwanted hairs and what you have left is confidence in your own charm and attractive appearance. Phone **Clear Reflections** at 1-847-381-9020 for your appointment.

**Clear Reflections** has provided 28 years of service at the same location.

## Editor's Ink

February, 2004

Dear Reader,

There are a lot of caring people out there who are quietly working to help those less fortunate. It's heartwarming to see and in the process, new friendships are formed. Everyone wins!

On Saturday, Feb. 28 the 15th Annual Hearts for Homeless Families in Transition will be held. The dinner auction will be emceed by Steve Cochran of WGN. Fabulous prizes will be offered in addition to a gourmet three-course meal. Proceeds will go to the Catholic Charities' Northwest Suburban Services Family Shelter Program.

Looking ahead, the Barrington Junior Women's Club is working hard on their gala "Meet Me in Monte Carlo" to benefit Wellness Place. Wellness Place has helped more than 20,000 people living with cancer in the Northwest Suburbs. This gala fund-raiser is slated for Friday, April 16.

And lastly, many people from Barrington attended Gala Cha Cha late last year. Over 540 guests enjoyed a 1950s American Cafe society atmosphere while raising funds for cancer research.

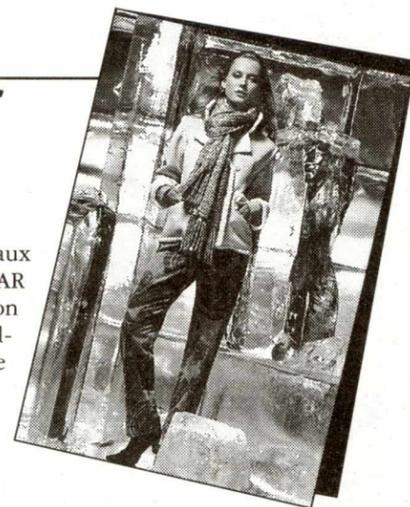

Happy Valentine's Day! Hope the day is especially wonderful. Until next time, peace and happiness.

With warm regards,  
Glenn McMonigal

## Gala "Cha Cha" Raises Funds for Cancer Research

**The Vandenberg family of Barrington: (standing, from left) John, Gail, Matt, Amy, Mark, Amy, Eric, (seated, from left) Sue, Jim and Lorraine**

On Saturday, Nov. 8, The University of Chicago Cancer Research Foundation Women's Board hosted its 37th Annual Grand Auction Gala "Cha Cha" at the Four Seasons Hotel in Chicago.

That night, over 540 guests returned to the glamorous era of 1950s American cafe society in high-style black ties, formal gowns and elegant long gloves.

Upon arrival, guests glided down a red carpet, past velvet ropes and marquis club canopy, past manicured palm fronds, and inside the elegantly draped doors of Club Cha Cha.

The gala celebrated an era of bygone glamour, elegance and style, in which the most important decision was what to wear and with whom to dance. It was the time when Jack wooed Jackie; Truman Capote and his "Swans" sipped daiquiris; and Babe Paley and the Harriman's swayed as members of The Rat Pack crooned. Everyone danced or did the cha cha to a rhythm that seemed to go on forever. Mike Adamle, CBS 2 News sportscaster, served as the evening's emcee and live auctioneer.

In celebration of that era's great music, the evening featured an appearance by Ron Hawking, Chicago's own leader of the rat pack, performing selections from his critically acclaimed musical smash, *His Way—A Tribute To The Man and His Music*, now in an open run at the His Way Theatre in Chicago's NBC Tower.

The evening honored great discovery in the field of cancer research at The University of Chicago, the institution founded by the great philanthropist John D. Rockefeller 111 years ago. The university has been honored with 75 Nobel Prizes for the distinguished achievements of its intellectual and research community. This night promoted future cancer research activities through the proceeds of its high profile Grand Auction, which featured live and silent auction items spanning the travel, food, entertainment, home, personal fashion and adventure categories.

An important highlight of this glamorous event was the presentation of the women's board's first annual Partners in Discovery Award to Cartier for more than a decade of generous philanthropic sup-

port of the benefit.

Stanislas de Quercize, president of Cartier North America, remarked, "Cartier is honored to receive the first Partners in Discovery award. Since our founding in 1847, Cartier has recognized the importance of supporting charities in our local communities and the women's board is an exemplary group that provides an invaluable service to the University of Chicago."

Diana Hall, general manager of Cartier

in Chicago, received the award on behalf of Cartier.

This year's Grand Auction raised \$700,000 in support of cancer research at the University of Chicago. Margaret Benjamin is president of the University of Chicago Cancer Research Foundation Women's Board. Mary Burnstine and Mary Conrad are the co-chairs of the 2003 Grand Auction.

## Barrington Junior's "Meet Me in Monte Carlo" to Benefit Wellness Place

The Barrington Junior Women's Club is hard at work on another exciting event for Friday, April 16, at The Metropolis Ballroom in Arlington Heights. "Meet Me in Monte Carlo" will have something for everyone!

Co-chairs Amy Kenrich and Doreen Colletti-Muhs of Barrington, along with their committee Lara Berry, Janet Bresch, Cynthia Clement, Lynn Douglas, Laura Knecht, Laura Lutsch, Kathleen McGrath, Ann Moll, Cindy Seibert, Laura Scoville-Ekstrom and Helen Suk, are planning a fun-filled evening with all the glitz and glam. Attendees will enjoy "Monte Carlo" games, great silent and live auction items, prizes, celebrity look-a-likes, nonstop entertainment including a show in Metropolis' night club (The Boiler Room), delicious food stations and desserts, plus a bar with a unique ice loge.

The Wellness Place in Palatine will be the 2004 primary benefactor from the evening. BJWC is pleased to help the Wellness Place, which has worked for the past five years to help the more than

## Rotary Club Grants Benefit Barrington

(From left) Kathleen Connelly, president of Barrington Rotary Club; Harold Lipofsky; and David Chidley representing Roy Wilmering Scout Cabin in Barrington

Harold Lipofsky, a founding member of the Barrington Rotary Club and a longtime supporter of Boy Scouts and Girl Scouts in the Barrington Area, was on hand to see the Rotary Club give its first grant from the Harold Lipofsky Endowment Fund to one of his favorite projects, Barrington's Scout Cabin. The endowment fund is a special fund established within the Barrington Rotary Charities funds.

"We established the endowment fund as a tribute to Harold and all the work he has done to benefit Rotary, Rotary International and the Barrington community," commented Kathy Connelly, president.

Each year, five percent of the net assets of the fund will be distributed for charitable purposes. David Chidley accepted the grant on behalf of the Roy Wilmering Scout Cabin committee.

Additional grants were awarded from the Rotary's charities funds at the organization's Christmas party. Those organizations receiving grants included: Barrington Youth Services, Barrington's Giving Day sponsored by Church Women United, WINGS, Accion, the Barrington Area Community Foundation, and Glenwood School. In addition, the club voted to increase the amount of funding dollars available for college and vocational scholarships to Barrington high school students. The grants were made possible by funds raised at the Rotary's successful fundraiser.

The Barrington Rotary Club meets Tuesdays at noon at the Barn of Barrington restaurant. Prospective members are welcome. For further information, call Kathy Connelly, 1-847-382-4843.

## Rare Audubon Engraving Acquired by Woodland Art Gallery

Acclaimed in his lifetime for his artistic achievement, John James Audubon's significance as an artist continues to rise, and his work remains unchallenged as the superlative example of its kind.

His portfolio of *Birds of America*, comprised of 435 hand-colored engravings, took 12 years, from 1826 to 1838, to complete. Robert Havell, a renowned London engraver, was responsible for this first and most prized edition, aptly known as the Havell edition. A maximum of 200 complete sets of *Birds of America* were made and Audubon sold 175 subscriptions. Of these, more than 100 are intact in library and museum collections worldwide. Few of the sets have been broken or made available for sale in the more than 150 years since they were first printed by Havell.

It is with excitement and great pride that **Woodland Art Gallery** offers this rare opportunity to own an original Audubon engraving from the Havell edition. Now available for your viewing pleasure at the gallery is *Hemlock Warbler* - Plate #134. Those interested in acquiring this exceptional work are encouraged to act immediately.

Established in 1979, **Woodland Art Gallery** is the area's most respected and knowledgeable expert of collectible art featuring works by renowned artists. Featured this month is Morgan Weistling's *Illuminated* along with limited-edition prints by Robert Bateman, Greg Olsen, Jim

Daley, Pino, Terry Redlin, Owen Gromme, Jeanne Bonine, Bev Doolittle, Terry Issac, Peter Ellenshaw, David Armstrong, David Maass, John Seerey-Lester, Bradley J. Parrish and many others. Lotton Studios art glass vases, perfume bottles and paperweights are featured at **Woodland Art Gallery** and make lovely gifts for a special valentine. These highly collectible signed and dated works, magnificently colored and world-famous for their distinctive style, are a natural complement to the gallery's limited-edition prints, serigraphs and giclées.

## Protecting Your Legal Rights— Severance Agreements by Joette S. Doran, J.D.

Typically in a reduction in force or layoff, an employer will offer the severance pay pursuant to an established company policy in exchange for an employee waiving their legal rights to file suit as a result of the termination. In a termination situation that does not involve a layoff, the employer may still offer severance pay in order to resolve any employee termination issues so that the employer is not subjected to legal action as a result of termination. In either situation, to be an effective waiver of legal rights, the release must be made "knowingly and voluntarily" by the employee. Whether the agreement will be deemed knowing and voluntary includes the clarity of the agreement, the time the employee had to consider the agreement, the advice of counsel and consideration, such as the amount of money offered to support the release. For the consideration to be deemed adequate, the severance package offered in exchange for the waiver must be more than the employee would otherwise be entitled to under law, such as earned compensation or accrued vacation pay.

Also, for the release to be an effective waiver of legal rights under the Age Discrimination in Employment Act (ADEA), the employer must comply with the Older Workers Benefit Protection Act (OWBPA). Under the OWBPA, the release will be considered valid to waive an age claim where the company complies with the act by providing adequate consideration, ad-

vises the employee to consult with an attorney, provides at least 21 days to consider the agreement, provides seven days to revoke the agreement after execution and specifically provides that rights under the ADEA are waived. As such, because a properly drafted severance agreement is effective to release your legal rights, you are well advised to review the release and the facts and circumstances surrounding your termination with legal counsel. For further information, please visit our Web site at [www.joettedoran.com](http://www.joettedoran.com).

