

ARE DRAWING TO A CLOSE

Only a Few More Union Revival Meetings to Be Held at the Salem Church—Interest and Attendance on the Increase.

Sunday evening a vast audience greeted Evangelist Phelps at the Salem church, filling all available space from front to rear of the spacious church edifice. The sermon, "Whatsoever a man sows that shall he also reap," was illustrated with many vivid examples. He said: "every man 'mocks God' who refuses to follow his convictions of what is right and wrong or who will not accept the Divine help so freely offered him to lead a better and purer life."

High water mark of interest was reached when one evening probably a score of our best young people offered to give their entire life to the service of the Master in whatever capacity He might choose to call them, and additional force was given the speaker's appeal when a number of leading members publicly announced their determination to lead a purer life by forever renouncing the use of the foul weed called tobacco.

Under such circumstances produced by the truth of the Word spoken in an earnest manner without trying in the least to produce an excitement, the words of the chorus:

I'll go where you want me to go, dear Lord,
Over mountain, or plain, or sea,
I'll say what you want me to say, dear Lord,

I'll be what you want me to be," were sung with an earnestness never before shown.

But a few evenings of these special services remain, as the Evangelist is booked for Highland Park by Thanksgiving and may, in order to secure a brief rest, leave the day before. Mrs. Phelps, the wife of the evangelist, has arrived. Her mother, the wife of the Rev. C. C. Poling, before her marriage known as Miss Sevilla King, was a noted evangelist in her younger days, and only ceased from her active work when the duties of the home interfered. Mrs. Guy Phelps joins her husband in evangelistic work and may follow in the footsteps of her mother.

FLETCHER-DAWSON.

Two Well-Known Barrington Families Are United into Closer Relationship.

The marriage of Mrs. Elizabeth Fletcher to William Dawson occurred at the home of the bride in Barrington on Saturday evening, Rev. V. V. Phelps of the Baptist church officiating.

The contracting parties are well known in this vicinity, where the bride conducted a boarding house for a long number of years.

The groom has been in the employ of the Chicago & North-western R'y. for nearly a third of a century, being at present employed at the round-house here.

Mr. and Mrs. Dawson count among their friends everyone with whom they come in contact, being of a genial disposition and generous.

May their pathway be strewn with happiness is the wish of THE REVIEW and its readers.

REMEMBERS, KIND FRIENDS.

"Sunny Crest,"
Barrington, Nov. 20, 1906.
DEAR REVIEW:—Having been "housed up" for the past ten days by "indisposition" (the Doctor gives some other name) imagine my surprise and pleasure when a delegation from my Sunday school class of young ladies brought me an elegant bouquet of carnations and ferns as an expression of their sympathy and good will. The following is my response:

To Class No. 3, Baptist S. S.
Bright flowers appear upon my stand,
Whose grace and beauty richly blend;
Gift of a thoughtful, faithful band
In recognition of a friend.

God decked the earth with beautiful flowers,
That man might know His thoughtful care;
Thus in affliction's passing hours
I recognize this token fair.

It is no light, unmeaning thing,
When youth and beauty stay their feet;
And by some act of kindness bring
Joy, hope and comfort to a friend!

How feeble language proves to be
To tell what thrills a grateful heart!
So we are left by FATE to see
Responses of the soul, in part.

Recipient of this sweet surprise,
I can but tenderly express
The wish your path, wherever it lies,
Be strewn with all that comes to bless!

Gratefully,
H. H. HUBBARD.

Since writing the above tribute to my class, a similar floral expression of sympathy and regard from ladies of the W. B. C. was brought to my door. The poetic sentiment already expressed, still applies.

Precious flowers for the "living"—
Messengers of charming grace,
Bear a blessing in the giving,
Filling thus a fitting place.

Flowers for our "loved departed,"
From good motives emanate;
But a burden to sad-hearted
Friends may prove, because—"too late."

This sweet token brings a message
Worthy of the warmest praise;
While an order of high prestige
Thus "fraternal homage" pays.

Cordially,
H. H. H.

BEWARE OF THIS SWINDLEP.

