The End of the World

of troubles that robbed E. H. Wolf, of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. Sure cures for all stomach, liver and kidney complaints. Blood diseases, headache, dizziness and weakness or bodily decline. Price 50 cents. Guaranteed by Barrington Pharmacy.

Miss Hettie R. Jukes of "Our Millinery" store, received word one day last week to come in at once, the message being from a lady friend who is very closely connected to one of the largest wholesale millinery houses in Chicago. On her arrival, imagine her surprise upon being informed she had been sent for to come in and pick out her fall assortment of silks, velvets, ribbons, feathers and flowers, and paid her the highest compliments in saying she (Miss Jukes) was one of her cash buyers who was entitled to a favor. Goods were not ready for fall trade, but Miss Jukes could have first choice and pick, which she very gladly took advantage of, and in doing so was roundly praised by the firm in her choice selections and judicious purchases. And the ladies of Barrington and vicinity will find at the fall opening, notice of which will appear later, the finest and richest line of goods ever shown in this locality, and at prices just as low as in the city and quality unsurpassed. Watch advertisement for opening date.

Mr. and Mrs. Jacob Jacobson are guests at the home of Mr. and Mrs. Louis Jensen.

The annual Baptist Sunday school picnic was held Friday last at the Whitney farm, Lake Zurich. Two hay-racks, a bus and surrey were filled with those attending, making the number present quite large. The usual picnic amusements, with boating, bathing, races and "eating" were enjoyed.

Gabriel S. Slaughter and wife, accompanied by the wife of Mr. Slaughter's cousin and Mrs. Christine Dahlby, a nurse, met with a terrible accident in Evanston on their return from a visit to Lake Zurich Sunday. Their auto was hit by an electric car on a railway crossing, and Mrs. Gabriel S. Slaughter was instantly killed and her relative so seriously injured that she may die. Mr. Slaughter and the nurse were only slightly injured.

The annual Old Settlers' picnic was held Sunday at Schaumburg. An unusually large crowd assembled at the grove, the estimated number being fifteen hundred. Many automobile parties were present and new amusement features added. However, the picnic differed from former ones, particularly in that the "old settlers" were not as noticeable. Other years the picnic was attended by more really old couples, thus the name. Barrington people were in evidence.

"There is always room at the top," was the wise saying of the great Webster, and it applies to every young man. The lower ranks are always crowded. Unskilled manual labor must be content to work the hardest and receive the poorest pay, while the educated and skilled laborer has the best positions and largest wages. The best education to qualify a young man to meet the duties of life is a business education obtained at some first-class college, such as the Metropolitan Business College of Chicago. A fine illustrated catalogue of that school can be obtained by writing a postal to the principal. The fall term opens September 4th.

His prompt arrival may save your life. This protection costs only a few cents per day. Insurance costs more—and you must die to get it. Order a phone now, and live.