# Pink Please!

It's a rosy outlook for spring with pink everywhere. In fact pink is the new black. Look for its sexy accents this season in such touches as pleated edges, asymmetric chiffon layers or bold floral details all in blushing shades of pink.

Polka dots are everywhere this spring. See our reversible polka dot 3/4 length coats. Choose pink and lime green combo or black and red and don't miss the great polka dot accessories to go with.

Our hearts are in the right place this Valentine's Day with accessories from ECHO. Scarves, hats and graphic carry all bags. Lime and hot pink rain hats with matching umbrellas are all unique gifts inspired by cupid.

Our men's department is featuring apparel for golf and resort getaways. New arrivals from Paul & Shark, Polo & The North Face for men and women.

Something to bark about! We've just added Pink Poodle to our spring line up. These sweaters are feminine, flirtatious and even a bit glamorous. We think they're poodle-liscious.

## St. Valentine's Day at the Raue Features The Coasters, Platters and Drifters

Open up a present of Valentine's Day love for your sweetheart with an evening of doo-wop from three of the greatest recording groups ever to record in the 1950s.

The Cornell Gunter Coasters, the Beary Hobb's Drifters and the Platters will appear in three shows only at Raue Center For The Arts on Friday, Feb. 13, at 7:30 p.m. and Saturday, Feb. 14, at 3 p.m. and 7:30 p.m. Saturday's shows are sold out, but good seats are still available for Friday evening's performance, priced at \$36 and \$31. Tickets can be purchased by calling the Raue Center Box Office at 815-356-9212.

The Cornell Gunter Coasters became a reinvention of the original group in their continuation to market 1950s music. Today, they are as much a comedy act as a singing group, and will present such great musical hits as *Yakety Yak*, *Charlie Brown*, *Poison Ivy* and *Along Came Jones*.

The legendary Elsberry Hobbs performed with the Drifters as the bass voice in *There Goes My Baby*. *There Goes My Baby* also introduced a whole new sound to rock 'n' roll by incorporating strings and a classical score. An original member of the Drifters, he was noted for choreographing the comedy sketch and dance

routines. The Drifters headlined Dick Clark's 20th Anniversary of Rock and Roll 42 City Tour. Famous for singing *This Magic Moment*, *Save The Last Dance For Me*, *My Girl* and *Shout*, the Drifters have been performing, for over four decades, a complete potpourri of standards and current rock 'n' roll.

The Platters under the tutelage of Shirley Gunter have continued to thrive today after decades of the lost 1950s love song genre. The Platters, famous for singing *Smoke Gets in Your Eyes*, *Beer Barrel*

*Boogie*, *The Great Pretender* and *Only You* have continued to perform throughout the world during the last four decades and have become "a ticket selling phenomenon!"

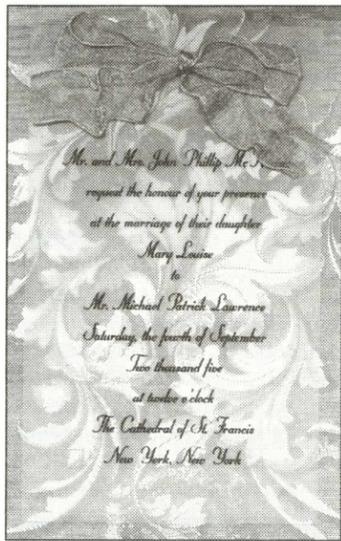

Tickets are available now by calling the Raue Center Box Office at 815-356-9212 or ordering online at [www.rauecenter.org](http://www.rauecenter.org). The box office is located at 26 N. Williams Street in downtown Crystal Lake. Box office hours are Tuesday, Thursday and Friday, 10 a.m. to 6 p.m.; Wednesday, 10 a.m. to 4 p.m.; and Saturday, 10 a.m. to 2 p.m.

### February at Satin Filly Means...

**Happy Valentine's Day!** We have lots of pink in the store, have you heard? It's the new black! Isn't fashion fun? Valentine's Day to me means candy, which means **Fanny May.** My husband and I stopped in mid-January before a movie. There was not one piece of their delightful choco-pleasures. It was sad. Being from Chicago, it has been an institution we've grown up with and it's really sad to see it end and to be left with Skittles, M&M's and Grunts!

February also means final mark-downs. On **Saturday, Feb. 7,** from 8 to 10 a.m., our sale merchandise will be discounted to 80%; from 10 a.m. to 1 p.m., 75%; and from 1 to 5 p.m., 65%. So get up early and save. There are still some great pieces on the sale racks!

And last but not least is our **Yansi Fugel Trunk Show, Feb. 26 through 29.** My customers love Yansi—more than other lines, Yansi gets kudos—I always hear a compliment about how this pant, suit, skirt, halter, etc. performed for them (washing, no dry clean chemicals). It travels, goes to work... it's a great line. It's sized 0 to 16. It fits. The pants are long for all of you lucky, long-legged girls. Trunk shows give you the

opportunity to be the buyer and buy what you like, not necessarily what I bought for the store. These are fun events. No pressure to buy, but you get to see it all, try it on and visit with us!

That's it for February at **Satin Filly.** Come in to see spring rolling in and did I mention, pink is really in! —Karen

### United Way Seeks Volunteers

The Barrington Area United Way seeks community volunteers to help evaluate funding requests submitted by health and human service organizations that desire funding during 2004.

Volunteer training for the allocation process will be held from 6 to 8 p.m. on Monday, Feb. 9, at St. Paul Church of Christ, Barrington. Volunteers will be divided into service areas that are funded by Barrington Area United Way. Duties include a visit to the health and human service organizations, a review of agency proposals, and attendance at an agency request presentation meeting on the evening of March 4, 2004.

The volunteer will review requests

against the needs of the community and available funds to recommend how much each agency should receive. The recommendations are discussed with the Barrington United Way Board of Directors who make the final allocation decisions. The entire process is from Feb. 9 to March 4 for a total of approximately 10 hours, mostly evenings.

Allocations are one of the most critical things your community United Way does each year; it has an impact on the whole community. Interested volunteers may contact the Barrington office at 1-847-382-8778 for additional information, or visit [www.unitedwaybarrington.org](http://www.unitedwaybarrington.org).

## "Fairy Tales Can Come True" Gala Theme to Benefit The Bridge

Fairy tales can come true—and do—at The Bridge Youth & Family Services as counselors help stepparents and stepchildren and others sort out complicated family relationships on a daily basis.

The Bridge has no pixie dust or magic wands to transform toads into princes. Instead, clients make their own dreams come true through hard work and the assistance of skilled and dedicated counselors, specialists and volunteers.

Community supporters will lend their financial assistance to The Bridge's work on Saturday, March 6, at "Fairy Tales Can Come True: The 2004 Bridge Gala" at Meridian Banquets, 1701 Algonquin Road, Rolling Meadows. The music of Phase IV will keep "Cinderellas" dancing until the stroke of midnight. Live and silent auctions, dinner and dancing, basket and grand prizes await guests as they enter a fairy tale scene created by Bridge volunteers.

Overall, the gala is expected to attract approximately 300 guests and to raise over \$100,000 in support of Bridge counseling, crisis, mentoring, parent education

and Youth Council programs. Gala tickets are \$150 per person. Sponsorships begin at \$1,500.

The auction will feature a variety of unique and luxury items and experiences. Air combat training, furs, jewelry and a golden tee machine are among the items awaiting guests' bids.

Liz Noe (Palatine) and Kevin Drucker (Hoffman Estates) are co-chairing this year's gala. Al Siders (Inverness) is sponsorship chair; Michael Strauss (Inverness) is auction chair. Jonathan Arthur (Palatine) chairs the grand prizes. Leslie Lilly (Kildeer) and Joe Serio (Palatine) chair the decorations committee. Sue Corriere (Buffalo Grove) is basket chair.

The Bridge Youth and Family Services helps families stay together and be successful through parenting skills and education, counseling, youth advocacy (big sister/brother) and crisis intervention. Established in 1965, The Bridge is a comprehensive, community-based charitable organization serving youth, ages 6 to 17, and their families in Northwest Suburban Cook County.

## Caregiver Support Group

The Barrington Area Council on Aging, Inc., invites you to attend our Caregiver Support Group meetings, which are held on the first Wednesday of each month at the Barrington Village Hall, Community Meeting Room, 200 South Hough St., from

7 to 9 p.m.

On Feb. 4, we will meet for the support component of the group. There will be no speaker for this meeting.

All family caregivers are welcome to join us. For more information, call 1-847-381-5030.

## 14th Annual Children's Special

Please join us as we celebrate our 14th Annual Children's Special during the month of February. Parents, bring your little ones or big ones over to the studio this month and let's photograph them like never before. Our style is simple and compelling.

We are continually being complimented on how well we work with children. The fact is, we feel it is a privilege to work with them. They are fun, honest and often unpredictable.

"I think the key to photographing anyone is to make them feel comfortable. When that happens, the inhibitions leave and you end up with incredible images."

*Al Buschauer*

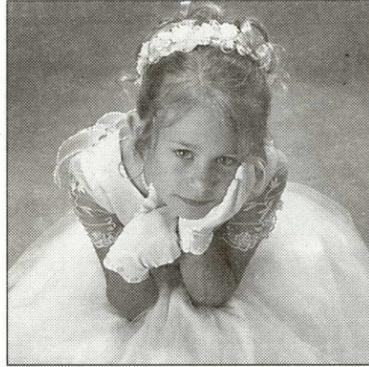

### The Details

- Children must be photographed in **February, 2004 and be between 2 and 15 years old.**
- **Sessions are only \$50** per child (Regularly \$175)
- **10% off on the entire order** if placed at your original viewing appointment.

### Why It's Important To Have Your Children Photographed Individually

It seems like a natural thing to have the kids photographed together, and we agree that it's good to do that occasionally. However, as parents you know how different your children are from one another. In a group photo (more than one person) it's likely we'll capture accurate personalities of some of the subjects, but not all. That's because of their uniqueness. When we're able to work with a child one on one for the better part of an hour, that's when the magic happens.

