## Electrolysis Is The Answer

Anyone who is interested in good grooming and an attractive appearance is likely to read about electrolysis. It is the *only method* which will remove your unwanted hair permanently, and it is not a new technique. Successful results have been reported and discussed favorably in the medical journals since 1875, more than a century ago.

Nowadays thousands of women make appointments every week with their electrologists, but very few openly tell their friends or relatives about the positive results. Most people are too embarrassed to mention facial or body hairs, and so the facts about permanent removal must often be learned from responsible beauty editors or medical columnists.

Fortunately, there is a skilled electrologist at **Clear Reflections** in the Barrington Commons who can remove those telltale hairs quickly and conveniently in the privacy of a professional office.

Now past its 100th anniversary, electrolysis is a boon to mankind which goes on making converts every day. The reason is obvious—success and permanence make an unbeatable combination.

Take away those unwanted hairs and what you have left is confidence in your own charm and attractive appearance. Phone **Clear Reflections** at **381-9020** for your appointment.

**Clear Reflections** has provided 19 years of service at the same location.

November, 1995

Dear Reader,

Its not every village or town that offers residents a chance to have a say in how their village hall should be designed. But the lucky residents of Barrington are asked to do just that. Building, Sites and Facilities Subcommittee Chairman Robert Woodsome has come up with the exciting idea of involving the residents in how the new building should look. The design ballot is to be found in the Special Edition Village Report mailed recently. Increasing public awareness, the proposal project comes before the public for financial approval on Election Day, November 7th. Should it be a conservative style, a prairie style or neo-classic in design? It's for the villagers to help determine. It's fun, and many years from now, everyone will know, as they pass the building in admiration, they helped in the decision!

It's rapidly approaching... that most beautiful time of year. We hope the "early shoppers" will enjoy the wonderful holiday gift selections *Lifestyles* has provided in this issue.

Until next time, may all your thoughts be sunny.

With warm regards,  
Glenn McMonigal  
Editor, *Lifestyles Magazines*

## "An Evening Of Elegance" Benefit For Arden Shore

**Barrington Committee of Arden Shore (Front row left to right) Sandra Brigante, Lynn Acerra, Co-Chairperson, Dottie Rzeszutko Chairperson, Dana Johannesen, Marian Sanfilippo, Anne Karacic (Back row left to right) Karen Vosmik, Karen McConnell, Wally Legat, Marlene Lawton, Elaine Donovan**

**Presentation of Appreciation Gift to Jasper and Marian Sanfilippo by Robert Guenther of Guenther/Luna Glass Works, Inc. from Los Angeles, CA**

Each year the committee for the Benefit for Arden Shore Children and Family Services holds a dinner-auction to raise funds. A not-for-profit children's home and diagnostic center in Lake Bluff, Illinois, Arden Shore provides a stable environment as well as individual counseling for abused and neglected children from all over the Chicago area. This year the Benefit was held on September 30th.

Held at the Sanfilippo residence in Bar-

rington Hills, the benefit included a silent auction, live auction, prizes, dinner and a concert.

Local floral contributors to the gala were Pittas Greenhouse who provided all of the beautiful table arrangements and Enchanted Emporium, Evergreen Florist and Barrington Bouquet who did the floral arrangements shown throughout the home.

Over \$90,000 was raised that evening, all for a wonderful cause.

## BWC Readies For Winter Wonderland

The Winter Wonderland Luncheon and Fashion Show will be held Wednesday, November 15, 1995. Social hour begins at 11:30 A. M. at the Marriott Lincolnshire Resort.

Barrington Woman's Club annual luncheon/fashion show, Winter Wonderland, will be professionally produced by ZZAZZ Productions. Professional models as well as children and grandchildren of club members will model fashions from several retailers, including Barrington's Chuck Hines, Mondy and For You (for the less slim), in Woodfield, Kids R Us in Springhill, Robin Elliot Ltd. of Morton Grove, Furs by Talidis (the Mink Barn) and Doncaster (fashionable cloths sold from homes across the country). Men's, women's and children's wear will be included in the show.

Prizes include two round-trip business class tickets to Munich, courtesy of Lufthansa German Airlines.

This is an event you will not want to

miss. It is BWC's main fund-raiser to support its scholarship and other philanthropic endeavors.

We want to acknowledge Harris/Suburban Bank as a major supporter of our scholarship effort.

In 1931 the Scholarship Committee was formed to give loans to college students. Since 1965, yearly scholarships are given, rather than loaned. In addition to the current two \$2,000 for four years college scholarships, one \$2,000 four year scholarship and two one-time \$1,000 grants were awarded to deserving Barrington High School seniors in 1995.

Scholarships and donations in the 1994-95 club year were over \$11,300 to various local philanthropic and social services such as: Barrington Area Library, Barrington Historical Society, Citizens for Conservation, Food Pantry, Barrington Youth Services, The Court Appointed Special Advo-

Johnson Auditorium the first weekend in December. Performances are Friday, December 1, at 7:30

p.m., Saturday, December 2, at 2:00 p.m. and 7:30 p.m. and Sunday, December 3 at 2:00 p.m. Advance tickets are \$12 for children, students and senior citizens, \$15 adults. ## A Return To Glamour

Return to glamour this holiday season with **Mondi's Gala collection**. From the important sleeveless dress to the slim suit, the Gala collection defines great style. Ultra-feminine silhouettes mixed with expert tailoring and rich fabrics make this collection unforgettable. Fitted shapes are brought back into the limelight with clean lines, which artfully frame a woman's silhouette. Fresh, bold colors from electric lilac to raspberry rose give a new flash for evening dressing. The looks range from tailored sophistication in the chic and versatile tuxedo to feminine sensuality at its

best with the pale pink dinner suit. Exquisite detailing from the days of Audrey and Grace—beaded chiffon, delicate rhinestones, and satin bows—adorn the collection.

Gala is a collection in the **Mondi Fashion Group** sold in its signature stores and exclusive department stores in 62 countries around the world. **Mondi** collections include Mondì, a collection of feminine, elegant clothing for any occasion; Portara, collection of fashion forward separates; and Patrizia, fashion classics for the larger woman.

Through the efforts of successful fund raising by the BYS Auxiliary and the Board's Capital Fund Campaign, as well as the sale of its former building, the purchase of the two story, brick facility was achieved. The Capital Fund Campaign reached its first level of \$50,000 by the time of the move. The final goal of \$100,000 is needed to complete building changes, furnishings and debt reduction.

Barrington Youth Services provides counseling, prevention and intervention programs to youth and their families who live in the geographic area of School District 220.

## Limited Edition Prints Bring Home The Warmth Of The Season

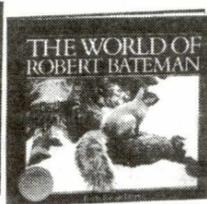

There's no place on earth like grandma's house. And no warmer place than the memories that fill her kitchen. Artist Charles Peterson captures the sentimental, almost mystical, reflections of a day gone by with his latest limited edition print, *...And Apple Pie*, which debuts this month at **Woodland Art Gallery**. It's just one of the incredible ways you can bring home the warmth of the season with collectable art from the area's most respected gallery.

"Time Coaster" by Dean Morrissey

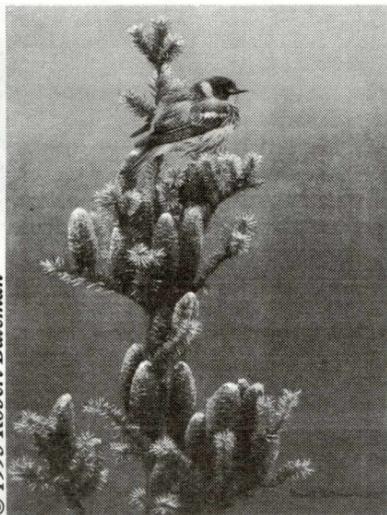

Let the wonder of it all fill the heart of someone special with Dean Morrissey's new release, *Time Coaster*, the long-awaited limited edition companion piece to the sold out edition of *The Red Rocket*. Call now for details on how to reserve this extremely limited print. And while quantities last, receive an autographed copy of the instant best seller *Ship of Dreams*, the fantastic storybook about Joey's Red Rocket, by the artist as your special holiday gift with any framed Morrissey print from the gallery.

Promising to be one of the most sought-after prints of the season is artist Terry Redlin's annual Christmas print. This year's *Night on the Town* marks the fifth in the series of holiday prints from one of the world's most collected artists and continues the tradition of heartwarming, nostalgic

looks at the past. It's a sentimental family sleigh ride reminiscent of a time when people traveled just a little bit slower. **Woodland Art Gallery** boasts the largest collection of Redlin works in the area including many sold out prints. And as your special holiday gift, you'll receive a copy of his book *The Art of Terry Redlin* while supplies last with any framed Redlin print.

## Visit The Monet Exhibit And More At Fancy Art \*N.F.P.

Autumn is in the air, and as mother nature paints the leaves in her splendid colors, **Fancy Art \*N.F.P.** is also unveiling new colors and themes for the season.

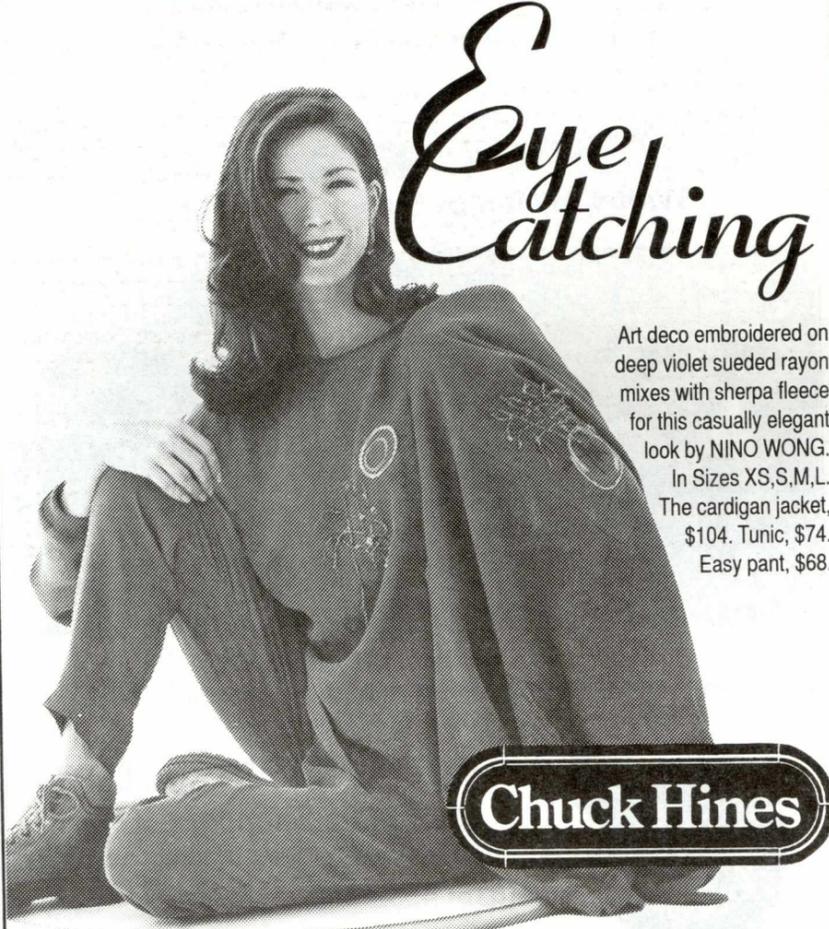

During October and November, **Fancy Art \*N.F.P.** will feature its own *Monet Exhibit*. There will be close to forty works, representing every period of Claude Monet's evolution. So if you've been unable to see the original exhibit at the Art Institute; stop by at **Fancy Art \*N.F.P.** The nicest part about this exhibit, aside from the convenience, is that if you see something you really like, you can take it home with you.

Of course, there is a great deal more to view and enjoy on your visit. **Fancy Art \*N.F.P.** has recently agreed to represent several up and coming and prominent local artists; there is: Roger Adams, a graduate of the Art Institute, whose nature and still life works display a genius for color, shading and expression of movement; Susan Nimmer, a resident of Barrington, who has already received much local recognition for her beautiful works in water color; Andrzej Krawczyk, who lives and works in the outskirts of Warsaw, Poland and who is most prominent and known in Eastern Europe for his works in equine art. Additionally, **Fancy Art \*N.F.P.** is the exclusive local distributor for: Winn Devon Fine Art

Group, White Door as well as Chalk and Vermillion, New York Graphics Society and most recently Hadley House, with artists such as: Terry Redlin, Mike Capser and Steve Hanks.

