Many Driven From Home. Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for ever. A better way—the way of all wisdom—is to use yourself at home. Stay right there with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping-cough, and sore lungs make it a positive blessing. 50¢ and \$1.00 Trial bottle free. Guaranteed by Barrington Pharmacy.

Oiling Shoes. The best way to keep black leather shoes from looking worn, and also from breaking, is to dip a small flannel rag in olive oil and rub it into the leather. If it needs further rubbing, use a fresh, dry flannel rag and go over it. This method is good for the woman in mourning, as it keeps her footwear black without polishing it, and provides a dulled finish.