Call now to book your session as time slots are limited—**1-847-382-8484.**

## Mondays at the Park

The Barrington Area Council on Aging, Inc., invites you to join us for our weekly lunch programs at Langendorf Park from 10:30 a.m. to 2:30 p.m.

## World Day of Prayer

World Day of Prayer 2004 will be observed by Christians in over 170 countries around the world on Friday, March 5. Church Women United of the Barrington Area will hold the service at St. Peter United Church of Christ, 47 Church St. (at Midlothian Road, north of Highway 22) in Lake Zurich at 1 p.m. Child care will be provided, and worshipers are invited to stay for refreshments and fellowship.

The theme "In Faith, Women Shape the Future" reflects the prayer focus of the Christian women of Panama, who prepared the service. Guest speaker will be the Rev. Jane Kunzie Brunner, associate pastor at Lutheran Church of the Atonement in Barrington. Pastor Jane has a bachelor's degree in philosophy from the University of Illinois and holds Master of Divinity and Doctorate of Theology de-

## Chers Amis...

As I mentioned in last month's column, winter does not have to be synonymous with boredom or other psychological discomfort. Just check our Web site on a regular basis, and you most likely will find something interesting soon to take place at **D & J Bistro**.

This month, on **Sunday, Feb. 22** to be precise, Melanie Karsen will present the French region of **Alsace and Eastern France** through her beautiful collection of slides. The show will be followed by a three-course regional dinner. This makes for a very entertaining and intelligent

evening, all for a very reasonable \$49.50 per person inclusive (presentation, food, wine, tax, gratuity).

As well you should not forget about your valentine. We will offer a special "romantic" dinner in addition to our regular menu on **Friday, Feb. 13, Saturday, Feb. 14 and Sunday, Feb. 15**. For this occasion, the dining room and lounge are traditionally decorated with several hundred balloons. This alone is worth the trip!

We hope to see you soon.

## Local Leaders in Providing Services to Older Adults Unite

The Garlands Announces Agreement with Alexian Health System

(From left) Thomas Herb, president and CEO Barrington Venture; David Smith, executive vice president of Barrington Venture; Pamela Lamb, administrator of Prairieview at The Garlands; Gary Mohn, president and CEO of Alexian Village of Milwaukee; and Bruce Bertin, executive director of The Garlands of Barrington all stand near the construction site of Prairieview at The Garlands. A variety of services will be available at Prairieview, including a medical concierge, physical and occupational therapies, respite care services, assisted living residences, and residences offering skill nursing care or memory enhancement services. Alexian will manage these services.

The Garlands of Barrington has reached an agreement with Alexian Brothers Health System to manage healthcare services at The Garlands of Barrington, 1000 Garlands Lane, Barrington.

The Garlands of Barrington is an innovative and upscale Continuing Care Retirement Community (CCRC) that offers choice, selection, unparalleled quality, service, value and a vibrant lifestyle for people over 55. Under the agreement, Alexian will expand upon the services currently offered at The Garlands, including the management of The Wellness Center. The center features The Garlands' Wellness by Design program, a personalized wellness program that promotes healthful living and encourages individuals to take charge of their personal well-being.

"The Garlands is committed to providing residents with the finest residences and services available," stated Thomas Herb, president and CEO of Barrington Venture, LLC, the Barrington-based holding company for The Garlands. "Alexian Brothers' strong reputation in health care and their focus on helping older adults maintain their independence was a key factor in our decision to join with them to complete the circle of services we offer our members and their families."

"The expanded agreement with The Garlands gives Alexian Brothers an opportunity to extend its commitment to older adults to the Barrington area," said Gary Mohn, president and CEO of Alexian Village of Milwaukee. "It is the latest in a series of projects to expand these services throughout the Chicago area." (Mr. Mohn is overseeing Alexian's growth in providing services to older adults.)

The Garlands, which features 174 spacious, independent-living apartments and dramatically large, freestanding villas, offers an array of services to support its 55-and-older members' active and indepen-

dent lifestyles. In doing so, The Garlands seeks to help residents maintain a high quality of life while also providing the peace of mind that comes with convenient access to a continuum of holistic care and support services.

In addition to the private residences, ranging from approximately 900 square feet to 3,000 plus square feet, amenities at The Garlands include The Garlands Center for the Performing Arts, multiple dining venues, an on-site bank, a computer resource center, a surround sound theater, and The Garlands Spa and Fitness Center, which is currently under construction.

Construction is also underway and near 75 percent completed for Prairieview at The Garlands. A variety of services will be available at Prairieview, including a medical concierge to help members coordinate home health or related services, physical and occupational therapies, respite care services, 30 assisted living residences, and 40 residences offering skilled nursing care or memory enhancement services.

## "Gardens in Art" Part of Seminar Series

The Barrington Community Associates of the Art Institute of Chicago presents "Gardens in Art," this year's February Seminar Series, each week at 1 p.m. at the Barrington Area Library, 505 N. Northwest Highway.

Beginning in China, the series will examine the intricacies and design of gardens and trace various styles of gardens in art through the 20th century.

On Feb. 12, Jeff Nigro's illustrated lecture "Enchanted Isles: Renaissance Gardens" will explore the gardens of Italy, France and England.

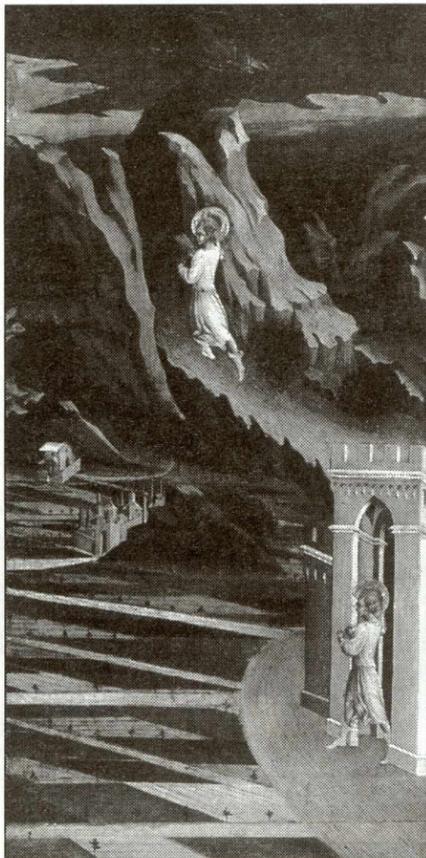

In the Renaissance worldview, nature was seen as both an embodiment of divine creative power and a dangerous force that needed to be given shape and order. A Renaissance garden was a place of delight and edification. It could provide a haven from the stress of urban and courtly life.

Jeff will explore how the designers attempted to create a perfect fusion of nature, art, science and philosophy.

Jeffrey Nigro is senior lecturer in the Department of Museum Education and acting associate director of General Programs at the Art Institute of Chicago. He received his bachelor's at Oberlin College and his master's in art history at the University of Virginia. Jeff is also the Museum Education Department Liaison with the Community Associates. Jeff has given pre-concert lectures for the Chicago Symphony Orchestra, both at Symphony Center and at the Rivinia Festival.

The fee for this lecture is \$12 for members or \$20 for nonmembers. Advanced registration is preferred. Contact Patricia Fein at 1-847-382-5953. Day registration is by check only.

Membership in the Barrington Commu-

## Celebrate Barrington's Woman of the Year

### Mary B. Herrmann, Ph.D., Superintendent of Schools in District 220

The Barrington Area Professional Women's Charitable Foundation will honor Barrington's Woman of the Year on Saturday, Feb. 7, at The Garlands of Barrington.

BAPW is pleased to have selected the 2004 Woman of the Year, Mary B. Herrmann, Ph.D., superintendent of Barrington schools, District 220. Dr. Herrmann was nominated by two organizations in Barrington to recognize her excellence and leadership as superintendent.

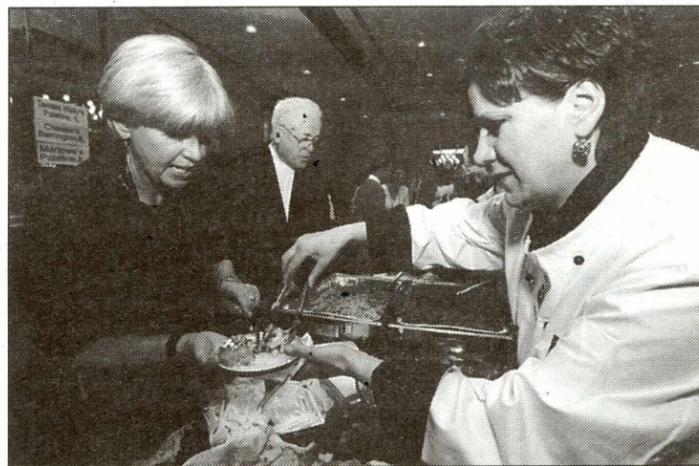

She has taken an already excellent school district to new heights and has brought Barrington residents together to pursue a common goal of excellence in education. Under her tenure, District 220 went from a troubled financial rating to a strong financial rating by the State of Illinois—an impressive, welcome achievement for all of Barrington.

The Woman of the Year Dinner will fea-

ture a keynote address by Judy Baar Topinka, Illinois State treasurer. Preceding the 6 p.m. dinner at The Garlands will be an art show and silent auction. The art show is open to the public from 2:00 to 4:30 p.m. Contact event chair Kathleen McCann at 1-847-304-9901 or klmccann@rcn.com for information and reservations.

Proceeds from the Woman of the Year Dinner, art show and auctions will benefit the BAPW Charitable Foundation's Scholarship Fund. Each year, several women are granted scholarships for college tuition to pursue their education and enter or rejoin the workforce. Many of these women are single parents who need to work to support their families. These scholarships can make a big difference in enabling these women to achieve their dreams and improve their lives and those of their families.

## The Beatles' Original Ed Sullivan Performance Recreated!

Imagine traveling back through time 40 years ago and landing in the front row of the Ed Sullivan Show the night the Beatles appeared. As the curtain slides open and amidst a cacophony of girlish screams, the Fab Four in all their youthful glory appear on stage. Now you can relive this historic Beatles performance at **Raue Center For The Arts** with "the best Beatles band of the planet," **American English**, on **Feb. 27** at 7:30 p.m. and **Feb. 28** at 3:00 and 7:30 p.m.. This performance is sponsored exclusively by Gary Lang Auto Group.