A Smooth Talker is Reaping a Harvest in Selling a Worthless Shellac Dissolver.

An agent for an alleged shellac dissolver is working this part of the country and all users of paint in northern Illinois and southern Wisconsin are warned that they join the hosts to be worked by the smooth salesman. It is said that several Rockford factories have been bitten and that the man reaped a good harvest there. The man is short and about 40 years of age. He claims to represent a Canadian firm and puts up a good story. If his preparation were good it would save dealers at least \$1.00 on every order, and his proposition is an appealing one.

The trouble is that the stuff is absolutely worthless. Furniture factories and house painters are especially warned to be on the lookout.

German family want good strong girl for general housework. North-west side, Chicago. Address, F. Rotundas, 470 Franklin Boulevard, Chicago.

SAYS SHE WAT NOT A RIVAL OF HIS DAUGHTER.

Thos. Kelly, the man who started the court action against Adelaide Miller of Libertyville, the school teacher whom he seeks to have removed because of her youth, etc., states that the reports relative to his daughter and Miss Miller being rivals for the job of teacher, are not correct.

Said he to the Gazette today: "Why, my daughter never went to a public school in her life. She attended the sister's school at Waukegan and St. Mary's convent at Libertyville and never went to any other school. She never associated intimately with the Miller girl and all the stories to that effect are wrong. Therefore the statements that she was a rival for Miss Miller's place is incoherent and unjust to my daughter."

School Notes.

Come out and hear Prof. Farr on Nov. 30th.

Miss Lydia Solt and Sadie Block sang a duet during the opening exercises of the High school Friday morning of last week, which was very much enjoyed by the entire school.

Designs for stained glass windows, drawn and prepared by the pupils of the High school, attracted some visitors, and is eliciting favorable comment from all who view them.

Tardiness, aside from being a most injurious habit to the individual, is a great menace to the success of any school. The co-operation of the parents is especially needed in overcoming this fault.

The original contract for the High school piano has been returned, showing payment in full. The last payment of \$33.98, having been met by the proceeds from the "Trip Around the World." The Entertainment Committee desires to thank the friends of the school for their liberal patronage.

Misses Emma Kuebler and Elnora Arps of Palatine, were visitors Monday. A kindergarten school is being planned.

The illustrating in water colors of the "Mother Goose Rhymes," by the children in the Primary room, is really more artistic than one could expect from such tiny fingers.

Visitors to the school are always welcome.

Prof. Farr's lecture at the school next Friday evening will be entitled "Making of Illinois," and has never before been given in Barrington. All friends of the school should arrange to give the speaker a large audience.

The teachers of the country schools in the vicinity of Barrington have been invited by Dr. Nightengale and Mr. Farr to visit them.

WERE FORCED TO RAISE THE PRICE.

The blacksmiths of Barrington, owing to the high price of all material they have to use, are finally compelled for self protection, to raise the price of their work. The new schedule is as follows:

Hand-turned shoes, new, 50c each.
Machine shoes, new, 45c each.
Steel-heeled shoes, new, 50c each.
Steel-heeled and old, 60c each.
Resetting any shoe, 25c each.
Resetting steel heel shoes, 25c each.
Never-slip shoes, 4calk, per set, \$2.50; 5calk, \$3.00.
Resetting Never-slip shoes, 20c each; calks, each, 5c extra.

These prices are somewhat below the scale established by the blacksmiths in neighboring towns.

PERFORMED A REMARKABLE FEAT.

Ed. Peters, the former lively man, but now engaged in the calf buying business, has a horse which has some sprinting abilities of which he gave ample evidence last Friday. While unloading calves at the Barrington depot a south-bound freight train coming at a rapid rate frightened the animal, and it started up the railroad tracks just ahead of the fast train. It ran ahead of the train to the widest rail bed south of Barrington, when it decided to go into a ditch and thereby give the freight the right-of-way. With the exception of a damaged wagon no serious loss was sustained. Mr. Peters took the 7:25 a. m. train a few minutes later and followed the horse, and found it at the widest uninjured. The horse accomplished a wonderful feat in crossing cattle guards and a trestle on a dead run without being injured.