Perhaps most important, is to remember that **Fancy Art \*N.F.P.** specializes in custom framing and is one of only a very few shops in the N.W. corridor, that does the entire custom framing process in house. Their friendly, trained staff takes the time to guide and help you choose the best colors and framing to match your taste and the decor of your home; this is best exemplified in that there have been many interior decorators and local artists who have already used the services at **Fancy Art \*N.F.P.** and everyone of them has had high praise for the quick, friendly service, professionalism and reasonable rates. Their name says it all, it's: **Fancy Art \*Not Fancy Prices.** **Fancy Art \*N.F.P.** is located at: 113 E. Main St., Barrington, IL; their phone number is: 708/304-4045 or 1-800/FancyArt.

## Enzymatic Exfoliation Excellence

The latest news in the hydroxy acid arena relates to natural fruit enzymes. Enzymes leave the skin smoother and brighter, exfoliating and sloughing away the top dead layer of skin cells. They're a natural, non-irritating solution for everything from dryness to acne.

Where are these enzymes found? Papain enzyme is found in the papaya fruit, and bromelain enzyme is found in pineapple. Look for both of these enzymes, combined with hydroxy acids in Dermalogica's Gentle Cream Exfoliant. Use this rinse-off masque at least twice a week for super skin-

smoothing results. These effective enzymes are also used in our professional strength Skin Exfoliant System and Bio Peel. Ask us to add them to your next skin care treatment!

Remember, we are here for you and we work for you. Because we value you as a client, you don't have to puzzle out your skin care needs alone. We want to offer our advice in whatever way we can, so call us or stop by soon.

## "The Reflection Of Light"

With little fanfare, **Joseph T. Rush, Master Photographer**, and owner of **Langdon's of Barrington**, has been developing award-winning portraiture in the Barrington community for the past 25 years.

Mr. Rush's fine arts background has included teaching music and photography and judging fine arts competitions. He has set and maintained high standards in the field of photography so that one of his portraits has been published by Kodak as illustrative example of "Fine Professional Portrait Techniques."

**Langdon's of Barrington's** commitment to excellence extends to community service. Since 1970, Langdon's has produced

the portrait of each Chairman of the Board for the Barrington Area Chamber of Commerce. For the last four years Mr. Rush and Langdon's of Barrington has contributed the cover portrait for the annual Chamber Christmas publication.

Bursting with color and detail and exhibiting subdued lines and subtlety, Joe's portraits are classically chic and sophisticated, minus the trendiness of Fad photography, and have passed the test of time.

**Langdon's of Barrington** invites you to call now—**708-382-5463**—for your Holiday Portrait. A portrait during the Holiday becomes a "Portrait of an Heirloom," transforming cherished loved ones to life through the medium of photography.

## November Events

### At The Barrington Ice House

The leaves have fallen and the weather has turned cold, both signs that the holidays are just around the corner. Keeping that in mind, we remind you to shop at our seventeen boutique shops, located at the **Ice House**, for your every day needs and holiday shopping. We also invite you to come to the **Barrington Ice House Village Shops and Restaurant** for two special upcoming events during the month of November, both great opportunities to begin your holiday shopping.

The Autumn Art Show, sponsored by the Barrington Area Arts Council, is scheduled for Saturday, November 4, 9:30-5:30 and Sunday, November 5, 12:00-4:00. Thirty two juried fine artists from Illinois and surrounding states will have their art work on display throughout the mall. There will be paintings, photography, jewelry, pottery, sculpture and much more. Come to shop for yourself or to buy a gift for that special person.

Saturday, November 18, 9:30-5:30 and Sunday, November 19, 11:00-5:00 the **Ice House** will host its Annual Holiday Open House. Our unique and diverse shops will be offering a wide variety of in-store promotions and complimentary refreshments. This event is the kick-off for the holiday season at the Ice House so plan to take advantage of the special sales and promotions at each of our shops.

Our seventeen boutique shops offer a wide variety of items for your gift giving purchases: Aubreys of Barrington offers gifts and decorative items featuring Waterford, Fitz & Floyd, Edna Hibel, Staffordshire, and Mottahedeh; fine toiletries and home fragrances from Crabtree & Evelyn, Scarborough, Yankee Candle, and Claire Burke can be found at Barrington Bath Shoppe; Benetton of Barrington has a unique upscale assortment of adult and children's clothing for all seasons; Blessings, Gifts from the Heart, specializes in fine quality inspirational gifts; Bravo of Barrington is a unique gift and apparel shop with a focus on the performing arts and sports; original, hand-blown, art glass lamps, vases, perfume bottles and paperweights as well as stone sculptures can be found at Chesterfield Galleries; European

In addition, She & "I" Hair & Nail Salon, also located at the Ice House, is a full service salon featuring custom cuts, hair color, perms and manicures.

All of our shops specialize in personalized service and most offer gift certificates, gift wrapping and UPS service. In addition, mall gift certificates, good at any one of our boutiques, salon or restaurant, may be purchased at the Management Office.

Speaking of our restaurant... Chessie's is "the" place to meet friends for informal dining and warm, friendly service. ### Blown Glass With A Twist

**Chesterfield Gallery** at the Barrington Ice House is currently featuring an exhibition of blown glass sculptures by Chicago artist Eric Bladholm.

Bladholm's glass objects are primarily non-functional sculptural studies in form and color, but reflect the functional perfume bottle family since they are in two sections: a vessel and custom fitted lid. The designs are derived from real life interests—from Art Deco architecture to the Asian art of Bonsai and everything in between.

Bladholm has a Bachelor of Fine Arts, with Glass Major, from the California College of Arts & Crafts and has studied under master glass artists Marvin Lipofsky and Dale Chihuly.

**Chesterfield Gallery** also carries art glass by Lotton, Orient & Flume, Peter Patterson, Ed Nesteruk and others as well as raku pottery by American and British Columbia artists, Shona sculpture and hand-etched crystal from the Czech Republic.

During the month of November, **Chesterfield Gallery** offers **20% off selected pieces by Charles Lotton**, includ-

ing some vases with his signature "Fantasy Flower" design.

## Quest For Excellence

For many who follow the demanding course toward connoisseurship in contemporary Indian art, their path often leads to **Tribal Expressions**. The Arlington Heights gallery affords browsers and buyers alike an opportunity to meet nationally known artists and craftsmen. In November the gallery will host Hopi Kachina carver **Wilmer Kaye** and Zuni jewelers **Roderick and Lela Kaskalla**.

Wilmer Kaye's carvings have been used as cover illustrations for *Arizona Highway Magazine* and he has received the prestigious award for Best Kachina Doll carvings and sculpture at the Indian Market in Santa Fe. The craftsmanship of the Kaskallas' stone inlay jewelry has helped them establish a loyal following for clean, straight-edged geometric designs that are rooted in traditional Zuni patterns. Please call **Tribal**

"Crow Mother," said to be the mother of all kachinas. Cottonwood root carving by Wilmer Kaye.

## Golfing In Scotland

by Eleanor Nelson & Sally Hayward, Travel House

My husband Jim and I just returned from the most fantastic trip to England and Scotland where we escorted a group of our friends to play golf and see the many beautiful sights.

The trip was everything we hoped it would be. We began at a most fabulous country manor outside of London where we golfed, relaxed at the spa, shot skeet, wined and dined. This award winning resort certainly displayed the highest standard of luxury, service, cuisine and facilities and was one of England's leading country house hotels. We loved it!

After several days of total relaxation we boarded the Flying Scotsman to Edinburgh where we stayed in the heart of the city while we toured the many castles, dined in private estates and again managed to fit in several rounds of golf.

On to Gleneagles with Mike, our own private tour guide. Mike gave us detailed descriptions of the sights we were seeing outside our coach window as we stopped for private tours of the many beautiful Scottish castles and palaces that are a must see in Scotland. Of course this group managed to play a few rounds of golf at Gleneagles, one memorable round where it rained and hailed although we were determined to finish.

We ended our trip at the Old Course Hotel at St. Andrews and this was every-

thing we imagined Scotland to be. The course was exactly as we had seen it in pictures and on television and we felt like we were revisiting the past as we explored this lovely region and played these superb courses. Scotland was fantastic, the group was terrific and we all had a great time.

If you have a group of friends who would like to experience a vacation such as this, please call me and I would be delighted to discuss this with you and help you to plan a golf trip of a lifetime. If you golf, Scotland is a must!

## Famous Opera Houses Of Europe

This is the first in a series of articles on famous opera houses of Europe which will be visited in connection with the Barrington Chapter of Lyric Opera's Operafest '96 tour this next September 23—October 7, 1996. For further travel information, please call Robyn Gulstrom, Travel House, Inc., 381-0600, or Wanda Hollensteiner, 381-1976.

### Prague, Czech Republic

Three opera houses grace Prague today, and each symbolizes a different part of this city's colorful though sometimes painful past. Since the first performance 368 years ago, opera has played an important role in the life of Prague and been entwined in its history and politics as well.

The neo-Renaissance National Theater, which opened its door on November 18, 1883, stands on the right bank of the Vltava (Moldau) River like a cornerstone of the city. Smetana wrote *Libuse*, a most politically effective opera which deals with the legendary founder of Prague and emphasizes the historic achievements of the Czech nations, for the premiere performance. Because of him, almost every

Czech composer from the home-loving Dvorak to the expatriate Marinu, has tried his hand at opera and found a place on the theater's stage.

The Prague State Opera was originally named the New German Theater in 1888 when it opened with *Die Meistersinger*. It remained a distinguished and progressive German theater until Prague's German community itself disappeared with World War II. For a while it was renamed the Smetana Theater, the irony of which the composer's music had long been excluded from the house in favor of German works earlier in its history.

The third and oldest opera house is now called the Tyl Theater. Built in 1783 as the Estates Theater, later named the Royal Provincial Theater, it was renamed in 1945 to honor the nineteenth-century playwright J. K. Tyl. It was in this theater that Mozart conducted the world premiere of *Don Giovanni* in 1787, and *La Clemenza di Tito* in 1791.

With these three opera houses, and with the smaller New Stage, an experimental theater next to the National that presents plays, chamber operas and children's shows, Prague has kept its place among the world's opera capitals.

## CLIX Has Fifty Ways To Frame Your Loved Ones

**CLIX Photographs & Savables, Inc.**, was founded with you and your memories in mind. All of your treasured photographs and family memorabilia need to be cared for and preserved for the next generation. Let us show you how. In light of this serious topic we give you the following:

The problem is all those photos stuffed inside of drawers; all of those heirloom memories getting slightly mauled. Solutions can be so simple, visit us and see... 'cause **CLIX** has fifty ways to frame your loved ones.

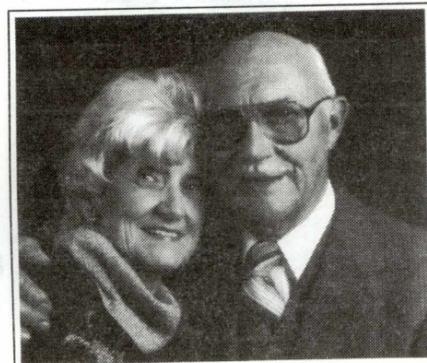

Just pop in a frame, Jane; grab a nice folio, Joe. Get a great album, Sal; come see what we got. Drop by for a box that's acid free, Lee; get an archival wedding album, Lynn. No need to delay, hey, just get yourself in.

Supposing you've got school photos for grandpop and gran, **CLIX** has individual cards with frames to send it in. Or maybe you're getting married and need a fine album. Well, **CLIX** has fifty ways to frame those loved ones. Yes... fifty ways to frame your loved ones.

Get a handmade paper journal, Barb; customize your own album, Joan. Put it in a neat frame, Mame, and take it on home. Mount it in a sequence, Lance; stick it down with photo corners, Fran. Save it in sleeves, Jill, do just what you will.

Your troubles with all those display problems are no more. Solutions of all kinds and means are just inside our door. We're getting a little sick of rhyming, are you getting bored? **CLIX** still has many ways to frame those loved ones.

