The queer case of a sick tramp, who lay near Elgin, with his feet in Kane and his head in Cook county, and his soul near eternally, puzzled officials of both counties for a while, according to the Elgin Courier. It was decided which county should have the care of him by a medical examination on the spot, showing that the party lying in Cook county was the one affected. The man was taken to Bartlett.

The Public Service Company of Northern Illinois, the company supplying electric current for light and power for Chicago and the surrounding country, has practically completed the purchase of the Harvard Light and Power company, which supplies current for Harvard and Cheung. The Sunday a short time ago when the Waukegan, Rockford & Elgin Traction company ran its first passenger train on the Palestine branch from Palestine to Lake Zurich, John Bookelman of Palestine took the train, it being his first ride on a railroad since coming to the United States from Germany, 42 years ago. He was a successful farmer, taking up land at Quiescent Corners where he lived till a short time ago when he went to Palestine to live with his son Henry, Bookelman. He never learned to talk English, but he was very polite and was very much pleased with the ride.

Quiescent Corners. "It doesn't take an effort to get into a good home of comfort," Illinois' motto. The new road was the old farm of the older Mr. Bookelman. The train stopped at the corner of the farm a photo of the old gentleman was taken. He never learned to talk English, but he was very polite and was very much pleased with the ride.

Property owners living in the northern part of this township petitioned for a new road to connect the Bennett road in this township with the Waukegan and McHenry road in Waukegan township, running through farms which are back from any present public highway, to give outlet to the residents of those farms and for the convenience of the public. The highway commissioners of the two town-

ships met on the grounds last Saturday afternoon and granted the prayer for the new road so that the legal proceeds may be used. The proposed new highway will be practically a continuation of what is known as the Honey lake road in this township, and commencing at the place where that road joins the Bennett road will run northward through the old Givens, Grace, Connes and Kampert properties, connecting with the Waukegan road at a point near the former Platarch Boughton farm. There is no absolute assurance that the road will be put together for it may be considered too expensive after the damage has been assessed, but the work has progressed to a point where it is a probability. There are at present several property owners living on the route of the proposed highway who are considerably inconvenienced by reason of no proper way of reaching the public road.

Many Driven From Home. Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is only and not always sure. A better way—the way that is sure—is to use Dr. King's New Discovery and cure yourself at home. Say right there, "I'll try your medicine." It is a sure relief and health restorer. Its help in coughs, colds, gripes, croup, whooping-cough and sore lungs make it a positive blessing. 50c and \$1.00 bottles. Free. Guaranteed by Barrington Pharmacy.

Fishing. Their Occupation. Over 1,200 small boats are used along the north coast of New Brunswick in fishing. Nearly every resident is a fisherman during portions of the year, while a majority follow fishing as an occupation. The greater number of smelt fishermen are farmers who do not mind fishing a profitable side line during the winter months.

The Simple Reason. "Why are we so late?" asked the passenger, whose question is reported to the Boston Transcript. "Well, sir," replied the conductor, "the train in front was behind, and the train was behind, besides."
