SHURTLEFF'S ANNOUNCEMENT

TO THE REPUBLICAN
VOTERS OF THE EIGHTH
SENATORIAL DISTRICT:

I hereby announce myself as a Candidate for Representative in the Lower House of the General Assembly, subject to the Republican Primaries to be held April 9, 1912.

For twelve years have supported and help pass through the house an Appropriation for \$2500 for the benefit of the Dairymen's Association in compiling, publishing and distributing its reports and other necessary expenses. This is a regular appropriation always passed.

A few years ago I instituted an appropriation of \$1000 for the Illinois State Milk Producers' Institute, which has been appropriated at every session since and had my support in the House. This is now a regular appropriation.

I am opposed to the State Highway Commission at Springfield, appointed by the Governor or otherwise, having the right to lay out and route the first-class Roads in any county, upon which work shall be done first, which, in effect, merely provides and is proposed for an Automobile Highway and not for the common public which uses the Roads.

I am opposed to the State Highway Commission, or any Board at Springfield, having the CONTROL, Direction or Management or doing anything further than systematic advice and along educational lines. It is destructive of Local Self-Government.

I favor the Automobile License Money being distributed over the State equally to Townships, according to their physical measurements outside of cities, and not according to their assessed valuation. An automobile injures the Roads in a poor Township the same as in a good one.

I am opposed to Tax Assessments being tried by Appeal by a Board at Springfield, appointed by the Governor or otherwise.

I am opposed to a Law authorizing Re-assessment of Property in any Taxing District by any Clerk sent from Springfield. It is destructive of Local Self-Government.

I am opposed to the Control and Management of the Public Schools being taken out of the hands of the County Superintendent and the Local authorities and placed in the hands of a "Council of Education" at Springfield.

I favor the Best Legislation for the Actual Dairymen of the

Eighth Senatorial District, and I protest against the Milk Producers' Association being used for Political Purposes.

Very Respectfully,
EDWARD D. SHURTLEFF.

"WISE, ABLE AND POOR"

Young Man Support Cullom Because He Held Up Hands of Lincoln.

The name of Lincoln seems to be on the lips of all candidates on all sides we hear unfounded and unjustified assertions of what he would have said or done in the critical state of affairs confronting us. We have a candidate for United States Senator who was his intimate friend and associate, who was guided by him in the study of the law, who was a candidate of the same ticket with him in 1860, who upheld his hands in saving the Nation from destruction during the Civil War, and we feel we have a better right to invoke the name of Lincoln than anyone else.

In addition to the sentimental side, we have the practical fact that Senator Cullom's industry, activity, honesty and capacity have never been questioned, and that he is as diligent, courteous and obliging as any other member of the Senate today. We feel it would be wicked for this state to ignore his fifty years of experience. No one ever appealed to him in vain, no one writing to him ever failed to receive a reply. He is wise, able and poor after his long public life. But for his age, there would be no opposition. We believe in old men for counsel, and young men for war, and for these reasons we support Shelby M. Cullom in our first active participation as voters in politics.

CHARLES R. VINCENT, President Young Men's Cullom Club of Chicago.

Alliance.
The black sheep of the Warrypack family had distinguished himself again. "This is the last straw!" growled his respectable brother. "I'm goin' to 'ave it put in the papers that I've changed my name from Warrypack to Wobbleway, 'cos of my brother's disgraceful name. I'll 'ave it printed on 'and-bills an' distributed by the thousand! I'm determined nobody shall suspect that I'm related to 'im—idea."

TWO YEARS GOOD SERVICE SHOULD MEAN TWO MORE

When Andrew Russel was state treasurer from 1908 to 1910 he devoted his time unreservedly to the duties of that office. He realized to the full the responsibility of his position and the result was evidenced by the great increase in the net profits to the state from his office.

He turned into the state treasury almost \$100,000 in interest on state funds and over \$2,000,000 inheritance tax.

Mr. Russel established civil service in his office and made efficiency the one standard. For 28 years he has been an Illinois banker and he is certainly qualified by experience and training for the post he is seeking. A loyal Republican he has been fighting the battles of his party for years—and he is staunch in the faith.

ANDREW RUSSEL,
Republican Candidate for State Treasurer.