You've got a new baby and you got to keep good tabs, on all those momentous moments, you're his mom and dad! **CLIX** has more than one solution, just to fit your style. We got a bunch of ways to frame that cutie.

Get a sweet keepsake box, dad; find a cute frame, mom. Choose a month-to-month journal, gran; the perfect shower gift. Send a customized card, Carl, no need to be modest, Celeste! That kid is a star, right? That photo's the best.

This year at the cabin your whole family had such fun; put into a photo journal, it's there for everyone. Don't wait till you can't remember who or what or when... cause **CLIX** has fifty ways to keep that moment. We should be embarrassed that we've run this silly ad. Most of these rhymes we've made up really are quite sad. But **CLIX** is a truly tasteful store, unlike this ad. And we got fifty ways to frame your loved ones.

We got display ideas, Maria; unique artifacts, Jack. Classic and kitsch frames, we're not any store. There's high tech and hand-made; there's no place like this, miss. Just come in and see, Bee... the **CLIX** company.

**CLIX Photographs & Savables, Inc.** is a unique retail/photography store, specializing in classic, simple photography and tasteful, unusual display ideas and frames for your family's special moments. (Our sincere apologies to song-writer Paul Simon.)

## Traveling . . . with Carlson Wagonlit Travel

### Bermuda Short

Bermuda remains stolidly old-fashioned. Bermuda's public bus system represents a microcosm of Bermudian society. A passenger will get on board and immediately wish everyone a good morning. Drivers joke with passengers. And people still offer their seats to anyone older than themselves, no matter what their age. You might notice a bit of graffiti, but it's the old-fashioned kind. Sally '95, and Tom and Alicia 4-Ever, not marker-scrawled gang "tags." Bermuda maintains its reputation for being expensive, but serious shoppers will notice bargains in every store: genuine Icelandic men's pullover sweaters for \$70, 20-percent-off Swiss watches, 30-percent-off German cutlery. Even fun sometimes going on sale. At the St. George's Beach Club near Fort St. Catherine in St. George, you can buy bottled beer and local specialty including "dark and stormies," a cocktail made of dark rum and ginger beer for just \$1.50 during happy hour. Don't forget to try the free, all-you-can-eat, fried onion rings and mozzarella sticks.

### BARBADOS DISCOUNTS

Visa cardholders can receive a free discount booklet from Visa and the Caribbean island of Barbados entitling them to significant discounts when traveling to and staying on the island. Included: a coupon to save \$150 off the cost of two roundtrip tickets to Barbados on American Airlines, of \$50 per couple on a Globetrotters Barbados package offer by Carlson Wagonlit Travel/

Carlson Travel Network, and 10 percent off the bill at a variety of restaurants. Call 800-820-1881 to order.

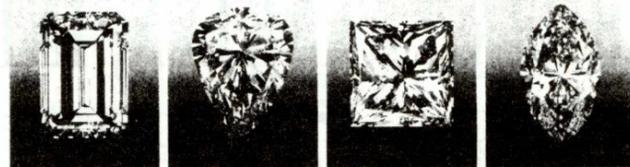

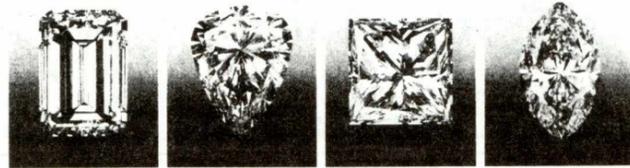

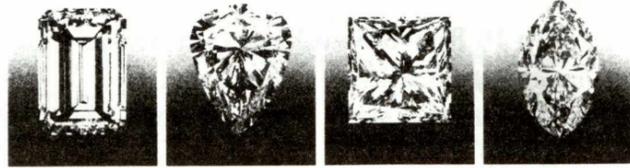

### Boston Information and Discounts

Boston, America's Walking City, offers a coupon book with 2-for-1 admission to the John F. Kennedy Library, 10 percent off any one purchase at the famous Filene's Basement discount store, \$2 off trolley tours, and many other worthwhile discounts and gifts. It's available by calling 800-888-5515. Call the same number to receive a "Boston Family-Friendly" pass with over a dozen "second child free" ticket offers to area attractions, or a free travel planner with maps and helpful information for visitors.

### Here's a Cool Deal

There's a cabin waiting for you and your family on The Big Red Boat this winter. And when the sailing is done, fabulous Orlando awaits you too. Carlson Travel Network/Carlson Wagonlit Travel offers this seven-day family package starting at just \$708 each for two adults and three children. When you book through CTN/CWT, you'll get a \$50 shipboard credit per cabin, plus a FREE Looney Tunes character breakfast for children ages 2-11. It's a savings of up to \$425 per cabin. This unbeatable price includes round-trip coach airfare from most major cities, a three or four-night cruise on The Big Red Boat to the Bahamas, three or four-nights accommodations in the Orlando area. ## Can A Picture Bring A "Cease Fire" Between You And Your Stylist

Most stylists will agree that a picture is a good beginning to a mutually satisfying experience at the salon. For both men and women the language of hair can be elusive at best. Words like *Fring*, *Layers*, *Length*, are subjective terms, meaning "they can mean something different to everyone." Why then even when we scour through books for the perfect look, do we often achieve less than expected results?

It might be because of lack of skill on the part of the stylist, but the inability of either you or your stylist to interpret what you are really seeing and compare it to your own resources will play a large part in any failure to meet expectations. Here are some of the misconceptions that can lead to less than optimum results.

• *The finished look of the picture is the result of styling (blow drying, setting, curling, etc.) rather than a precise haircut.* Having several pictures can alleviate this problem, as you can compare the differences and see how they are achieved.

• *The Texture (body, density, curl) is nothing like your own.* Try to look at the hair texture in the photo before picking the style.

• *The models bone structure and features are nothing like your own.* A solution for this is to use the pictures as guidelines and discuss your own features with your stylist regarding your choices (a great way to make sure they really see you!)

• *The picture is really achieved through special effects (wind, lighting, mood, movement) and does not demonstrate a good cut or functional style.* Many photos in ads depict a moment in time rather than a design that can be duplicated daily.

Don't be discouraged by all these negative points. The designers at **Patricia Franklyn's** feel that photos can still be the doorway to communications regarding your hair. To help here are some examples of correct interpretations of hair design photos.

- *Similar design achieved through different finishing*
- *No strong cut design*

- *Strong design achieved through precise cut*
- *Can be adapted to many face shapes and hair textures*

- *Unstructured design achieved with different products (pomades, gels, silicon drops)*

Stop in with your pictures and we will be glad to answer your questions. No service necessary. **Patricia Franklyn, Int'l.** is located on Golf Rd. in Schaumburg next to the Habitat on Golf. Call **310-0909**.

## Mitchell's Jewelers—A Family Name You Can Trust

It's hard to believe it's been a quarter of a century since **Mitchell's Jewelers** opened its first store in downtown Arlington Heights. In 1969 my father and mother, Alfred and Esther Mitchell, opened our first store in downtown Arlington Heights, in the Evergreen Shopping Center. Through hard work, fair prices, good quality and great service, we grew. We more than doubled in size with a move next door and continued to grow. Our last move, in 1984, was to our landmark location at 10 N. Dunton in downtown Arlington Heights. My dad had the dream first to have his own store, then to own a building for a store. We took a then run-down 135 year old building and completely renovated it. This was the first redevelopment in downtown Arlington Heights. Now, with it's brick walkways, new lighting, repaved roads and new parking garages, it's become a really great place to shop. My brother and I, Jim and Doug Mitchell, seventh generation jewelers, are continuing in our father's footsteps with dreams of our own.

Photo by Joyce Mitchell, Mitchell Studio

In a time when we're seeing many jewelry stores closing, it feels very good to be blessed with a jewelry store that is still growing. In our location just south of the train station, on the corner of Dunton and Davis, we do much of our own manufacturing. Jim and I always wanted to do our own casting, but our other stores' shop facilities were too small. With our last move, we became one of the largest jewelers in the area. Also, our shop size almost tripled, allowing us to add more benches and equipment, for wax carving, casting and mold making. We now can make rubber molds for duplication of our custom made items or your heirlooms. We also do jewelry repairs, stone setting and custom hand wrought jewelry.

So I would like to invite you to visit **Mitchell's Jewelers**, where old world craftsmanship and honesty are our only policies. A great time to visit would be during November. If you mention *Lifestyles*, we will give you a discount on your jewelry purchases during real jewelry month. If you have never been to **Mitchell's Jewelers** you may not know about our Birthstone of the Month Sale. What ever the birthstone is for that month, it is reduced 20% the entire month. November is Topaz, and all of our rings, earrings, pendants and loose stones are reduced 20% the entire month! Most people have never seen a real precious Topaz. You might have seen a blue Topaz, but wait till you see an Imperial or a Precious Topaz. I promise you will be impressed. Don't forget to mention *Lifestyles* for a special savings on your next purchase.

## AAUW To Discuss *Three Tall Women*

## Winterscapes Celebrates The End Of WWII

The Barrington Area Historical Society's major fundraiser, "Winterscapes" will be held at Wynstone Country Club on Saturday, December 2, 1995. This year's theme, "Christmas 1945 - A Celebration of Peace" pays tribute to the 50th anniversary of the end of World War II, and concludes the year-long observance.

Guests will begin the evening with a champagne reception and silent auction, enjoy an elegant dinner followed by a live auction, and then dance the night away to big band sounds from the forties.

Vignettes from the Society's collection will help set the mood, and black tie or mili-

tary attire is required.

## Barrington Presbyterian Women's Annual Christmas Program

On Thursday, November 30th, Barrington Presbyterian Women will present their Annual Benefit Christmas program and luncheon. The program, an original play "A Christmas Gift wRap" offers a humorous look at the American "Olympics" of gift giving. The program will begin at 10:30 with lunch immediately following.

This holiday tradition, started in 1979, offers area women the chance to focus on the true meaning of Christmas before getting wrapped up in the hectic pace of the season. Tickets can be purchased for \$20 at the church office. Seating is limited so make your reservations early. Baby sitting is available by reservation. The fee is \$5 for the first child and \$1 for each additional child.

During the luncheon gift baskets and a miniature doll house will be offered as prizes. There is also a wonderful bake sale featuring homemade holiday cookies and elaborately decorated goodies. Proceeds from the luncheon, and bake sale benefit Barrington Area Council on

Aging, Barrington Food Pantry, Barrington Youth Services, Christopher House Emergency Fund, Elgin Community Crisis Center, Home of the Sparrow, Meals with Wheels, PADS, and San Marcos Emergency Fund.

This event is presented by the women of the Barrington Presbyterian Church. It is being chaired this year by Barb Raymond and Laura Semmen. For more information or to make reservations, call the church office at 381-0975.

## Discover Haystacks Manor

You know you're someplace unique when you follow the winding drive and view the natural beauty of the setting and the detail in buildings designed to resemble Monet's "Haystacks."

David Kruk, owner and general manager of **Haystacks Manor**, was struck by this country setting and the building concept—inspired by the local legend of "the old haystacks place." This vision, combined with his desire to provide a more traditional fine dining experience in an age of fast food at a price within reason, are what brought **Haystacks Manor** to life. He created a place where you can relax and enjoy a good meal, the beautiful atmosphere and great company.

**Haystacks Manor** offers upscale American cuisine with regional influences prepared by an exceptional team of chefs, headed by Chef Dan Street. Dan has an ex-

tensive background in seafood preparation, having lived in Miami and Jamaica, and is influenced by the style of those regions. He also specializes in the use of fresh herbs and spices, offering a unique variety of flavors. Chef Dan's assistant, Sandra Brown, has trained with several European chefs with concentration on breads and pastries.

Both truly love the world of food and it shows in the quality of the meals they prepare and the presentation of the dishes they serve.

Visit **Haystacks Manor** at 5603 Bull Valley Rd., McHenry. Luncheon service is provided Tuesday—Friday, 11:30 a.m. 'til 2:30 p.m. Dinner is served beginning at 5:00 p.m. Tuesday through Saturday and ending at 9:30 p.m. through Thursday and at 10:30 p.m. Friday and Saturday. You may reach the reservation desk at (815) 344-7919.

## Junior Board Of The English-Speaking Union Announces Plans For 1995 Beefeater's Ball

(From left) English-Speaking Union Junior Board President Alan Smith with this year's Beefeater's Ball Co-Chairs Mary Ann Murphy, Dolly Posschelle and Brian White at Relish Restaurant.

