

IT IS WORTH TRYING FOR

A Free Scholarship in University of Illinois Offered by Representative Pearson.

To the Young Men and Women of the 7th Senatorial District: President James has requested the members of the General Assembly to nominate candidates for free scholarships in the State University of Illinois, at an early day. I shall be pleased to nominate some young person, who must be over sixteen years of age, for a free scholarship from the Seventh District. The certificate of nomination must be filed with the president of the university on or before the first Saturday in June, on which day, beginning at 8 a. m., an examination of candidates will be held by the County Superintendent of Schools for Cook county, at 26 Van Buren street, Chicago.

I have a few copies of the regulations for the examination and of the list of subjects to be covered by the examination, which may be had at my office in Chicago, or they may be had by letter to Dr. W. H. Pillsbury, the registrar of the university, at Urbana, Illinois.

Each of the four members of the legislature from this district has the right to nominate one candidate. If more than one requests the nomination from any member, he may elect to require them to compete in the examination and award the scholarship to the one passing the best examination.

This is an opportunity to acquire an education which I hope will be accepted by at least four students from this district. **LOUIS J. PIERSON.**

OLD SETTLER PASSES AWAY.

Mrs. Jane Spriggs Passes Away Sunday After Years of Suffering.

Mrs. Jane Spriggs, wife of William Spriggs, an old settler here, died last Sunday afternoon after years of suffering. The funeral took place Tuesday afternoon, Rev. Lapham of the M. E. church officiating. Interment was in Evergreen cemetery.

OBITUARY.

Mrs. Jane Spriggs was born in Peterborough, England, April 13th, 1824. On September 22nd, 1841, she was married to William Spriggs. They had three children ever born to them. Henry died when three years of age, Mary and William are still living. Mrs. Spriggs early in life joined the Episcopal church, and has been a devout and faithful Christian.

For years she has been a great sufferer, yet her faith in God's love has never faltered. This has been the great secret of her joyous Christian life.

Mrs. Spriggs has always been a great lover of her home. Her home was her joy and it was her delight to look out after the interests of her husband and children. Throughout her life she preferred the quiet of the home life and she will ever be remembered as a faithful wife and a loving mother.

Mrs. Spriggs' cheerful disposition was one of her remarkable characteristics. Even in the hours of great suffering, her cheerfulness was a surprise to many. She most heartily appreciated even the smallest attention or kindness of neighbors and friends. Even during her severest illness, she seemed ever to breathe out a cheerful and a thoughtful spirit. She often spoke of the great goodness and mercy of God and said that she realized something of the truth of the words of Pauline: "For one slight worketh for us a far more exceeding and eternal weight of glory; while we look not at the things which are seen, but at the things which are not seen; for the things which are seen are temporal; but the things which are not seen are eternal."

Mrs. Spriggs' great faith in God's love and in His care for her for time and eternity will ever be an inspiration and a comfort to her relatives and loved ones.

At the close of such a life how appropriate are the words of the hymn: **ASLEEP IN JESUS.**
Asleep in Jesus! blessed sleep,
From which none ever woke to weep;
A calm and undisturbed repose,
Unbroken by the last of foes,
Asleep in Jesus! O how sweet

BE CAREFUL IN VOTING

Do Not Vote for More Than Three Candidates for Trustee.

The village election will be held next Tuesday for the purpose of electing one clerk and three trustees. Sample ballots appear in another column of this issue. The polls are open from 7 a. m. to 5 p. m. It is the duty of every citizen to go and cast his vote for the men of his choice and then abide by the result.

Stay at home have no business complaining after it is all over.

The best instruction we know of for marking of the ballot is as follows:

If you desire to vote either of the tickets straight simply place a mark in the circle at the head of the ticket of your choice.

Should you wish to vote a mixed ticket do not mark in either of the circles but mark in the squares to the left of the candidate of your choice. There are only three trustees to be elected and care should be taken to indicate the three of your choice. If these instructions are followed you may be sure that your ballot will be counted as intended.

Woman's Club Notes.

Thursday of last week "Emerson Day" was observed by the Woman's club at the residence of Mrs. John Collins, on Lake Street.

The pretty home was decorated for the occasion with flowering plants and club colors. An excellent paper on Ralph Waldo Emerson was read by Mrs. M. T. Lamey, and selections from Emerson's writings, and a short talk was given by Mrs. F. E. Lines, after which the merits of the works and life of the noted author were discussed by those present. A special program of music was rendered by Miss Slonot of Wauconda after which a dainty luncheon was served. One of the pleasantest meetings of the year was held. There was a number of guests present.

This week the club held a meeting in the interest of Kindergarten work at the home of Mrs. E. M. Blocks. Two interesting papers were on the program, the subjects being "The Early Education of the Child" by Miss White, and "The Use and Need of Kindergartens" by Mrs. J. Schwenn. The musical program was in charge of Mrs. F. Stott. At the conclusion of the program a social hour was enjoyed by members and guests.

SHOULD COMPLY WITH LAW.

Township Officers Should Publish Reports in Fall.

The time is here when the township officers should publish their annual reports.

No law on the statute book is more specific as to official duty than the one requiring these reports to be published. There are few laws that have been so completely ignored.

The enforcement of this law would have saved Peoria thousands of dollars. Its enforcement may save other cities, towns and townships thousands of dollars.

Many reports that are published might as well not be printed. When a treasurer says he has received a certain amount to school districts, he might as well not have published any report. If he says he has received a certain amount, and states when and from whom he received it, then he has done right; if he states he has paid to a certain person a certain sum for teaching in a certain district, a certain number of months, then he has furnished a report which will enable the tax-payers to ascertain whether or not he has been paying the payroll. A mere statement of an aggregate amount received and expended gives no information of any value to the public, and can be utilized to cover up just such crimes as started the people of Peoria and have been found elsewhere.