American English presents their stunning Beatles tribute show celebrating the 40th anniversary of the Ed Sullivan appearance. This one-of-a-kind historical re-enactment accurately recreates the atmosphere by making audience members feel they are back at the original taping of the first show. An Ed Sullivan impersonator will actually welcome and instruct the audience as if it is being recorded. You'll hear 1960s-style commercials piped into the theatre and see an old-time variety act just like the ones often featured on the Ed Sullivan Show. For a perfect finishing touch, you'll see a replica of one of the sets from the original shows.

The on-air sign will flash and once "Ed Sullivan" hits the stage with his famous introduction, you'll hear the memorable girlish screams, the opening chords and you'll swear it is 1964. American English will then perfectly play all those memorable songs from the original Sullivan performances.

If this isn't enough for you, as a special tribute, American English will don costumes and perform a special tribute of the music from the Shea Stadium concert. This will be presented in addition to all of the wonderful costumed eras of the Sgt. Pepper's era, the Magical Mystery Tour and the Abbey Road years. No matter what era, you'll swear it's the Beatles and you'll swear you are seeing them live. American English is the complete Beatles experience.

They are simply the best Beatle tribute story of our time. In five short years, the band's authentic sound has left fans, promoters and musicians who knew The

Beatles enthralled. Thousands of national fans first sanctioned the group by voting American English as victors of sound-alike contests at Beatfest in Chicago for three consecutive years. Then, Sam Leach (the original Beatle promoter from Liverpool) was in town for a book signing for his story *The Birth Of The Beatles* in 2001. After seeing American English, he called the band "the best Beatle act on the planet." Leach today hails them as "The Beatles incarnate!"

As American English toured nationally, other celebrity musicians caught "American English Mania." Denny Laine, who in his earlier years also toured with the Beatles as a member of The Moody Blues, was quoted as saying, "American English sounds every bit as good as the Beatles themselves!" Spencer Davis said, "If I closed my eyes, I swore I was hearing my friends the Beatles. They are indeed the best Beatle show I have ever seen."

The real test of fire was performing on The Beatles' homeland. In November 2001, American English made their debut in Liverpool, England. Under the wings of Sam Leach, they were granted an honor never bestowed on any other tribute group; they traced historic footsteps and performed on the hallowed ground of several original Fab Four venues. The crowning moment occurred for American English in 2002 as they headlined International Beatle Week in England in front of a screaming crowd of 50,000! American English departed with fans awestruck, reminiscent and tearful.

In December 2001, a historic fantasy-like "reunion" occurred. American English headlined the George Harrison Tribute at the House of Blues in Chicago. Accompanied by several of the legendary Beatle/Wings-related artists, the band made history and news across the world! American English performed with Denny Laine, the legendary rock guitarist from Wings, who founded the band with Paul McCartney and the complete Wings horn section (Howie Casey, Steve Howard and Thad-deus Richard). Accompanying them on-stage was Joey Molland of Badfinger,

## Restylane, the Latest Advance in Facial Plastic Surgery

by Stacie D. McClane, MD

The never-ending quest for a more youthful appearance has led to the current popularity of soft tissue fillers. These are materials that, when injected into or just beneath the skin, fill out the lines and furrows that make us look older. Many different fillers have been used in the United States over the years, the most common of which has been bovine collagen. While this material has a well-established record for safety, there have been allergic reactions and its longevity is somewhat short considering the cost. In Europe and Canada, another soft tissue filler called **Restylane** has been used for years. In fact, today it is the most popular soft tissue filler used worldwide. We are excited to announce that, after years of waiting, Restylane has been approved by the FDA and is now available at **The Center for Facial Plastic Surgery**.

Restylane is made of hyaluronic acid, a substance found naturally in human tissue between the collagen and the skin cells. Restylane is a clear gel, synthesized from plant sources. The beauty of Restylane is that it attracts water molecules wherever it is injected, thus plumping the treated area. The fullness can be seen immediately and studies show that results last

Stacie McClane, MD

Gary Churchill, MD

two-to-three times longer than bovine collagen.

Since hyaluronic acid is a natural substance found in the human body, there is no need for a skin test prior to a Restylane treatment. Likewise, there is virtually no chance of allergic reaction to the product. Injections can be done as an office procedure and involve minimal downtime and discomfort. Restylane is ideal for treating deep to moderate facial wrinkles and lines and provides patients with a more youthful appearance. It is currently the most promising advance in noninvasive, nonpermanent wrinkle correction.

Please call us at **The Center for Facial Plastic Surgery** at **1-847-304-1000** if you have any questions or would like to schedule an appointment.

## Barrington Township/Cuba Township Joint Food Drive Program

Barrington area communities have been very generous with donations to food pantries. Unfortunately, the need goes on all year, and demand is increasing. Many new families seek assistance.

Barrington Township and Cuba Township have united for their third annual February "Have a Heart" Food Drive on Saturday, Feb. 14, from 9 a.m. to 1 p.m. Voter registration will also be available for Cook and Lake County residents.

They ask for your continued support. Donations of nonperishable food items would be greatly appreciated. They may be dropped off at their central collection site: Barrington Countryside Fire Station

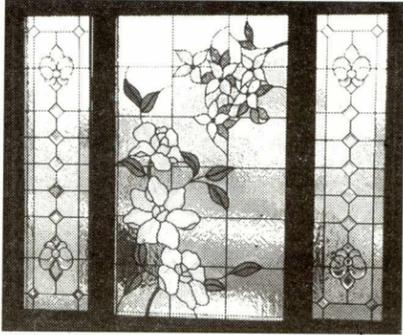

#1, 400 N. Northwest Highway, Barrington, IL. (Early or late drop-offs can be made inside the front door. All donations stay in the Barrington area.) Sparky and his helpers will unload your donation. So stop in for coffee and cookies. Take a tour.

Barrington and Cuba townships distributed over a ton of food in December 2003. This was a sizable increase over December 2002. The officials of Barrington Township and Cuba Township would like to thank the residents of the Barrington area for their continued support. A special "thank you" goes to the Barrington Countryside Fire Department for their assistance.

## Woodstock Christian Life Services Celebrates 100 Years

When the Rev. John D. Kelsey founded the original Old People's Rest Home in 1903, could he have imagined that 100 years later his organization would have expanded to what it is today?

2003 marks the 100th anniversary of **Woodstock Christian Life Services'** mission of caring for seniors in northern Illinois.

The Old People's Rest Home is now called Hearthstone Manor and remains on the original campus with Hearthstone Village, Woodstock Early Learning Center and the corporate office. This year also marks the opening of **WCLS'** first off-campus endeavor, Belvidere Early Learning Center.

Currently home to over 200 seniors, **WCLS** offers a myriad of services that include independent living for seniors with licensed on-site supportive services, assisted living, Alzheimer's disease and related dementia care, and skilled nursing with Medicare certification.

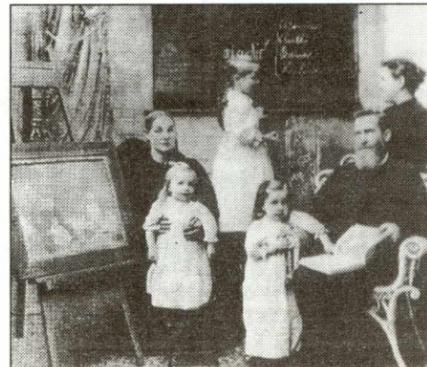

The Woodstock and Belvidere early learning centers, divisions of **WCLS**, provide an atmosphere that is challenging and fun to nearly 300 children. **WCLS** is the employer of choice to over 250 people from Woodstock and the surrounding community.

**WCLS** may have grown in size and expanded their services, but they continue to deliver the same Christian-based high quality, loving care as always.

### We Need Your Help!

**WCLS** is collecting items of historical interest for permanent display on our campus. Items can include antiques, photos, clothing and household items relating to the history of **WCLS** and those we serve. In the past, **WCLS** has been known by the following names: Woodstock Industrial Home for Children; Woodstock Children's Home; Sunset Manor; Old People's Rest Home; and Carefree Village. To donate or for information, call the marketing department at **815-334-6200**.

## Huh? What Did You Say?

Not being able to hear well can be very frustrating. Reduced hearing can be caused by many things, such as head congestion, a stuffy nose, sinus pressure or many other winter ailments as well as something as simple as wax buildup in the ears. Fortunately at **Estetica Advanced Clinical Skin Care**, we have an alternative, natural way to alleviate these symptoms and help improve one's hearing.

Over the past three years, **Estetica Advanced Clinical Skin Care** has treated many patients who are tired of trying traditional approaches to get rid of pressure in their ears, head and/or upper respiratory area in order to feel better and hear better. The healing method is known as Ear Candling, and it has been around for centuries.

Ear Candling has been utilized by many nations for thousands of years as a way to eliminate ear problems. This process was given its name because the practitioner uses a hollow waxed-cloth candle to draw out old earwax and toxins. There is no discomfort to the person receiving the treatment. Many clients say it is quite relaxing. A special candle is placed gently in the ear and lit. The low flame of wick creates a slow vacuum, which softens and

pulls the old wax into the base of the candle. Gently, the old wax and toxins are brought to the top of the ear canal. When the candle has burned down sufficiently, one can then examine the base of the candle to see just what was in the ear. Removal of old wax and toxins may improve any of the following conditions: sinus problems, sore throat, earache, swimmer's ear, some chronic headaches, allergies and hearing difficulty. A typical candling client is one searching for a more natural way to alleviate pressure in their head or upper respiratory area or someone in search of relief from pain in their children's ears or to just hear or feel better.

Theoretically, such effects are possible because all the passages in the head are connected, allowing the candles to drain the entire system osmotically through the ear's membrane. Ear Candling also acts as a catalyst to clear out debris accumulated on nerve endings. This allows for clear vibrational flow to the corresponding area of the mind, body and spirit. This clears the way for other methods of healing.