Plans for the Beefeater's Ball were announced by the Junior Board of the English Speaking Union at a party held at the Relish Restaurant, located at 2044 N. Halstead St.

The Beefeater's Ball, The Junior Board's largest annual fundraiser, will be held at The Casino Club on Saturday, November

10, 1995. This year's ball will be co-chaired by Mary Ann Murphy, Dolly Posschelle, and Brian White.

The event's theme is "An Evening at the Fox Hunt." Guests will enjoy a light buffet, cocktails and music by Bradley Young Orchestra. Tickets are \$75 in advance, \$90 at the door.

## Bonjour Mes Amis . . .

Besides the hot and humid weather conditions, summer was great, thank you! At D & J, November is a very special month because of Beaujolais Nouveau. Traditionally, it takes place on the third Thursday of the month (Thursday, Nov. 16), and it is a festive way to acknowledge and celebrate the year's harvest. Beaujolais Nouveau is the first wine of the year's harvest to be released. It's a light, fruity, lively wine, very drinker friendly, so much so that I've found that even people who do not care for red wine tend to really enjoy the Nouveau. At D & J Bistro, we will again (our ninth year) offer a special meal of four courses with choices (including our famous once a year cassoulet). We will have live entertainment of course, and a very festive room. Don't miss this evening, there isn't much else like it in the suburbs!

Other newsworthy words... our "revised" menu starts the first week of November. October 12, 1995, D & J celebrated it's eighth year. (We will have a celebration

Masato, Dominique and Jacqueline

bash for 10 years.) Our private room is booking very quickly for December... plan now.

We will again offer "Buches De Noël" for sale around Christmas Time, as well as chocolate truffles. Stay tuned for our December column!

A Bientôt.

## Burdeen's—Custom And Unique Jewelry

How do you know if a jewelry store is stable? How fine a jeweler are they considered to be? One way of knowing is by the size of their inventory and what type of high-end Swiss watch lines they carry. These companies are extremely selective. They only go into stores that have good long time financial histories and support the right ambiance. Watch companies too have an image they wish to uphold.

Burdeen's Jewelers is proud to have

Horse earrings—18K gold with inlaid stones of coral, black jet, lapis, and mother-of-pearl

Cuff—18K gold with diamonds, malachite, black jet, coral, and mother-of-pearl

been chosen "The Areas" distributor for the prestigious line of Breitling watches. They have a GRAND SELECTION so get in before Chanukah and Christmas and pick from a full case of handmade Breitling watches. Burdeen's is known for their belief in having a knowledgeable staff. For example, did you know that there are 30 individually hand assembled components making up a Breitling rotating bezel, and there are 120 hand assembled components which make up the Pilot band. Burdeen's invites you to come in ask for Matt and order your Breitling in time for the holidays! ## Living Wills

Are you familiar with the term living will? A living will is a legal document that tells your health care provider that you do not want life-prolonging medical procedures when there is no chance of regaining a normal life.

Do you have a durable power of attorney? If you become incapacitated and are unable to handle your own affairs, you will need the help of someone you trust. The simplest way to protect yourself and to ensure that your property continues to be managed as you see fit is to appoint a guardian for yourself through a durable power of attorney.

Do you own a life insurance policy on your life? The basic purpose of life insurance is to offer financial protection to your loved ones in the event of your death. Life insurance can provide liquidity to your beneficiaries.

When an estate is large enough to owe taxes, it may make sense to purchase life insurance. If the insurance can be purchased at a reasonable cost, you may pay less on the premiums than your estate will pay in estate taxes. One type of insurance growing in popularity is called the second-to-die policy, which pays only when the surviving spouse dies.

Another reason to consider life insurance is to protect your family even when you do not foresee an estate tax burden. Upon your death, your family may find it hard to cope financially without your income. In addition, if your estate consists of a family business, it may need to be sold to solve liquid-

ity problems. Life insurance can protect you in this situation.

With a married couple, if either spouse were to die first, the life insurance on his life would become part of his estate for federal estate tax purposes ("taxable estate"). Life insurance policies owned by the insured are includable in his gross estate upon his death. No estate tax will be due at the first spouse's death on life insurance policies on his life which qualify for the marital deduction. However, at the surviving spouse's death, the taxable estate is increased by the two types of insurance proceeds: (1) those paid on the first death and now held as cash and (2) those paid at the

**Why Popular Diets Don't Work**

Popular diets are concerned with weight reduction rather than body fat reduction. It's necessary to preserve muscle in order to burn body fat. Many popular diets force the body to burn muscle instead of fat. Any diet program that reduces muscle is doomed to failure. Watching your fat and calorie intake is most important.

Always Healthy is concerned about you and your health. There is a special section devoted to books offering plenty of additional information on everything from healthy cooking, special dieting, improving nutrition and body image to allergies and stress management.

Exercise is also an important part of any diet program; a good aerobic program at least 1/2 hour, four times a week. Walking, riding a stationary bicycle, swimming. Check with your physician before start-

**Workshop Teaches Strategies To Conquer "Homework Battles"**

Research has shown that homework affects a student's achievement in school. The child who consistently does his homework will perform better academically than the child who does not. Doing homework also teaches children responsibility. When a teacher gives an assignment, it is up to the student to bring the assignment home, do it accurately, take the work back to school and turn it in. Parents need to reinforce the importance of taking this responsibility.

squeezed in after all other activities have been taken care of.

To learn to do homework on their own, students may need to break a large assignment down into small steps. This is also a good way to plan long-term projects, so that all the work is not left until the last minute. Use a small notebook to keep track of daily assignments.

Homework also allows parents to have day-to-day contact with their child's education. A parent's motivation, interest and support are crucial for their child to do well in school.

Parents have a tremendous influence on a student's self esteem, and can show encouragement by praising their student's efforts. "The 3 C's"—showing care, concern and communicating is the best way to enforce good study habits.

In "Homework: A Parent's Survival Guide," a lecture presented by Huntington Learning Centers, Dr. Raymond J. Huntington, president and founder of the tutoring company, has identified seven common homework problems among students:

Getting homework done responsibly takes work. Children need a proper study area, a designated homework time, genuine support and encouragement, and commitment from parents that homework is a priority in the home. By teaching children basic organizational skills and good homework habits, parents can give their children the tools necessary to make wise choices about school work. Students will learn that they can deal with homework successfully and will soon feel better about themselves. This, in turn, will increase their self confidence and belief in their own abilities to work independently and responsibly.

1. Puts forth minimal effort; work is sloppy and full of mistakes
2. Refuses to do homework
3. Fails to bring assignments home
4. Takes all night to finish homework: easily distracted, daydreams often, or needs constant help
5. Refuses to do homework on his own—needs constant assistance from parents
6. Waits until last minute to finish assignments
7. Will not do homework if parents are not home

If a child is struggling in school, the problem may be bigger than just poor study habits. Some children lack the reading, writing or math skills required to comprehend new information and complete harder homework assignments.

In order to do homework well, children need a quiet place to work, with no TV, no radio, no telephone and no distractions. Homework time should be a priority, scheduled for a certain time each day, not

## Replacing Missing Teeth

by Dr. Raymond Kotz

There are several ways that a dentist can replace missing teeth.

A void where teeth have been lost may be filled with lifelike, custom made replacement teeth which are attached to crowns made for the teeth on each side of the space. To make these crowns, the dentist prepares the teeth by removing their enamel. Next, an impression of the prepared teeth is made and sent to a dental laboratory. The laboratory custom makes the crowns and replacement teeth and returns the results to the dentist to place in the patient's mouth. The prosthesis is called a fixed bridge because it may not be removed by the patient.

In many instances missing teeth may be replaced using dental implants. Implants are really artificial tooth roots to which the dentist fastens a custom make crown. This crown may replace a single missing tooth, however, more commonly implants are used to support a fixed bridge when there are no natural teeth on each side of the space to be restored.

Another way teeth may be replaced is

with a denture or a partial denture. These are removable by the patient and gain their support from a base which rests against the patient's gums and jawbone. There are many ways these appliances may be additionally stabilized by attaching them to teeth or implants.

For a thorough examination and evaluation of your oral health, see **Dr. Raymond P. Kotz**.

## Country Collections 10th Anniversary Show

Country Collections presented its very first show at Harper College in Palatine, Illinois ten years ago. Tom and Teresa Patek, the show's founders were exhibitors themselves, and set out to create a show "by crafters and for crafters"; a forum for quality work, in a work-friendly environment. They gathered together sixty of the finest folk artists and craftspeople that the area had to offer, and invited the public to witness what was to become a truly cooperative effort between show promoter and exhibitor. You see, being exhibitors themselves, they knew the difficulties that shows presented to the participants, and did their best to make the machine run smoothly.

Ten years later, the show, now operated by Mike and Nancy Patek, proudly has grown to one hundred exhibitors, with the same goal in mind. They offer their show logo, the drover, as an example of their outlook:

"In early America, it was unthinkable for the farmer to leave his homestead for more than the shortest period of time because of his daily obligations to his livestock and land. This created a dilemma: how was the farmer to get his livestock to market?—often a journey of many days. Enter the

Twice a year, spring and fall, the Country Collections' drover brings the finest in folk art and country crafts to Palatine, Illinois. ## Stahr . . . Original Works!

**Stahr Gallery** opens at 202A South Cook Street in the heart of Barrington, the last week of October. Our feature artist is George Colin, named "Illinois' Best Folk Artist." George's work will be exhibited at the Museum of American Folk Art, New York City and collected by people around the world. George works in acrylics and oils, but mainly in pastels. His subject matter ranges from farm scenes to exotic tribal masks. His use of color will amaze and delight. In addition to his works on paper and canvas, we also carry Mr. Colin's whimsical, handmade and colorfully decorated furniture.

In addition to George Colin's work, we are excited to offer the work of nationally acclaimed Nature Photographer, Christopher Burkett. Burkett works with a large format camera, creating 8" X 10" negatives. A pioneer of the Cibachrome development process, his exquisite photographs shimmer with the detail and luxurious color found only in nature.

Stop in and lift your spirits with a riot of color and learn the fascinating life stories of two deeply committed, incredibly talented creatives.

## Something New Is Brewing

Tea for two, or three, or more, should be added to your calendar now, as the Palatine/Inverness chapter of the Infant Welfare Society of Chicago presents A Ladies' French Holiday Tea, "Un The Francais." This inter-generational event will be held on Sunday, November 19th, from 2-5 pm, in the Grand Ballroom of the beautiful Hotel Sofitel. The tea will give an entirely different focus to the season than the usual holiday hurly-burly. This fund-raiser tea, is planned to be enjoyed with your daughter, or mother, sister, nieces, or dear friend or two. The tea will allow you to relax and visit away from the Bears/Detroit game, and do some visiting and shopping without the rush that can otherwise engulf us before the holidays.

The afternoon begins with the chance to have a lovely portrait of your group in your best Sunday wear that will be available that very afternoon for holiday gift giving. Boutique gift items will be available for some relaxed shopping pleasure. Gift baskets and tabletop Christmas trees will be available as well. During a luncheon with a French Tea theme, prizes will be won including a 1st prize of 2 round-trip coach tickets to Paris, courtesy of United Airlines plus \$1,000 towards hotel accommodations of your choice. Another prize will be a "French" area rug from Oscar Isberian Carpets. And a third prize is afternoon Tea for 4 at the elegant Drake Hotel, and collector teapot from Portmeirion.

Following luncheon we will be entertained by Jillann Gabrielle, Chanteuse

L to R: Members Barbara Patten and Vivian Kacymarek look over French teas and books in preparation for the fund-raising tea.

Extraordinaire, who will "take us away," for an interlude before we must face the day again. Before the afternoon is done, Great Shots, Inc. will have your portraits ready and suitable for gift-giving.

Proceeds from the day will be used for support of the Infant Welfare Society of Chicago, who provides medical, dental and mental health care of disadvantaged children and women to give them a foundation for a future productive and wholesome life. Last year, approximately 74,000 health service visits and sessions were provided.

Luncheon reservations are \$40.00 each, with tables of eight or ten available. For reservation or information, please contact Jetta Gross (708) 934-5758, or Elise Detterbeck (708) 304-1342. Let "Un The Francais" take you away!

