from Lydia E Pinknam's vegent of the point.

"I have been a great sufferer with femals trouble, trying different doctors and medicines with no benefit. Two years ago I went under an operation, and it left me in a very weak condition. I had stomed trouble, backache, endadebe, polpitation of the beart, and way very nervous; in fact, I ached all over. I find yours is the only medicine that reaches such troubles, and would cheerfully recommend Lydia E Pinkham's Vegenble Compound to all suffering women.

The experience and testimony of some of the most noted women of America go to prove, beyond a question, that Lydia E. Pinkham's Vejetable Compoind will correct all such rouble at once by removing the cause and restoring the organs to a healthy and normal condition. If in doubt, write Mrs. Pinkham at Lyns, Elass, as thousands do. Her advice is free and helpful.

No other medicine for women in the world has received such wide-ead and unqualified endorsement. No other medicine has such a ord of cures of female troubles. Refuse to buy any substitute.