To learn more about Ear Candling and to begin a more natural approach to healing, call **Estetica Advanced Clinical Skin Care** at **1-847-438-2100**.

## New Weight Loss Program Shows Dramatic Results

Dr. Barry Berger, a Board Certified Internist practicing in Lake Zurich for the past 12 years, introduces a new weight loss program. By increasing protein while decreasing fat and carbohydrates, weight loss success increases. University studies using this diet method along with the latest advances in prescription medication have shown safe and effective weight loss results.

Unlike other programs for which you need to buy food or count calories, this method offers the most freedom and achieves the best long lasting results available today. Fat comes off and stays off! Dr. Berger custom designs a program for each patient and discusses proper exercise, nutrition and overall weight status while considering your current lifestyle, exercise and diet habits.

Dr. Berger has hundreds of satisfied patients. Insurance usually pays for some or most charges, (sorry, no HMOs).

## "Impressionist Gardens"

"Impressionist Gardens" is the third lecture in the Seminar Series sponsored by the Barrington Community Associates of the Art Institute of Chicago, "Gardens in Art."

In the late 19th century, the urban and suburban garden lured artists in search of a new form of painting. With vibrant leaves and flowers, shimmering sensations of a sunny day, ever-changing seasons, and light-reflecting ponds, the garden provided the perfect subject for the French impressionists' exploration of color, light and form.

The fashionable leisure activities of the garden—reading, butterfly-catching, croquet—as well as the design of the garden itself further exemplified modernity for these artists. By the late 1880s, the role of the garden took on a more symbolic and decorative role in the paintings of the post-impressionists.

"Impressionist Gardens: Nature in a Fleeting Light" will be presented on Tuesday, Feb. 17, by Miranda Hofelt.

Arriving at the Art Institute of Chicago after completing her graduate studies in art history at the University of Pittsburgh, Miranda has enjoyed working both as a member of the curatorial staff and as an educator. Before accepting the position of lecturer in the General Programs Division

The Artist's Garden at Argenteuil by Monet, Courtesy of The Art Institute of Chicago

of Museum Education, Miranda was the collection manager and research assistant for European painting. She worked on the exhibition "Renoir's Portraits: Impressions of an Age." Miranda participated in writing the gallery guide for "Van Gogh-Gauguin: The Studio of the South," which approximately 700,000 people used.

The lecture will begin at 1 p.m. at the Barrington Area Library, 505 N. Northwest Highway. The fee is \$12 for members or \$20 for nonmembers. Contact Pat Fein at 1-847-382-5953 for more information. Advanced registration is preferred. Day registration is by check only.

## BHS Presents the Mixed Media Works of Cheryl Holz

The Clair E. Smith Art Gallery in Barrington High School will display the work of Cheryl Holz from Feb. 2 to 13.

Holz grew up in the country, collecting moss, bugs, leaves, snakes and salamanders. Her rural upbringing had a big influence on her aesthetic sensibility, and most of her work today is a homage to nature's strength, beauty and diversity.

24 Barrington LIFESTYLES February 2004

She has an undergraduate degree in art education, studied drawing and painting at California State at Northridge and received her master's of fine arts in crafts from Northern Illinois University. Cheryl's background in art education landed her a spot with the Illinois Arts Council's Artist's Roster for Arts-in-Education. Her work has been displayed in the Elmhurst Art

## Rotary Club of Long Grove Helps Seventh-Grader with Cerebral Palsy

Rotary Club of Long Grove helps Seventh-Grader Matt Hammer.

Matt Hammer is a seventh-grader at Lake Zurich's Middle School South. He has suffered from cerebral palsy all his life. As any child with cerebral palsy grows, the family faces challenges such as the task of lifting him to reach his upstairs bedroom, and Matt is no exception.

That's why Long Grove Rotarian Pat Kenny is organizing different activities to raise funds to buy needed equipment for Matt. To start with, volunteers provided gift-wrapping services at a local retailer during the holidays and raised over \$560. Interact, the Rotary of Long Grove's jun-

ior arm integrated by high school students, also contributed funds raised during the holidays.

However, more money is needed. T-shirts and bags promoting Rotary's Heritage 5K Run/3K Walk for Charity are being offered for contributions to Matt's cause. Sponsorships to this Rotary charity walk/run are welcome.

## Hypnosis

by Martin A. Nathan, M.A., L.C.P.C.

Hypnosis is being used more than ever for treatment of a variety of issues. These include nicotine addiction, eating disorders, nail biting, anxiety and panic attacks, weight loss, depression, anger, pain, and sleep disorders. *It is particularly helpful with stopping smoking.*

I'm a licensed clinical professional counselor and have been in private practice for over 28 years. I see couples for marriage and relationship counseling, and individuals for a variety of issues. I am certified in the use of clinical hypnosis and have been using it in my practice for the past 27 years.

I use hypnosis most often with individuals in order to quickly change habit and behavior patterns that the client considers undesirable. Using hypnosis helps the changes to take place in a much shorter

period of time than traditional counseling alone. The combination of short-term counseling with hypnosis saves both time and money.

If you think that you have an issue that may be treated by hypnotherapy, call and discuss your issue or issues with me. You will learn the approximate number of sessions, the cost per session and whether or not it's for you.

I am also a certified meditation instructor and teach six-week "Introduction to Meditation" classes on a regular basis. Meditation helps you to respond better to stressful situations, lowers blood pressure and generally makes you feel better. If you are interested in learning how to meditate or wish to restart your meditation practice, please call **1-847-934-6555** for information.

## B.H.S. Choirs' Upcoming Gala Event

The choirs and vocal ensembles of Barrington High School are hosting a gala fund-raising event, "Some Enchanted Evening," on Feb. 8. Everyone in the Barrington community is cordially invited to come and share a delightful evening of vocal music entertainment as well as a delicious dinner expertly prepared and elegantly served by the experienced culinary chefs and staff of The Stonegate Conference & Banquet Center in Hoffman Estates.

The evening will begin with a social gathering at 5:30 p.m., and dinner will be served at 6:30 p.m. During and after dinner, attendees will be entertained by the talented choirs and vocal ensembles of Barrington High School, including the Chamber Choir which, in the spring of 2003, became the first American choir to win the classical division of the international choral competition, Days of International Choir Music, in Verona, Italy. This year, the Barrington High School choir has been selected to perform at the

11th Annual National Invitational Choral Festival of Gold, to be held in April at Orchestra Hall in Chicago.

The school choirs and vocal ensembles perform under the leadership of their choral directors, Mrs. Nancie Tobison and Mr. John Hacker.

## Why Does My Child Hurt?

by Theresa McCay, L.C.S.W., C.A.D.C.

If a child were to fall and break a limb we would expect parents to make sure to get the proper medical attention. In addition, we would assume that they would follow up to make sure that the bone had healed properly. Likewise, when a child suffers from trauma, such as divorce, health issues, loss of a family member, drug or alcohol abuse, school failure, or peer pressure we would expect somebody to help them heal properly. Without proper guidance a child's pain can manifest itself in destructive patterns often resulting in clinically diagnosable symptoms. This is a frightening experience for both the child and the parent. If you are concerned about your child there is someone who can help.

I am a graduate of Northwestern University where I received a bachelors degree

in Psychology, and a masters degree from The University of Chicago in Clinical Social Work. I received extensive training in child and adolescent treatment at The University of Chicago Hospital's Department of Child and Adolescent Psychiatry.

I have received postgraduate training at The Chicago Center for Family Health where I received a two-year certification as a Marriage and Family Therapist, this coupled with a certification as an Alcohol and Drug counselor provides a knowledge base to serve the entire family system.

There will be times as a parent when you will not have ALL the answers, sometimes it nice to know that you can turn to someone who can provide relief and support for your family.

## Dr. Phillip Lee Patrone Now Practicing in Barrington

Periodontics, anesthesia and dental implants are now available in the Barrington community at the office of **Dr. Phillip Lee Patrone**, 204 W. Main Street, 1-847-277-0181.

Besides being a periodontist and certified anesthesiologist, **Dr. Patrone** has advanced training in surgical dental implant procedures and reconstructions. He is able to restore lost bone for future implants. If you have been told you are not an implant candidate, **Dr. Patrone** may be able to help.

**Dr. Patrone's** training in anesthesiology has afforded patients the opportunity to have their periodontal or implant care completed under the gentle, relaxing and anxiety reducing method of intravenous sedation/general anesthesia. Coming to the specialist's office no longer needs to be a fearful experience. If you or someone you know has avoided seeing a periodontist because of fear, anxiety or nervousness, **Dr. Patrone** and his staff will take care of you in a comfortable, safe and caring environment.

**Dr. Patrone** is partners with Drs. Stan Treitler and Terry Sandroff. Their four office locations in Arlington Heights, Vernon Hills, Bloomingdale and Barrington provide periodontal, dental implant and anesthesia services six days a week to meet your needs. Part of their success is working closely with your general dentist, especially since a large part of periodontal and implant dentistry demands strict attention to cosmetics.

**Dr. Patrone** was born in 1964. He was raised in Ohio where he attended prep school at Linsley Institute. After majoring in mechanical engineering for his undergraduate work, he earned a degree from

Dr. Phillip Lee Patrone

The Ohio State University College of Dentistry. He then completed a general practice residency/surgical internship at St. Elizabeth Hospital Medical Center.

## The Only Form of Permanent Hair Removal

**Absolutely! Electrolysis Salon** provides safe, gentle and effective permanent hair removal by a board-certified registered nurse.

For the past 10 years, owner Debbie Beller RN, CPE, has helped men and women achieve permanent hair removal on the upper lip, chin, eyebrows, underarms, back, arms, legs and bikini line.

Electrolysis is the only safe, sensible and permanent treatment for the removal of unwanted hair. It will free you from the limitations and frustrations of temporary hair removal methods such as lasers, waxing, shaving, bleaching, tweezing and depilatories. These temporary methods will only result in the regrowth of coarser and more deeply rooted hair.

Electrolysis is the only form of permanent hair removal approved by the FDA and the American Medical Association. It is a gradual destructive process that involves a series of treatments. Consistent treatment is the most important factor contributing to the success of reaching your goal of permanent hair removal. Fritzshall offers a consultation to assist clients in choosing the appropriate treatment schedule and method.