## "Hometown Tapestry" Chosen For BAHS Christmas Card

Traveling through time is a dream we all have at some point in our lives. But for Laura Cory, artist of the BAHS 1995 Christmas Card, time travel is in a sense a little more than just a dream. Ms. Cory who is a local artist was inspired to paint her latest work, "Hometown Tapestry" while walking passed the older homes and buildings in the village. Her images of a turn of the century Barrington street corner took shape through her brushes and paint and have given us all a chance to travel with her in time and glimpse the holiday bustle of a much different Barrington than we know today. If the scene appears to be vaguely familiar, that's because Ms. Cory has painted the shops on Cook Street exactly as they exist today but added the charming characters and atmosphere of an earlier time.

The painting, "Hometown Tapestry" which is on display at the BAHS Museum Gift Shop was chosen as the art work for the cover of the Barrington Area Historical

"Hometown Tapestry" by Laura Cory

Society's 1995 Christmas Card. Linda Marlene Cory, Ms. Cory's sister, wrote a verse for the painting which is inscribed inside the card. The cards are being sold in packages of 15 at the Museum Gift Shop at 212 West Main Street in Barrington and at the Barrington Flower Shop on Cook Street. Imprinting is available. For more information, contact the BAHS at 381-1730.

## An Excursion Of The Imagination

The BRIO® Wooden Railway takes your children on a journey of discovery. It lets their imagination carry them on far-away trips to make-believe lands. The variety of railroad systems they can build is as limitless as their creativity. It's an open-ended toy, responding to their imagination and creativity. And, because the tracks can be set up differently every time, it's like having a new toy every day.

**The BRIO "Train of Thought."** At the **Toy Connection**, they know play is very important to children. First of all, it's fun for them. But while your children are having fun, they are learning. That's why BRIO toys are designed to inspire the imagination, challenge with problem-solving situations, invite creativity and provide plenty of opportunity for the satisfaction that comes with success.

At the **Toy Connection** experts help you to select the tracks and accessories for your child's age, interest and abilities. However, a child doesn't need to be told *how* to play with the Wooden Railway because there is no one way to play with it. No right way or wrong way. Your children will play, learn and have fun in their own unique way.

**Have a safe trip.** The BRIO Wooden Railway is designed for durability and safety. You can be sure it meets all international safety standards. Plastic parts are used only when warranted for safety or function. The paints are non-toxic, parts are secure and there are no sharp corners or edges.

**Just the ticket.** Crafted from select beechwood, BRIO's Wooden Railway is a durable toy. Your child will play with it in many different ways over the years of his childhood. ## November Is 1996 Calendar Month

November is the month when many families and businesses purchase calendars. **Jordan Temple Book Center** in Crystal Lake has over 4000 calendars in stock. Their 350 different styles feature art, humor, landscapes, nature, inspirational quotes, gardening, cars and swim suits, just to name a few. Prices range from \$5-\$16

"I run my life on three different calendars," confesses Elizabeth Jordan Temple. "I look at them everyday, all year long. It's important to me that each calendar expresses my personality, enhances my room and is utilitarian. That's why I take care to select for my customers many different formats: wall, desk, weekly, daily, 12 and 16 month."

Children and young adults often buy calendars for Christmas and birthday gifts. Calendars are personal yet inexpensive.

"Each of my 3 sons has a calendar hanging in his room. It's an annual Christmas gift they look forward to receiving," reflects Elizabeth. Advent calendars are a favorite with teachers and parents.

Businesses or individuals wishing to order large quantities of a calendar should stop in or call this month. "We can usually get them within a week. We will then wrap and mail them out to everyone on your list. By December 1st, publishers are out of most popular calendars, so shop early," says Elizabeth Jordan Temple. "Don't forget to ask about our discount on quantity orders!"

## Art Associates To Attend "The Vatican Museums Behind The Scenes"

Early reservations, due November 6, are necessary for a very special event at the Art Institute entitled "The Vatican Museums Behind the Scenes."

The Barrington Community Associates of the Art Institute of Chicago is sponsoring a bus trip on Wednesday, December 13, to hear Dr. Walter Persegati present a 200 slide lecture.

Persegati enchanted audiences in December of 1994 with his slides and commentary on the Sistine Chapel. This December he returns from Italy to provide an armchair tour behind the maze of galleries, courtyards, chapels, and historical buildings that make up and house the Vatican Collections.

His lecture will run the gamut from the first collections to obstacles in good exhibiting: untouchable and unchangeable buildings.

Persegati knows of what he speaks. He is the retired Secretary General and Treasurer of the Vatican Monuments, Museums, and Galleries.

The bus will leave Langendorf Park parking lot in Barrington at 9:15 a.m. and departs from Chicago at 3 p.m. The fee for members is \$15, non-members \$20. Please call Carol Rietz, (708) 843-2159, for reservations or more information.

And now it can help bathe your home in the warm glow of the holiday season. Try them in your living room... dining room... the foyer... throughout the house. You will find them to be a cherished addition to your holiday decor year after year.

## Shari's Furs & More—A New Concept

**Shari's Furs & More** is ready for you with their new concept: Shari's carries the fur that fits your lifestyle, your mood and most important, your pocketbook. Their superb new collection of furs covers the full spectrum of minks, beavers (sheared and unshaired) and raccoons available in all sizes for the petite or full size woman. They have added a fabulous variety of shearlings in colors exceeding the rainbow.

But this is just the tip of **Shari's** idea of what a women's store of the 90's should be. She has traveled throughout the Midwest to art shows to bring her customers artistic giftware and jewelry affordably priced and a variety not found in catalogs and pricey jewelry stores.

In this day and age of movement, **Shari's** realizes people's needs are changing. Lifestyles change. Thus, wonderful resale racks have been added to Shari's new concept. This allows people the opportunity to obtain a garment that fits their budget or sell a fur they no longer need.

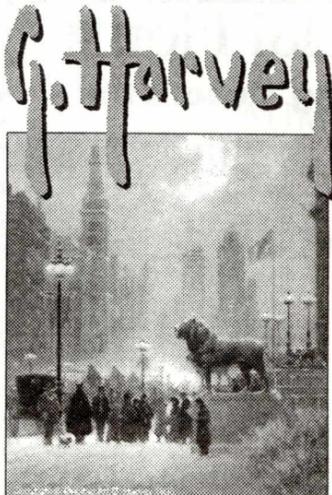

At **Shari's** you will find warmth, friendliness and professional guidance to help you find the fur style that works best for you. All price levels are treated with the same respect, whether the purchase is \$300 or \$3,000. Men who wish to treat that special woman in their lives, will find patient salespeople to help in making a selection.

**Shari's** does not want to be just a point of purchase. They are a full service furrier. They have climate controlled storage, make

alterations, and repair and restyle all types of fur and leather.

**Shari's** parting statement to her customer's is: "Our sales people will treat you with the same respect they would expect if they were on the other side of the counter."

G. Harvey's trademark snow-covered avenues and glowing street lamps of this Chicago scene beckon the viewer to join the crowds at the museum.

## Good, Old-Fashioned Service Is Alive And Well At Persin & Robbin Jewelers

At Persin & Robbin Jewelers, located at 24 South Dunton Street in Arlington Heights, service is still as important as it was 36 years ago.

Whatever happened to house calls, free delivery and just plain courtesy? In today's world, service has taken a back seat to the bottom line. That's why it's refreshing to know that there are still stores like Persin & Robbin around.

Persin & Robbin Jewelers, in downtown Arlington Heights, continues its 36-year tradition of "service first." Knowledgeable salespeople, staffed to the hilt, assure little or no waiting for help with fine jewelry, giftware, tabletop or fashion jewelry. Gift wrapping, exquisitely done, is free, as is local shipping. Hard-to-find services like silver repair and replating and

engraving are happily offered. And on-premise watch and jewelry repair by years-experienced craftsmen is a rarity in today's world of cut-back staffs.

At Persin & Robbin, four full-time bench jewelers and watchmen are available to restore the beauty and value of your old or broken pieces, or they can custom design something for you to accommodate unused or unusual stones. Johan Kus and Al Walters, after serving apprenticeships with master craftsmen and artisans, have been repairing and designing jewelry for years and have done work for clients like Marshall Fields, Carson Pirie Scott and Neiman Marcus.

## Barrington Residents Invited To Choose Village Hall Design

Residents of Barrington will soon have their chance to take up a pen and become an architectural design expert, at least for the moment it takes them to mark the design ballot found in the Special Edition Village Report mailed to village homes on Oct. 20.

Buildings, Sites and Facilities Subcommittee Chairman Robert Woodsome came up with the idea to hold a design competition of sorts, as a way to involve residents in the project of providing Barrington with a new Village Hall. Not only will the exer-

ments such as pitched roofs, brick and stone walls and aluminum framed windows. These features are brought together to create the three designs, of which the selected style is to be further developed and refined.

• Design A: This conservative style is designed to create a quiet statement that blends with the architectural fabric of Barrington. It features balanced forms combined with an outstretching canopy to create a functional and quality image for the Barrington Town Center.

• Design B: Rooted in the Prairie style, this design has grown to include more contemporary materials and techniques. Its freestanding columns supporting large eaves with terracing walls along with a bell tower create a distinctive character for the Barrington community.

cise increase public awareness of the proposed project, which comes before the public for financial approval on Election Day, Nov. 7, but it allows residents the opportunity to "have a say" in how their village will look in future years.

Williams Associates, architectural firm chosen by the Village for the Municipal Facilities Project, submitted nine alternative designs for the proposed Village Hall. These designs were developed through an in-house competition at Williams Associates and, upon submission, were then juried by an architectural review panel made up of local architects. This panel was jointly chaired by Harry Burroughs and Linda Grubb, and included Bob Coffin of Coffin & Scherschel, Bill Gardner of Gardner Roach & Welch, and Ron Flubacker.

They in turn decided upon three designs which now are presented to the public in anticipation of residents' interest and enjoyment in being part of choosing the exterior of the proposed new Village Hall. Ballots are only available in the special edition of the Village Report, and they must be completed and returned to Village Hall by Nov. 6.

The two most popular designs, based upon the vote of the people, will be presented to the Village Board following the Nov. 7 election. Results will be made known regardless of the referendum outcome.

### Design Notes

Each of the proposed new Village Hall designs is based on the master plan which includes a two-story office space accommodating the daily operations of the village departments, linked by a brightly illuminated two-story atrium to the vaulted ceiling, single story public meeting rooms. Architecturally, each design shares similar ele-

*Design C. Neo-Classical Style.*

• Design C: This Neo-Classical design incorporates various architectural elements that reflect many existing areas of Barrington. It features two classical wings joined by an arched entry and bell tower that create a facility to demonstrate the best of the Barrington image.

### Story Boards

Around town in various bank lobbies, the Jewel Food Store, Ice House, and other prominent downtown locations will be 6-foot high story boards telling the story of the Municipal Facilities Project, which also includes the building of a new fire department headquarters on Cumnor Avenue and a satellite station between Main and Station streets, at Applebee. One panel of the story board is devoted to the Village Hall architectural design competition and the public is encouraged to stop by the boards and enjoy an enlarged view of the three designs.

Watch for your ballot in the Village Report! Then turn your designing eye loose and have some fun planning for the look of Barrington's future! Don't forget: all ballots must be returned to Village Hall, or postmarked, by Nov. 6.

For questions, please call Village Hall, 842-5050.

## Caroll Callaway In Autumn Show

The diversity of Caroll Callaway's art might well be a reflection of his varied background and experience. Having taught music for a time and working as a jazz musician, he then turned to the law. Extensive travel during thirty years of administrative law practice provided an opportunity to visit and study major works of art in galleries and museums throughout the country. During this period of time, Callaway studied art and art literature as an avocation but had little time to paint. Recently retired from the law, he now devotes full time to his "third career." His paintings range from still life, landscape, floral, seascapes to figurative works. Many of them depict subjects from painting trips to France, New England, New Mexico and California.

Some are imaginary reflections of places he has visited. Callaway is devoted to representational impressionist styles of painting. "If it has to be explained by some third party," he maintains, "it is not art of enduring pleasure or value." Callaway's work is shown in numerous juried and non-juried shows, and his recent one-man-show was a resounding success. His paintings are also shown in his studio by appointment and he will provide a private showing for both corporate and individual clients upon request. Limited edition prints of his paintings of the Long Grove Bridge are also handled by the Long Grove Fine Art Academy and Gallery. A selection of his paintings will be displayed at the BAAC 1995 Autumn Art Show on November 4 and 5 at the Ice House in Barrington.

