 Our Motto: Reasonable Prices and Prompt Service

An Engine Without An Engineer.

An I. H. C. Gasoline Engine
 does not require an engineer to run it. It is so simple and practical in construction that it requires very little attention and is easily operated by anyone.

An I. H. C. Gasoline Engine
 runs smoothly and produces more power than rated. It is very economical in the use of fuel, consuming less per horse power than any other engine of the same rated capacity.

An I. H. C. Gasoline Engine
 is a wise investment. It saves time and money, and increases your profit as a result of the increased production. No progressive farmer can afford to be without an I. H. C. engine. There is one to fit your special need.
 Made in the following styles and sizes:
 Vertical—2, 3 and 5 horse power.
 Horizontal—4, 6, 8, 10, 12 and 15 horse power.
 Portable—6, 8, 10, 12 and 15 horse power.
 Call and examine an I. H. C. gasoline engine and see for yourself the merits of this engine.
 We also handle a full line of Deering Mowers and Binders and Webber Wagons, in fact everything that the farmer wants on the farm. Call and examine our stock and be convinced that we are up-to-date implement dealers.

PROUTY & JENCKS.

To Every Boy or Girl PURCHASING School Books, Pens, Pencils, Tablets,

Or School Supplies of any Kind, we will give a Ticket entitling them to a Chance on our

\$10.00 Watch and our \$10.00 Doll,
 The Doll for the Girls and the Watch for the Boys.