Any prospective client seeking electrolysis treatment should inquire about the

methods of sterilization of equipment, use of sterile disposable probes, gloves and a mask. Questions to ask of the electrologist include: What professional organizations do you belong to? What is your educational background? Are you board certified? What types of continuing education classes have you attended in the past year? Are you preparing yourself for licensing which will begin in January 2004? By next January, those electrologists who are not complying with the law will be forbidden to practice electrolysis. It is your right to be an informed consumer. Please ask these questions of your current electrologist.

Electrolysis will lift your spirits and your self-confidence as the look you desire is achieved, as the troublesome hair is gone forever! Electrolysis has been known to improve your physical appearance and self-image and help you feel more attractive and socially acceptable. You are making a permanent choice for a lasting impression!

**Absolutely! Electrolysis Salon** is located at 368 W. Liberty St. (Route 176), conveniently located two blocks east of Rand Road in Wauconda. Call **Debbie** at **1-847-487-9020** to discover the difference. You will love the results!

## Barrington Woman's Club to Learn The Truth About Mary Lincoln

In February, we celebrate Presidents Day. And living in "The Land of Lincoln," we hold our beloved Abe in high esteem. However, one of our most misunderstood and maligned first ladies has always been Mary Lincoln.

During her life, the press vilified her. Since her death, her image as a hellcat and an unmanageable wife has become part of the American consciousness. But just what is the true story of the wife of America's greatest president?

The members of the Barrington Woman's Club will have a chance to find out on Wednesday, Feb. 18, when Mary Lincoln will come to life as presented by Valerie Gugala of Bartlett. Gugala will set the historical record straight as she takes listeners through the life of a young woman born into a wealthy Lexington, Ky., family and the transformation she made from that life into one as the wife of a young man whose background was just

the opposite. The presentation will include her life in Springfield with Abraham and their children, through his election to the presidency and their life in the White House.

Valerie has performed for schools, churches, senior groups and park districts throughout the Chicago area. Some of the places she has appeared in the past include Elgin Community College, Bartlett Park District Senior's Group, Puffer Elementary School in Downers Grove and the Sycamore Historical Society.

This outing will take place at Millrose Restaurant and Brewing Co., 45 S. Barrington Rd., in South Barrington beginning with a social hour at 11 a.m., followed at noon by lunch and the presentation. Cost for this event is \$25. Sending a check made out to Barrington Woman's Club to Mickey Brown, 10 Pembury Way, Barrington, IL, 60010, will hold your reservation.

## Restylane®—Soft, Full and Natural

We are excited to add Restylane® to the comprehensive list of treatments we offer for improving the appearance of your skin. Restylane is used for the correction of moderate to severe facial wrinkles and folds, and to enhance or restore volume in soft tissues. **Dermatology Physicians & Surgeons, Ltd.**, is among the first to offer soft-tissue augmentation with this innovative facial filler that has been used safely in Canada and 60 other countries for several years. Restylane is the first and only nonanimal-sourced hyaluronic acid product approved in the United States. It carries a strong track record of success with over one million procedures performed.

As board-certified dermatologists and dermatologic surgeons, we have been treating patients for nearly 20 years with injectable soft tissue fillers. We believe Restylane represents a superior choice to the currently available fillers as it poses no known risk of allergy and lasts 6 to 12 months.

**Dermatology Physicians & Surgeons** is a nationally certified physician training site for Botox® cosmetic therapy. Botox and Restylane together are a powerful, nonsurgical means to soften the signs of

aging in both women and men.

On **Feb. 24 and 25**, we are planning another **Botox Days** event—this time joined with Restylane. On these two dates only, Botox cosmetic therapy will be offered at a **20% savings** in our Barrington and Crystal Lake office locations. A special focus on these days includes an introduction to Restylane with a representative from the distributor of Restylane, Medicis Aesthetics, present to answer questions about the product. In addition, our physician-trained, licensed estheticians will be available to discuss your skin care concerns, will demonstrate advanced clinical skincare treatments and award gift certificates for services at **Versa**. Even if you don't plan an appointment for Botox or Restylane therapy, stop by on Feb. 24 and 25 and learn how you can improve the health and beauty of your skin, for life.

Call either of our office locations today to schedule your appointment for Botox or Restylane or for a complimentary consultation on any aesthetic services.

Call our AAAHC accredited office location in Barrington at **1-847-382-5111** or in Crystal Lake at **815-455-4434**. You may also visit us on the Web at [www.yourskinforlife.com](http://www.yourskinforlife.com).

## Suddenly Single: Steps to Financial Fitness

Becoming suddenly single is not only emotionally challenging but often financially challenging as well. Debra Schoendorf, CFP® and Financial Consultant with **Smith Barney** in Barrington, suggests steps you can take to help you toward the road to financial fitness.

First, be involved with the financial side of your marriage. Even if it's decided that your spouse or partner will handle the investing and/or bill paying, know the account numbers and balances and where the funds are going. Develop credit in each of your own names. If your marriage ends, you should be in a better position to pull together the financial details.

When facing a divorce, review your budget and determine whether you can cover monthly expenses or find ways to cut costs. If you have children, consult your attorney to be sure that your divorce agreement spells out who will pay what portion of childcare and education costs, including higher education expenses.

If you haven't already, open a checking account (check with your attorney first) and credit card solely in your name. Remember to protect yourself by removing your name from any joint loan or credit card. Consult with your attorney before

alerting any bank or brokerage account that holds joint assets to freeze those assets until a settlement or some mutual interim agreement is reached.

Understand your mortgage options and determine whether the mortgage should be in your name only or whether you should refinance.

Understand your retirement plan(s) as well as those of your partner. If you have not worked outside the home, consult with your attorney to ensure that your divorce agreement spells out your share of your partner's retirement and how you will collect it. You may be entitled to receive your spouse's Social Security insurance benefits, so check with the Social Security Administration to learn if you qualify.

If your spouse owns a business or is a partner in a closely held business, be certain that fair value is considered in determining the "true" value of the business.

## Wild Oregano—Germ-Killing Spice

by Carole Childers, C.N., L.N.C., Owner, All Ways Healthy

Since ancient times, wild oregano has been used as a therapeutic herb. The ancient emphasis on oregano's germ-killing powers are confirmed by modern research. Studies show that oil of wild oregano is among the most potent of all germ killers. Further research at Cornell University found that of all the natural substances tested, wild oregano was one of the few that killed all germs against which it was tested. Other research documents the powers of wild oregano against fungi. As many as 80% of all chronic sinus, ear and lung problems are due to mold and fun-

gal infections. Even skin diseases, especially dermatitis, eczema, seborrhea and psoriasis are due to fungus. Oil of oregano's germicidal action is also profound against viruses. Studies show that oil of oregano destroyed viruses that caused shingles, cold sores and genital herpes. Virtually all research has been done on high-quality Mediterranean oregano rather than Spanish or Mexican. The oregano you might find on pizza isn't true oregano but rather marjoram. Check with your health care professional to find out more about this versatile herb.

## Menopause Redefined

by Marilyn L. Mitchell, M.D.

Menopause, in our culture, has been a closeted and lonely life transition. We expect that, as adults, our transitions into maturity and old age will be gradual and will not interfere with our ongoing lives. No matter when midlife starts, we are surprised when it happens. We need a redefinition of menopause. Also, transitioning through menopause, we redefine ourselves.

As you travel on this journey, you will move through physical, emotional, mental, spiritual and energetic levels of being and allow them to integrate. Create a safe space to gather support and information.

We invite you to listen to yourself, to join other women and to follow your longing at the **WiseWoman's Menopause Workshop**.

I have learned that whatever health crisis or transition we are going through, it is a sacred opportunity. Rather than consider illness or life transition as something to cure or abolish, the crisis is a sacred partner in our life story and can be a teaching to those of us who listen.

Join us! Come, learn and experience traditional medical and alternative holistic approaches to enhance one of the most powerful transitions in a woman's life.

## Continuing Education— The Key to Quality

by James T. Gavrilos, D.D.S.

New concepts, new techniques and new materials constantly challenge the dental profession. Sorting these out and selecting the best is an annual endeavor for dentists who maintain high standards.

Most of you are aware that dentists hold conventions with product booths where new materials and equipment may be examined. What you may not be aware of is the fact that the major thrust of these meetings is educational. At our Chicago Midwinter Meeting (held here in February), it is possible to attend shorter lectures and sample what the speakers have to offer. Then we often need to travel to the lecturer's hometown to attend an in-depth course on their subject.

The real learning occurs at these out-of-town courses. We select them from the choices offered to us at the conventions and through literature. The choice is made with the patient in mind. We want the dental experience to be as good as the

dental work. Most of our staff attends many of these meetings with us, since we believe in a team approach for maximum quality.

To help judge your dentist or evaluate a prospective new dentist, don't be shy; ask them about continuing education. It is an essential step in providing the highest standard of oral healthcare for patients.

Call **Dr. James T. Gavrilos** in Barrington at **1-847-381-4040** for evaluation.

## Restylane®: A New Treatment of Facial Wrinkles

by Gregory Michael Bazell, M.D., Diplomate of The American Board of Plastic Surgery, Inc.

Historically, the treatment of superficial wrinkles of the face has been with skin resurfacing techniques such as laser therapy, dermabrasion and chemical peels. Unfortunately, each procedure inflicts significant damage to the surrounding non-wrinkled skin.

A more logical and safer approach is to inject a substance, called a soft-tissue filler, exclusively into the wrinkles to avoid unnecessary damage to the surrounding normal skin.

**Restylane, the newest available soft-tissue filler in the treatment of superficial fine lines and wrinkles, is a safer and longer lasting alternative to bovine collagen.**

**What is Restylane?**—Restylane is an injectable form of hyaluronic acid made by a microbiological fermentation process in a laboratory. Restylane is not derived from an animal source and, therefore, carries little risk of infection transmission or allergic reactions in patients sensitive to foods such as beef, chicken and eggs.

**What is Hyaluronic Acid?**—Hyaluronic acid is a natural substance in our skin that helps maintain its youthful appearance by providing volume and fullness. It is abundantly present when we are young but begins to decrease with age. The name given to this clear looking gel-like substance comes from the Greek word *hyalos* meaning "glass."