## See The Charming Byers' Choice Ltd. Carolers At The Barrington Flower Shop

Whether you begin collecting them yourself or give them as gifts, Byers' Choice Ltd. offers a charming selection of carolers.

### Skaters

The Skaters come dressed in the fashion of either the Traditional or Victorian Carolers, and their attire appears to be quite suitable for winter activities. Each skating child, adult and grandparent wears a pair of wooden skates and appears to be gliding along a frozen pond. Feel free to bend the wire frame of your skater to change his or her position.

### Traditional

Men and Women, Boys and Girls, and Grandmothers and Grandfathers dressed in wools, felts, and plaids make up the Traditional Carolers; they hold a wide variety of

objects, from scrolls and wreaths to muffs and snowballs. Each of these figures is designed with a matching partner and is produced in a limited quantity of 100. Look on the bottom of the Caroler's base to see the year the figurine was produced. The artisan who dresses the figures also signs, dates and numbers each one. A "25/100" written on the base means it was the 25th figure of 100 that was made with that design.

Byers' Choice Ltd. carolers are available at the **Barrington Flower Shop** on Cook Street in downtown Barrington.

## Increase Your Garage Space

There are many ways to increase garage spaces. However, there are also a number of important factors to consider. Available space, aesthetics of the surrounding area including your home, construction permits, construction dirt and dust, and total cost of the project. And if all of the above goes well you may end up with a garage that transformed your beautiful home into an institutional looking facility. **Circle Affiliated Systems, Inc.** can help you to eliminate all of the above problems with the CAR-LIFT parking system. With more than 20,000 installations world wide the CAR-LIFT design has proven itself in the industry as the safest and most adaptable to fit existing garages. The CAR-LIFT can be installed in 5 hours without any structural

changes in the existing garage, except in some cases adjusting the garage door.

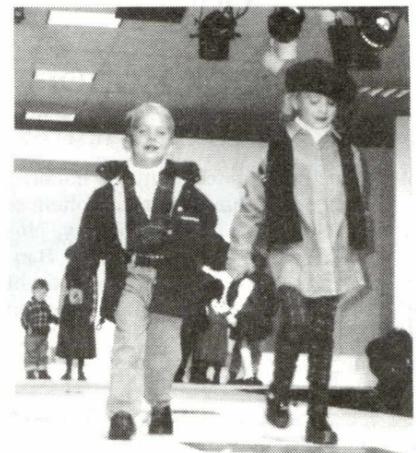

**Circle Affiliated Systems** uses computer aided design (CAD) to insure that all CAR-LIFT installations will fit the specific requirements. Let CAS help you with storage and parking problems.

## Ask Our Designer

Neil McDuffie, Senior Designer at Barrington Kitchen and Bath Studio

1. *We have a kitchen and bathroom we want to remodel; where do we start?* "A trip to the showroom is a good start. It serves two purposes. First, it gives you the chance to see what is available. It may surprise you to find many new finishes and styles in cabinetry and countertops. Second, you can meet and talk to a "professional designer." It is very important that you find an experienced designer to work with. Remember, he or she will be helping you with a very important investment in your home that can bring a handsome return if it is designed and done properly."

2. *What is one of the most important considerations when designing a kitchen?* "There actually are many; it really depends on the individual or your family needs. Some of the most important considerations are: The size of the family. Are you working professionals or a large family? The amount of cooking you do and what type. Are you a gourmet cook, or is cooking just an essential part of every day life? The amount of entertaining you do? Would you like to entertain more and have a kitchen designed for that purpose? The present decor of your home. Do you want to change it with the remodeling project or add to your present decor? So many choices and only

an experienced designer can help you with these choices."

3. *What is the advantage of using your company when my project entails more of a remodeling project rather than just replacing cabinets?* Our primary advantage is our design through installation service. Our sister company, Award winning Delta Renovations, Inc. will be handling the installation. Our job does not end when you order your materials. Your job will be overseen and expedited not only by your designer but also by a Delta job foreman and the owner of both companies, Mark Zurek. We feel constant communication is very important. The majority of the work will be done by our own experienced carpenter installers. You can be confident that our professionalism continues throughout the project. Referrals are one of our most important sources of new clients.

We invite you to meet senior staff designer, Neil McDuffie, at our showroom located at Route 12 and Lake Cook Road (next to Northshore Refrigeration) at 20066 N. Rand Rd., Suite C, Palatine, IL. Showroom hours are Monday through Friday 10:00 A.M. to 6:00 P.M., Saturday 9:00 A.M. to 3:00 P.M. Appointments are suggested for design and planning consultations.

"Happy Thanksgiving"

### The Haeger Potteries, Craftsman For 125 Years

In this, their 125th year, **Haeger Potteries** invites you to share in the richness of their heritage with a visit to the Haeger Museum, located in the **Haeger Potteries**.

The history of **Haeger Potteries** spans 125 years full of traditions within the Haeger family, the Haeger business, and the Dundee Township growth. To visit **Haeger Potteries** Factory Outlet, participate in a factory tour and view items displayed in the museum is entertaining and educational for young and old alike.

Within the showcases of the Haeger Museum are pottery pieces of memorabilia. One of the oldest ceramic pottery pieces is a green ceramic drinking cup. Although chipped and cracked, it is still viewed by all who visit the museum. This vase is the first sample test piece for **Haeger Potteries**. From that simple design came the Haeger Pottery line as it exists today.

The "Adam" vase, appropriately named because it was the first design piece put into production, is prominently displayed in the museum. First introduced in 1914, it's fine lines are ageless, the design has been reintroduced in the 1996 line with different glazes, adding to its uniqueness.

On display is one of the first Haeger bricks to be manufactured. Noting its color, shape and size, one can see several area buildings were built using these Haeger bricks. Some of the rebuilt Chicago buildings, after the great fire of 1871, also used Haeger bricks.

A photo of the mini factory built for the 1934 Chicago Exposition shows what a

visitor to the exposition saw. This was the first time the "ram" press was shown. It was used to compress the clay into formed pottery. Each visitor received a souvenir ash-tray made by the press.

In another showcase, an original Rudolph The Red Nosed Reindeer planter is shown. **Haeger Potteries** was one of the first to manufacture a planter depicting the lovable reindeer.

Throughout the years, **Haeger Potteries** has done many special contract items. Among them is the original Keebler cookie jar. Haeger also designed and manufactured a piggy bank for the Harley Davidson Motorcycle Company, shaped like the gas tank of a Harley. Word has it that Harley owners would have preferred the bank to be referred to as a "hog" bank.

In 1976, **Haeger Potteries** created the World's Tallest Vase. Displayed in the museum, the vase stands 8 ft. tall. Using 650 pounds of clay, it was completed in three months. Until 1992, it was listed in the Guinness Book of World Records. It is now known as the world's largest vase.

Today, under the direction of the fourth generation of the Haeger family, we still transform clay into art at our original location along the banks of the scenic and historic Fox River in Dundee, Illinois. The years have seen steady growth, creativity and innovation. With the introduction of Haeger artware in 1914 to the present. Haeger quality has been accepted worldwide as the standard by which other pottery is judged.

## Guide To Spot And Stain Removal For Carpets & Upholstery

**Duraclean by Zazula** has the reputation and credentials of extraordinary carpet, upholstery and drapery cleaners. Owner, Bill Zazula credits this high regard to training, professionalism and a dedication to quality workmanship.

Integral to his services are spot and stain removal. Most of the more difficult stains he is employed to remedy could have been removed, or at least not made worse, by proper first aid by the home or business owner. Mistreated spots and stains can become permanent due to color change, damaged fabrics, water marks, etc.

Bill Zazula does not profess to have all the answers, but following are some tips that usually work:

1. Act quickly when something is dropped or spilled.
2. Blot up liquids with clean, white absorbent cloth or paper towel.
3. Scoop up semi-solids with a table spoon.
4. Shatter solids with a sharp blow of a table knife handle and vacuum up all loose material.
5. Pretest spotting solutions in an inconspicuous area to make certain they will not damage the carpet, upholstery or the dyes in these.
6. Apply spotting solutions in small

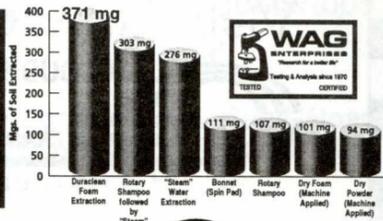

amounts in the order listed and blot thoroughly after each application.

Take care to avoid over-wetting.

7. Do not rub or scrub! Start at the edge of stains and work solution in gently using a Q-tip, old toothbrush or folded soft cloth. Blot between applications and repeat until stain is removed or no further change occurs.
  8. Towel dry, sprinkle with talcum powder, let dry overnight, brush and vacuum. Another technique is to cover the area with a one-half inch layer of white tissue and weigh down with a book. Change the wet tissue after an hour and allow to dry overnight with book on top of tissues. Remove with a brush of moderate stiffness.
  9. When in doubt, call us for professional help.
- On request, **Duraclean by Zazula** will send you an elongated guide to spot and stain removal. Using readily-available solutions, i.e. Dry Cleaning Fluid, Nail Polish Remover, Detergent Solution, Water, Ammonia Solution and Vinegar Solution, this guide suggests procedures for 45 common stains and spots.
- This guide will be mailed to you at no charge or obligation by telephoning **Duraclean by Zazula** at 708-438-3993.

## Space—The Final Frontier

"Space"—the final frontier. That's how the popular T.V. program begins. Today "space" is being brought under control by **Closet Masters**. They have brought the concept of custom closets to the Northwest Suburbs. Locally owned and operated, **Closet Masters** will come to your home to help you identify your needs and give you a free estimate as to cost.

Have you ever heard this warm comment from your mate? "Don't you dare buy another thing until you get rid of something in this closet!"

"When people take control of their "stuff" instead of their "stuff" controlling them, it brings into their lives a whole new sense of comfort" says Jerry Klosinski, of **Closet Masters**.

"We have toured a number of new home developments. Finding that while the build-

ing industry has tried to keep up with the new ideas in closets, it is not profitable for them to customize each home. That's where we come in. We spend time measuring and talking with families to create a space especially for their use."

Moms especially like the adjustability for children's rooms. The closet rods can be changed as the child grows.

Men like the double hanging for their suits, shelves for shoes and the special belt and tie racks.

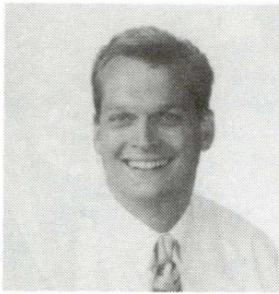

Kids love the many size baskets to store treasures, and shelves that are at their level.

Women find the new "Shoe Cubbies" for their shoes a way to keep 30 pairs of shoes in a 24 x 25 inch "space."

Drawers are available in different depths. Jewelry inserts are also available in lucite or felt.

## Affordable Creative Changes For Your kitchen

Bill Schafer—President

Joe Schafer—Vice President

Where is the central nervous system in your home? The kitchen. And if you live in an older home, chances are your kitchen is not only old, but drafty and inefficient as well. Aged, worn countertops create clutter due to lack of cabinet space. Inefficient appliances increase the time you spend cooking. Even the cracks and broken seals on your kitchen windows eat up valuable heating dollars and send a damp chill through your bones on windy, winter days.

Now imagine a kitchen with innovative design features and original style ideas that reflect your personality. A kitchen with inventive island designs, dramatic ceiling channel lights and custom windows to brighten and warm your day. Imagine a kitchen with all the clever little extras that save you valuable time and money. One creates a sense of warmth and charm to your home.

Stop imagining and start planning! Schafer Builders, Inc. can not only design but remodel your kitchen as well. They have the experience and craftsmanship to build in all kinds of eye-catching design ideas that will make your kitchen a joy in which you can work, relax and entertain.

Sound expensive? No So! According to

the latest "Cost vs. Value" report published by *Remodeling Magazine*, properly remodeled kitchens will provide a substantial return on your investment should you decide to sell your home.

Here are a few design tips to consider:

- Think long term about things you'll have for a long time, such as cabinetry. Worry less about things you can change easily later, such as hardware.

- Use cabinets that match the period style of the rest of your home.