**How does Restylane work?**—Once injected into a wrinkle, Restylane attracts and binds water molecules in the skin to increase its volume.

**Who makes Restylane?**—Originally developed in Sweden, the company Medicis (Scottsdale, Ariz.) acquired the rights to this product in March of this year.

**Is it FDA approved?**—Restylane attained FDA approval for use here in the United

States on Dec. 12, 2003. Restylane is available in over 60 countries outside of the United States.

**What is its main use?**—Restylane is most effective in the treatment of fine lines and superficial wrinkles on the skin around the mouth, lips and forehead.

**How is it injected?**—Using a thin needle, Restylane is injected directly into wrinkles to plump them up. The procedure takes about 30 minutes and results are immediate.

**How long does Restylane last?**—Reports of results lasting up to six months or longer with one injection exist. From my experience with most new products that appear, the actual duration of results will probably be less than the claims made by the manufacturer.

**What happens to Restylane?**—Restylane is removed naturally by our body's own mechanisms.

**What are the advantages of Restylane over bovine (cow) collagen?**—No allergy or skin testing is required and results last longer.

**What are the side effects?**—The most common side effects include pain, redness, swelling and itching at the injection site which resolve within 48 hours.

**A word of caution**—You should remember that the injection of Restylane is a medical procedure and should be performed by a qualified aesthetic plastic surgeon. Although any physician can legally inject Restylane, **The American Society of Plastic Surgeons suggests that individuals seeking Restylane injections should seek a plastic surgeon certified by The American Board of Plastic Surgery, Inc.**

If you would like to schedule an appointment for Restylane, please contact Kristen at **1-847-382-4160**.

### Brookstone Attracts Discriminating Home Buyers to its Spectacular Estate Homes

Discriminating home buyers won't purchase cookie-cutter homes on small lots or live in large communities. Instead, they come to **Brookstone**, a community of 15 one-of-a-kind homes on one-to-1 3/4-acre wooded sites. Situated on rolling terrain, all of the estate homes have walkout or English basements. Located next to the Buffalo Creek Forest Preserve in southeast Long Grove, this small community is perfect for the discerning home buyer.

Phase II is now open with seven home sites that back up to a magnificent 400-acre forest preserve.

"Most of our homeowners spend their leisure time enjoying nature from their backyards, which is why we have designed the back of our homes to look as beautiful as the front," said Rick Bouchez, who, along with Steve Day, are partners on this project. "Therefore, they desire exterior elevations to be not only functional but also dramatic."

Amenities such as elegant oversized balconies extend off the master bedroom, brick paver heated patios, year-round fire pits, outdoor fireplaces, compact exterior kitchens, and screened and heated sun rooms combine to make the outdoors an

extension of the home.

Homeowners can also leave the comfort of their backyard for a wealth of outdoor activities in the forest preserve. They can bird watch, photograph nature, ride their bikes along scenic bike paths, exercise on walking trails, or fish in the two well-stocked lakes.

Because the outside of a home should have curb appeal as well, the builders pride themselves in creating impressive homes with European country architecture reminiscent of a French chateau. The homes are aesthetically pleasing with brick, stone and stucco along with limestone accents. Even the bedroom balconies enhanced with limestone balusters are spacious enough to accommodate a couch, rattan chairs and a table.

Impressive in design is an octagonal turret which houses an eight-foot whirlpool hot tub on the second level and a beautifully shaped breakfast room on the first floor.

We invite you to visit our exquisite community and learn why a **Brookstone** home is right for you. Call **1-847-808-2940**.

## Totally New—From Top to Bottom by Tamara Tabel

Ann and Brian DeMay wanted to change more than a few things about their Palatine home. They needed significantly more space, and wanted the new floor plan to be more conducive to entertaining and to the needs of their two sons. Their plans included a new great room, a totally remodeled kitchen, an office for Brian, reconfigured upstairs bedrooms, a remodeled master bath, a full basement and a new attached garage. Sound like a pretty tall order? Not for **Delta Renovations** and **Barrington Kitchen and Bath Studio** of Barrington. They were more than up for the challenge.

**Mark Zurek of Delta Renovations** took the lead in the extensive renovation of the DeMay's house, which more than doubled the size of the home—from 1700 to 3600 square feet. By expanding up and out into the back yard, the DeMays were able to add an expansive, two-story family room and a unique, octagon-shaped eating area. A new office was also added for Brian. Additional footage was created by adding a full basement underneath.

The upstairs changed considerably, as well. To make better use of space, three smaller bedrooms were converted into a loft and an expanded bedroom for the DeMay's two young boys, while a totally new bedroom was added over the garage.

**Ross Gerami of Barrington Kitchen & Bath Studio** worked closely with the DeMays and their design team to achieve a kitchen with modern amenities, but with an Old-World influence. The choice was pine cabinets and a slate floor, with special custom details, such as a tin-paneled door, a "hidden" refrigerator and 150-year-old ceiling beams, adding to the charm.

Additional custom details added a personal touch to other areas of the home, as well. **Mark Zurek of Delta Renovations** designed and built cabinetry in Brian's office, a bookcase in the upstairs closet, and fun and functional details for the boys... including raised, staggered bunk beds, built-

in dressers (to capitalize on the truncated space created from the gable roof line), and an entertainment center in the boys' loft.

Custom built-ins, like these bunkbeds in the boys' room, add a personal—and practical—touch.

And, as the final change in the DeMay home, the lower-level master bath was totally remodeled, including the installation of a slate shower stall with glass doors, a marble-topped double sink and lots of new cabinets.

But in spite of the extensive nature of the changes, the underlying character of house stayed the same—rustic and casual. Just the feel the DeMays hoped to achieve.

"I love our house," said Ann DeMay. "Everyone's work was superb. We got everything we wanted—I don't have any regrets."

If you're considering a change to your home—no matter how big—talk to the experts at **Barrington Kitchen & Bath Studio** and **Delta Renovations**. Just call **847/381-3084**. They'll help you transform your home from outdated to outstanding!

The new open floor plan features a new kitchen with Old World charm...and an octagon-shaped eating area with turret ceiling and lots of light.

## The Many Benefits of Sauna

"Old Finnish proverbs consider sauna to be the 'medicine of the poor, the hospital and of Finland,'" according to *Spa and Sauna Magazine*.

"Saunas promote the perspiration of body toxins, stimulate circulation, increase body metabolism, keep skin glowing and youthful and alleviate sinus congestion due to colds, asthma and allergies.

In fact, many feel it's one of the most effective detoxifying treatments available.

Today, in many research laboratories around the world, saunas are being tested as therapy for chemical poisoning. Because of the mental relaxation saunas are able to induce, it's said to be the perfect environment for intimate conversations with spouses, friends and children," *Spa and Sauna Magazine* continues.

## The Beatles' Original Ed Sullivan Performance Recreated!

(Continued from page 19)

Spencer Davis of the Spencer Davis Group and the original Beatle drummer himself, Pete Best! American English, along with the celebrity artists, gave fans a fantasy concert that could never be outdone.

In April 2002, American English had their most authentic Beatle-stamp of approval yet when sister Louise, of the late George Harrison, witnessed the show for the first time. She was moved to tears by the band's performance and was quoted as saying, "Martin Scott's performance as George made me feel like my brother was right here with me again." Since then, Louise has adopted Scott as family. In a private meeting with Paul McCartney, she introduced him as her "new adopted baby brother."

American English continues where John,

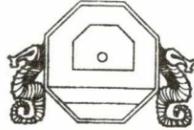

Paul, George and Ringo left off. The story of American English is still being written, and you can be a part of it! Tickets are available now by calling **Raue Center Box Office** at 815-356-9212 or ordering on [www.rauecenter.org](http://www.rauecenter.org). The box office is located at 26 N. Williams Street in downtown Crystal Lake. Hours are Tuesday, Thursday and Friday, 10 a.m. to 6 p.m.; Wednesday, 10 a.m. to 4 p.m.; and Saturday, 10 a.m. to 2 p.m. For information, visit the American English Web site at [www.americanenglishbeatles.com](http://www.americanenglishbeatles.com).

Gary Lang Auto Group is located at 1107 S. Route 31 between Crystal Lake and McHenry and is the area's largest dealer of Chevrolet, Cadillac, Pontiac and Subaru vehicles.

## Glare-Not Window Tinters Provides Savings Year Round

Improve appearance with the elegant look of window film. Residential films are now backed by a manufacturer's lifetime warranty. Solar Gard, Sun Gard and 3M films come in a variety of densities from clear to blackout or neutral to reflective with a natural and beautiful look. Neutral films keep the same look of the trees, grass, and blue sky.

Window film rejects up to 98% of harmful ultra violet rays which is a major contributor to fading of furnishings, carpets, drapes, pictures, etc.

Solar Gard, Sun Gard and 3M also improves efficiency by rejecting up to 79% of the sun's solar energy in the summer and insulating your home to retain heat in the winter, meaning less money going to our favorite people (electric co.) and remaining in your pocket.

Window film also increases safety with pressure sensitive adhesive. The adhesive

bonds the film to the glass helping to hold fragments in place if glass breakage were to occur by a golf ball, baseball, or burglar, making glass shatter resistant.

**Glare-Not Inc.** has provided savings and security for 11 years in Barrington, Long Grove and the north shore area. Remember all Solar Gard, Sun Gard and 3M films are backed by a manufacturer's lifetime residential warranty. Many locations are tinted by **Glare Not**, including: Brach's Candies in Chicago, Avon Corp. in Morton Grove, two Ace Hardware corporate offices, four Armcore banks, First National Bank of Chicago, plus 1,000's of homes. References are available upon request.

We look forward to saving you money!!!

## From a Woman's Point of View

by Gail Wickstrom, Wickstrom Ford Lincoln Mercury

Honored as **Wickstrom Ford Lincoln Mercury's** Employee of the Year for 2003 was our service director, **Lee Liotta**. In presenting the award, Tim Wickstrom congratulated Lee on shaping the careers of many young men and women who have entered the automotive field. Lee seems to have a knack for hiring people with "the right stuff" for the position of long-term service advisor. This year, Lee will have been with **Wickstrom** family organization for 20 years. Thank you Lee!

Our Service Technician of the Year is **Bill Ries**—a remarkable achievement as he began his career at **Wickstrom** changing oil in the Quick Service Lane in June 1998. He completed his technical training at Universal Technical Institute and continued to study under the Ford Training Program. He is now certified as a Senior Master Technician. This means he has completed courses in eight specialized areas as determined by Ford, plus certifications from the Institute for Automotive Service Excellence. Bill has also achieved success on a personal level with his recent engagement. All this in five years! Great job Bill!

The Salesperson of the Year is Brian

Lewandowski. This achievement is attained by... selling the most cars! Brian was our top performer for three months in 2003 and is working hard at repeating this feat. Brian, thank you for your outstanding effort!

Please feel free to stop by for a lube, oil and filter change. See for yourself the **Wickstrom Ford Lincoln Mercury** difference! Both stores on Northwest Highway can perform oil changes without an appointment. And for your convenience, **Wickstrom Ford** service department has Saturday hours to 3:30 p.m.

## Old Mill Kitchen Design Bridges History, Trend-Setting Style

Visitors to McHenry-based **Old Mill Kitchen Design** step into a multilevel showroom featuring a wide range of Wood-Mode and Brookhaven displays. But that's not the first thing that will get their attention.

Owners Larry Holland and Dan Grabow have set up shop in a renovated flour mill built during the Civil War. The local landmark has a striking atmosphere, blending historic elegance with the new frontier of kitchen and bath design.

"Both Dan and I bring certain strengths

to our business," Larry said. "My background is in sales and design, while Dan is experienced in fabrication and installation. We each have been in the business for 30 years, so we feel we can comfortably overlap our expertise to create a team that can push the envelope in the area of design and remodeling."

With four designers and two installation crews, **Old Mill Kitchen Design** is well underway to establishing itself as one of the premier kitchen and bath showrooms in the area.

## Samuel A. Kirk School's 32nd Annual Spring Showcase of Arts & Crafts

The Spring Showcase of Arts & Crafts for 2004, sponsored by Alpha Gamma Delta Alumnae and PATHS (Parents and Teachers of Handicapped Students), will be held on Saturday, March 6, from 10:00 a.m. to 4:00 p.m. and on Sunday, March 7, from 10:30 a.m. to 4:00 p.m. The showcase will be held at the Samuel A. Kirk School, 520 South Plum Grove Road, Palatine, IL, 60067. A donation of \$2 at the door is requested.

This juried showcase will present over 90 artists and crafters from the Chicago area, Illinois and other states. A variety of media will be available: fine artwork, stained glass, ceramics, photography, leather work, jewelry, metalworking, woodworking, dolls, toys, baby items, home decor pieces and much more.

The cafeteria will serve soup, sandwiches, snacks, coffee and soft drinks. There will also be a bake sale. A free, convenient shuttle bus from Fremd High School (at Quentin Road and Illinois Avenue) and Pleasant Hill School (434 West

Illinois Avenue) will run continually during the show for easy shopping. (We are sorry, but we cannot accommodate child strollers.)

Proceeds from the show will benefit the Kirk School and the Alpha Gamma Delta Foundation. Samuel A. Kirk School was opened in 1971 to provide training and education for physically and mentally handicapped children. This public day school, which serves 11 different communities (Arlington Heights, Barrington, Buffalo Grove, Elk Grove Village, Mt. Prospect, Palatine, Prospect Heights, Rolling Meadows, Schaumburg, Hoffman Estates and Wheeling), provides education and training in functional academics, daily living activities, community-based activities and vocational skills for students ages 5 through 21.

## Stonecrafters' Showroom Lakemoor Showroom with State-of-the-Art Production Facilities

Come to **Stonecrafters**, your one stop for gourmet granite kitchen tops and much, much more!

Who is **Stonecrafters** and what do we do? We're a family-owned company, a natural stone fabricator and importer, located in the Northwest Suburbs for the past 11 years. We have moved from Wauconda to our new showroom and plant in Lakemoor in May 2001. We employ 40 people who are all specialists in stone cutting and true, professional customer service.

Take a drive and see our showroom. Our stocked yard can save you time and money. Look through our inventory of over 1,000 stone slabs. Why look at a sample when you can view the whole slab? And, you can actually pick out your own slab when it's time to order! We eliminate the middleman and pass the savings on to you. For example, we offer 1 1/4-inch granite at \$56.00 installed! No need to travel to the wholesalers.

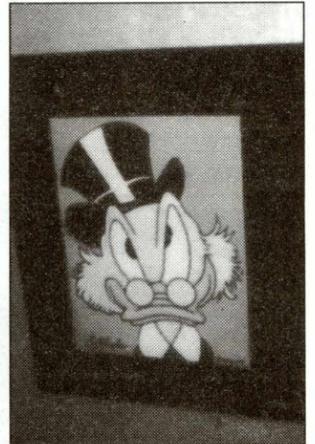

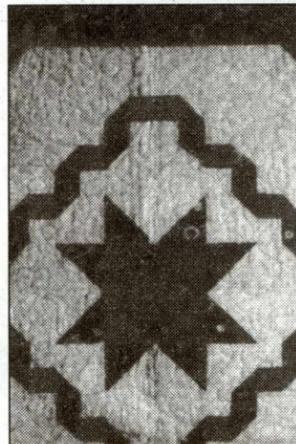

When you visit **Stonecrafters**, you can see unique products like: kitchen countertops, island countertops, stone columns, shower and tub surrounds, reception desks, full-height splashes, full-wall fireplaces, fireplace surrounds and hearths, custom tub decks and architectural stone details.

Obviously, every order starts with custom measurements and ends with a quality installation by our experienced staff. We pay attention to details. That's what makes us different.

Call **1-847-526-9594** or visit us to discuss your needs. We are open 8 a.m. to 5 p.m. weekdays and Saturday, 8 a.m. to 12 noon! Bring your plans for an estimate and receive a free granite pastry board.

**Currently, we are offering 10% OFF in-stock materials on purchases of \$2,500 or more during February 2004! Please present our ad at time of quote request.**

## Scrooge McDuck and Beautiful Quilts Exhibit at Raue Center Art Galleries

**Please join us for an artist's reception on Saturday, Feb. 21, at 5:30 p.m. at Raue Center For The Arts.**

The next exhibits at Raue Center For The Arts will take on a new venture as the public is invited to see the private collections of the Rev. Ed Bergen of Immanuel Lutheran Church and an amazing display of the beautiful craft of quilting as presented by the Hospice of Northeastern Illinois.

The four-week exhibit will run from Feb. 19 through March 29. An artist's reception will be held Saturday, Feb. 21, at 5:30 p.m. following the 3:00 p.m. performance of the *Festival of the Voice*. The public is invited to attend this meet-the-artist reception. Raue Center For The Arts is located at 26 N. Williams Street in historic downtown Crystal Lake. Regular gallery hours are: Tuesday, Thursday and Friday, 10:00 a.m. to 6:00 p.m.; Wednesday, 10:00 a.m. to 4:00 p.m.; and Saturday, 10:00 a.m. to 2:00 p.m. The galleries are also open one hour prior to show times.

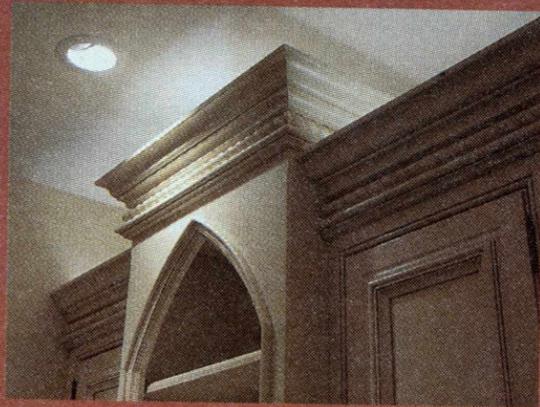

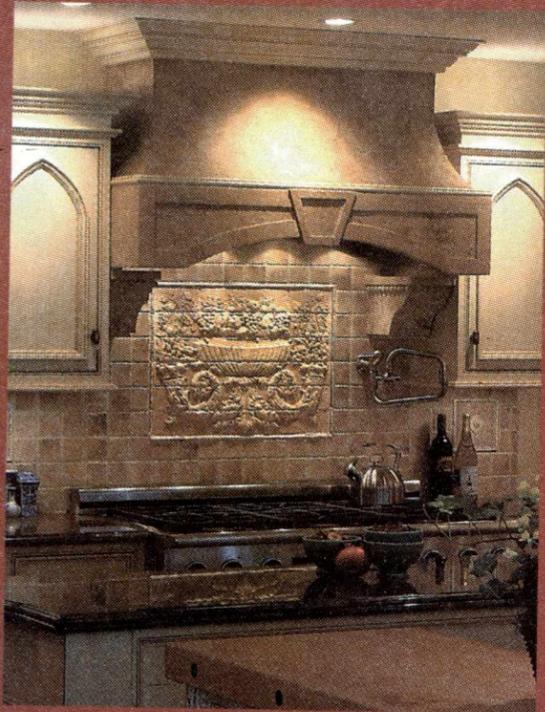

The Disney collection features Scrooge McDuck and the drawings of Carl Barks, the comic book artist responsible for creating many of the Disney duck characters, most notably Scrooge McDuck. The exhibit includes a biography of Carl Barks

along with original art, vintage comic books and other limited-edition pieces of art. The artwork will be exhibited in the gallery named by Immanuel Lutheran Church in memory of Florence Bohl.

Hospice of Northeastern Illinois will celebrate its 20th anniversary in 2004. And as part of the celebration, they will display a collection of beautiful quilts at the Raue. The quilts are a donation from the Algonquin Quilter's Guild and are a visual extension of those who care about individuals experiencing the end of life. The Hospice hopes to raise money to support their activities. Therefore, quilts on exhibit will be for sale to the general public.

Artists interested in applying to exhibit at Raue Center For The Arts are asked to submit a résumé, slides reflecting quality of completed work, an artist's statement and a list of titles. This year's deadline for submission is July 30, 2004. Entries should be sent to the Raue office at 108 Minnie Street, Crystal Lake, IL, 60014.

For more information about the Raue Center Visual Arts Program, contact Holly Richard at 815-356-9010.