- Rethink the outdoor access and view. Add a new glass door, enlarge windows and/or add a skylight.

For information on how you can remodel your kitchen affordably, contact Schafer Builders, Inc. at 815-459-1333. They offer a complete library or design ideas for every size project and budget. ## Florentine Performance Celebrates 100th Anniversary Of Hansel And Gretel's American Premiere

Performances will take place on Friday, November 10 at 8:00 p.m.; Saturday, November 11 at 8:00 p.m.; and Sunday, November 12 at 2:30 p.m. at Uihlein Hall of the Performing Arts Center (929 North Water Street).

The Florentine Opera Company's new production of *Hansel and Gretel* will be presented in grand operatic style with new fantasy sets and costumes, a children's chorus and dance ensemble of 44, and numerous special effects to thrill audiences young and old. This production, Milwaukee's first fully staged *Hansel and Gretel* with full orchestra in over 25 years will be conducted by Maestro Arthur Fagen and stunningly directed by Linda Brovsky. Featured singers include Wisconsin's Kitt Reuter-Foss as "Hansel", Carmen Balthrop as "Gretel," Barbara McAlister as "the Witch," Gigi Mitchell Velasco as "the Mother," John Koch as "the Father," and Lyndy Simons as the "Sandman" and "Dew Fairy."

*Hansel and Gretel* was composed by

Engelbert Humperdinck (1854-1921) and premiered in Germany in 1893. Adelheid Wette, Humperdinck's sister, provided him with the libretto to this story that is based on a Grimm Brothers fairy tale. Humperdinck, who was a disciple of Richard Wagner, wrote the music to *Hansel and Gretel* using Wagnerian harmony while also employing simple folk tunes. The opera, a brilliant success at its premiere, has gone on to become a standard in the operatic repertoire, and a favorite of children and families during the holiday season.

## Required Reading—New Book On Kitchen Design Features R. K. Tech

by Ed and Lisa McCauley  
of R. K. Tech

Every now and then we run across an author who perfectly expresses some element of kitchen design. An example is the new glossy book from Allison Murray Morris called "Kitchen Styles." Here's what the author has to say about the role of the family kitchen:

"How much time do you and your family spend in the kitchen? So many functions essential to running the household take place in this room. It's where you prepare your meals and eat them, gather with your family to share the day's experiences, plan the week's menus, and do countless important jobs.

"Some people like to entertain guests in their kitchens; others use the space to pay bills and track budgets. And how many of us grew up doing our homework around the kitchen table while mom or dad got dinner ready?

"In today's busy world, gathering around the dinner table may be the only chance a family has during the day to catch up with each other. Now more than ever, the kitchen truly is the heart of the home. With all the

comes the wisdom to spend our money where it will do the most good, not only in lifestyle terms but in financial terms as well.

*The Chicago Tribune* has reported up to a 49 percent return on money invested in kitchen remodeling. That's \$1.49 for every dollar invested, plus tax benefits if you finance the job through home equity. Even the booming stock market isn't giving it back as generously as that.

But when all is said and done, there is one best reason to remodel your kitchen, library or den. That reason is—You.

You are the one who wakes up every day in your own home, and if your home doesn't express who you are, you are the one who feels dissatisfied. Most of our clients have a vision of how their home should look and feel. One of the best parts of our job is the freedom we enjoy to help each client realize that vision.

That's where Lisa's architecture background sets us apart. At **R. K. Tech** we're trained to visualize the space as it can be once it reaches its potential. Our work begins with a lengthy interview in which we

*This R. K. Tech kitchen is featured in the recently published book "Kitchen Styles" by Allison Murray Morris.*

activities that take place in this most important room, it makes sense to put careful thought into the design and decoration of the kitchen"

We couldn't agree more, and we're honored that Ms. Morris featured one of our **R. K. Tech** kitchens in a two-page spread in her book. Look at page 102 for a glimpse of Lisa's design for the ASID's twenty-fifth anniversary showhouse in Evanston. The author clearly loves Lisa's blend of materials and styles. Lisa worked with the ASID's Chicago chapter president to create a mix of contemporary and country that defies easy categorization and yet achieves a timeless harmony.

"Kitchen Styles" is just making its way into circulation. Find it in the bookstores or stop by our offices and browse our copy for ideas.

### Investing in Your Lifestyle

Lifestyle is very much a matter of self-expression. When we were younger, a German car or an Armani jacket was all we needed to feel like a million. Not any more.

Earlier this year the *Wall Street Journal* found that a new kitchen had replaced a new car as the number one major purchase on the wish list of most consumers. No wonder. As the baby boom moves into its most successful years, we're naturally looking to put down roots; and with maturity

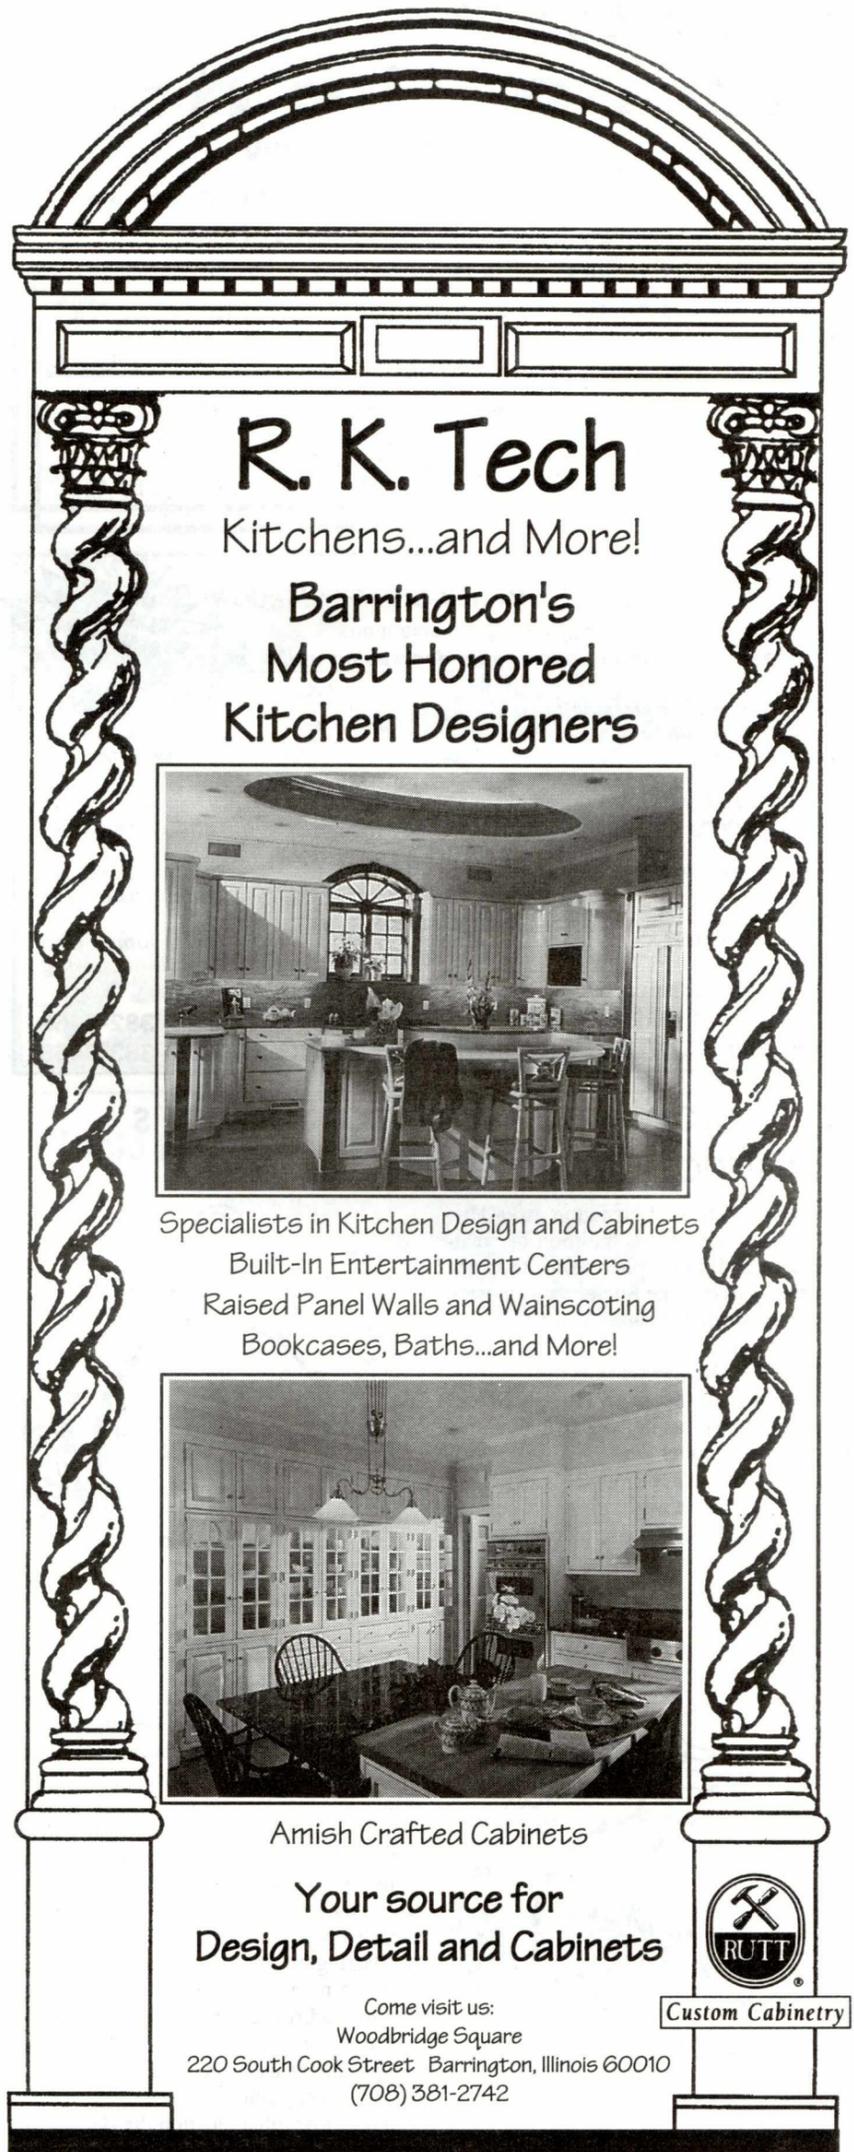

talk about what you have imagined about the space. We'll examine your tastes and lifestyle, then work through budget and schedule. Once the project starts, we'll provide the best in American made cabinets (and America makes the best cabinets in the world); but it all begins with a great design that expresses the way you live.

Is a new kitchen (or master bath or home theater) the coming status symbol of the nineties? Certainly; but that home project will also be a fine investment, a source of pleasure, and a rewarding self-affirmation long after the shiny cars and fancy clothes have lost their luster.

### Rutt Comes to R. K. Tech

We are pleased to remind you that we are now providing cabinets by Rutt Custom Cabinetry, one of America's premier cabinet makers. *Forbes Magazine* has called Rutt this country's foremost producer of high end custom kitchens, and we are very excited about the possibilities that Rutt brings to our projects. We're bringing in lots of examples of Rutt's work. Stop by or call, and we'll arrange a showroom tour.

**R. K. Tech** is located at 220 S. Cook Street, Suite 210, in Barrington, one block east of Hough Street (Route 59) and two blocks south of Main Street (Lake Cook Road). Call 381-2742.

## Barrington Area Historical Society's Christmas Ornaments

In keeping with the Barrington Area Historical Society's annual tradition of creating unique and collectible ornaments for the Christmas season, the Society will present three very special ornaments for the 1995 holiday season.

The 1995 solid pewter selection features the second of the four Hough Street Schools. None of us in the Barrington area today can remember what the original two room frame structured Hough Street School looked like when it was built in 1854 much less the north, south and center wings that were added in 1883 to produce the school which is featured on the BAHS's pewter ornament. But when it was dismantled in 1905 to make room for the new brick school it was divided into four sections.

According to Ruth Munson, BAHS Board Member, all four sections became private residences. One of these homes was later moved to North Avenue where it still stands as the Greenery Restaurant. The oldest 1855 section was destroyed when the Public Safety Building was constructed. But thanks to local artist, Liz DeWitt, the structure in its entirety can again be seen on the handcast pewter ornament being offered by the Barrington Area Historical Society.

This ornament will also be available in an antique bronze finish. Unlike the solid raised design on the pewter ornament, though, the bronze ornament has a printed design and caption.

In the November election the Barrington residents will decide the fate of the current

## Catchpenny Volunteers Honored

Good Shepherd Hospital honored over 95 volunteers at a 25th Birthday Luncheon for Catchpenny, the hospital's resale shop in downtown Barrington, operated by the Auxiliary of Good Shepherd Hospital. The volunteers were recognized for donating thousands of hours of their time to Catchpenny. Over the years, volunteers at Catchpenny have raised over \$2 million that has

been donated to Good Shepherd Hospital projects. Shown left to right are several of the original volunteers at Catchpenny, who helped start the shop in 1970: Grace Peterson, Barrington; Esther Wendt, Barrington; Eileen Perille, Barrington; Helen Wilmes, Elgin; Becky Downin, manager of Catchpenny; and Mary Lou Kuhlman, Barrington.

Barrington Village Hall on Hough Street. This unique building which has stood for almost a century and been a silent witness to much of Barrington's history may not survive the referendum. But regardless of the outcome, the Barrington Area Historical Society has created a memento that will keep the memory of the Village Hall alive for years to come. A Society artist has created an ornamental Christmas ball with a line drawing of the village hall as it looks today. The glass ornament is available in

either a matte red or blue finish with a white design and comes in a simulated fir-tree box for ease in storing and handling.

All three ornaments are Barrington Area Historical Society originals and will only be offered for sale through the Society at the Museum Gift Shop located in the Applebee House, 212 West Main Street in Barrington. Ornaments will be available for purchase after October 20th. For more information contact the Society at 708-381-1730.

## What Is A Certified Kitchen Designer?

While there are many designers who "do" kitchens, only a limited number hold credentials as Certified Kitchen Designers (CKD). Jim Walker, a partner at **Barrington Homeworks Kitchen Center**, and himself a Certified Kitchen Designer, says, "CKDs work very hard to help you determine what you really want. The plans they show you, the options they describe, the products they recommend, reflect your individual needs. They remember always—this is *your* kitchen."

From the beginning, the back-and-forth exchange of information with a CKD will reassure you. In your initial meetings, the CKD interviews you at great length to discover how you cook and live in a kitchen space. This is the time to share all your ideas—notes and pictures, too.

In a short time, you will review preliminary designs. Together, you and your CKD will perfect the plan and make product decisions.

The CKD will have final plans prepared for your review—including interpretive drawings so you will see what your new kitchen will look like.

Some CKDs offer a design service only. But Walker is affiliated with **Barrington Homeworks Kitchen Center** and can offer a complete showroom. Both types of specialists submit a clear and complete proposal encompassing all of the work planned. The specifications describe in de-

tail all construction work, cabinetry, countertops, fixtures, wiring, plumbing, lighting. There should be no surprises when you work with a CKD.

CKDs make sure you understand all of your choices during the planning process. They keep up-to-date on new equipment and new construction materials, as well as building codes, safety rules and environmental regulations. They will make sure that your new kitchen meets all standards for safe use by you and your helpers.

CKDs understand budgets and can explain the pros and cons of products as they relate to the required investment. The CKD's sound advice will help you make the right decisions for your new kitchen.

It takes years of training and expertise to earn those coveted CKD initials. It requires the ability to write specifications and draw plans that plumbers, electricians and cabinet installers can interpret. Walker notes that before CKDs can sit for their final exam, they must file affidavits from fellow professionals, letters of reference from past clients, and submit samples of their design work for review by the Societies, the accreditation agency of the National Kitchen & Bath Association.

"The kitchen and bath industry is dynamic," said Walker, "with new products and new technologies constantly being introduced. Keeping up with all this is a responsibility CKDs take seriously."

Each Thanksgiving, as we sit around an abundant table, we reflect upon all we have to be thankful for, just as our forefathers did at that very first Thanksgiving dinner. After very difficult times, they celebrated the joys of reaping that came to them through their toil and the land that was given them to till.

Each fall season, I am reminded of the American dream of owning a piece of this incredible country, and how indestructible wealth has been built through living that American dream. I think practically everyone has at one time or another thought about buying land, so let's talk about it.

**Why Buy Land?** By its very nature, land does not depreciate. It doesn't waste away over time. God made only so much of it and then He stopped, but He never stopped making people. Therefore, we have an increasing need for land with only the original amount available. And each year, the land shortage becomes more acute.

You control land by owning it. You can develop it when you please and, most often, as you please. A person buys land for control and profit... profit is made from wise investments.

**Where Should You Buy Land?** Even though there is no set "ideal" piece of property, there are qualities that desirable locations have in common:

- Easy accessibility to major roads for convenience in reaching work, schools and shops.
- Attractive community amenities including parks, pools, day-care centers.
- The "feeling" you want—rural, subur-

ban or town.

- The correct ratio of land prices to home prices.
- Zoning and building regulations to insure against objectionable types of land uses.
- Desirable topography for the home of your choice (high? sloping for a walk-out lower level?).
- Utilities available at an acceptable cost (and if the area requires a septic system, land that meets percolation test requirements).
- Aesthetic qualities such as appealing views, woods, privacy, freedom from objectionable noise or other considerations.

All of the above should be weighed carefully, and, of course, the overriding focus must be to the three "Ls". Location, location, location.

**When Should You Buy?** November and December are great months to buy land, since the leaves are off the trees and you can really examine the land. This is especially important if it's heavily wooded. You can't envision improvements to the land, if you can't see it.

Our Real Estate Agents will:

- Help provide you with information about all aspects of various parcels of land.
- Give you insight into the neighborhoods in which the vacant properties are located.
- Show you parcels you might never find, just driving around on your own.
- Help you know what the most wanted features in homes are—so that your new

## Now Is The Time To Be Purchasing A Snowblower

Snowblowers, tractors, riders, walk behinds, all the latest in lawn care equipment and accessories in name brands can be found at **Reed Lawn & Leisure** on Rand Road. These lawn care experts suggest you stop in, browse around, ask questions, and purchase your favorite Simplicity, Snapper, Toro, Honda, Echo, or John Deere. And at **Reed Lawn & Leisure**, they not only sell the equipment but they also service it.

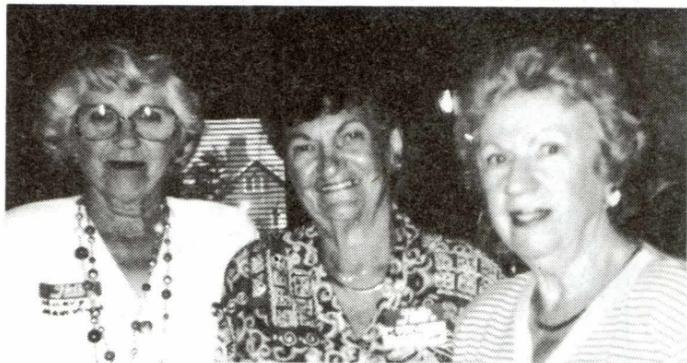

Remember last winter when there were no snowblowers available. The supply is

limited again this year, so it would be wise to purchase a snowblower now before they are gone. All are now on sale at pre-season discount prices.

It is also a great time to have **Reed Lawn & Leisure** service your snowblower with a tune-up to make it ready for winter. Also, winterize your mowing machines now for winter storage. Call for pick-up and delivery of your machine.

Stop by **Reed Lawn & Leisure** located on Route 12, Rand Road, or call **438-5220**.

## Can't Find The Room? Let Us Help!

"As architects, it's our job to solve your space problems," says John C. Cazzetta, President of **Kemper Cazzetta Architects** in Barrington. "A large majority of our work is in remodeling, and because our clients need everything from small additions to complete estate makeovers, we tend to 'see it all.' Our philosophy is to listen to our clients, study their existing conditions, calculate their budget and endeavor to aesthetically solve their space needs."

Many homeowners struggle with the thought of "taking apart their house," especially while they still live there. "This dilemma is the biggest hurdle in some projects," adds Cazzetta. "The design solution has to take this issue into account or the project could be a disaster. We have actually designed some projects to allow the owner to move into the new addition before we renovated the existing space. The quality of life during the process is as important as the design excellence realized upon its completion." The end result is always the same... "the

homeowner is amazed at how their 'old' home has come back to life," concludes Cazzetta.

If your home needs updating, additional space or reconfiguration, call John C. Cazzetta, at **Kemper Cazzetta Architects**, for a no-obligation consultation today. "We feel you will be pleasantly surprised at the potential of your existing home." Phone **382-8322** to schedule an appointment with **Kemper Cazzetta Architects**.

poration of music, movement and media. ## Living Wills

surviving spouse's death on insurance policies on the surviving spouse's life.

To protect against this tax liability, each spouse could create an irrevocable life insurance trust to which all of the policies on the insured's life would be transferred. The trust would receive the proceeds estate tax free, the proceeds would be used for the surviv-

ing spouse's benefit and at the surviving spouse's death, the remaining proceeds would distribute tax free to the children.

Developing an estate plan is not easy, and takes a lot of time. Estate planning is an ongoing process. It is easy to procrastinate, but the reward is the comfort of knowing everything will be fine in your absence.

## From A Woman's Point Of View

by Gail Wickstrom, Wickstrom Ford

Next to purchasing a home, the largest purchase the average person makes is the vehicle they drive. After all those major decisions, now we get to decide on license plates.

Years ago it was whatever you were issued, but now we have personalized, vanity and environmental. Regular plates are \$48.00 plus \$13.00 for title. Personalized plates are specific requests that include one numeric digit and they cost the same as regular plates, but take from six to eight weeks to get.

Then we have environmental plates which have the Illinois state bird, the Cardinal, on them. They cost the regular fee plus an additional fee to the state of \$40.00. They come right away and are randomly selected.

The most expensive plates are vanity plates, they require an additional fee of \$75.00 and take six to eight weeks. You can request almost anything on a vanity plate with or without numbers. It is up to the

Secretary of State's discretion and availability.

One of our Explorer customers has EXPLRN. A Windstar customer has VINSTAR on theirs. Their creativity is never ending and often amusing.

## Scotty's—Groceries On Wheels

Just don't have time to get to the grocery store? Hate those long, frustrating lines? Difficult taking the kids? **Scotty's Home Delivery** can help. We have been in business for over four years now, servicing the grocery needs of people just like you. We service 45 north and northwest suburban communities, with a customer base nearing 2,000 clients. Best of all, you pay grocery store prices, with only a nominal delivery fee to have them brought to your front door! Our average delivery fee is only around \$3.00!

All of our customers receive a price book with the nearly 5,000 items that we carry. It includes all of your favorite name brand suppliers, and an assortment of specialty items that you won't find at the grocery store, such as fresh butcher meat and seafood, whole grain breads from the Bread Barn, fresh baked goods from a local bakery, and the finest of fresh produce we receive in daily.

Ordering is very simple. You can either call in or fax in your order, just indicating the item numbers you would like to have delivered. We will give you a total due for your delivery, and you can pay us by check or credit card. The great thing is that you don't even have to be

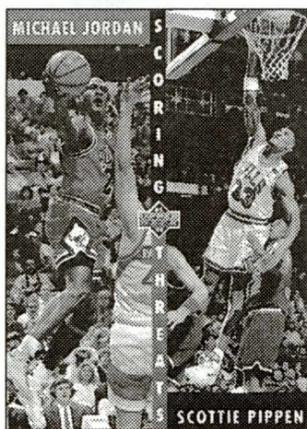

home to accept delivery (around 50% of our customers are not). We can do this because we deliver all of our refrigerated and frozen items in Igloo coolers with ice packs, so even ice cream stays frozen while your groceries await you. The dry products are delivered in waterproof boxes with lids on them. We will work out a convenient place with you to leave your groceries if you are not going to be home, and they will be waiting there fresh when you arrive. If you are going to be home we will unload them on your counter for you. It's that simple!

This is not a club of any kind, we are simply a grocery store that only delivers. You order when you want (Monday through Friday) and however much you want. We guarantee 100% the quality of all our products. To receive an information pack describing the service, including a complete price book, just give us a call at (708) 726-8897, and we would be happy to send one out to you. Isn't it about time you enjoy your free time and spend your discretionary time the way you want to spend it? Let us help! We look forward to hearing from you.
