JUVENILE CHARGE ROBS EMPLOYER
Jewish Boy Takes Money from Barrington Township Farmer—Apprehended by Marshal Peters

Herman Hiltzman, who lives in Barrington township just north of this village, was robbed this morning of seven dollars, a gold watch and other jewelry by a farm hand who had been employed by him for a few days.

The employee, a boy, was captured about ten o'clock by Marshal Peters, while on his way to the depot, where he had been intended to take a train for Chicago. He was of Jewish nationality and gave his name as Jacob Cohen; he was a little over 15 years old and that his father was Morris Cohen, a tailor, of Berwyn. He left home, he stated, because he could not get along with his brothers and sisters, of whom there were several, and came to Chicago a short time ago.

An employment agency agreed to find him a job in the county juvenile court, and he was brought out here to work for the depot. He started in there Saturday, he said, but decided that he wanted to return home and his employer would not allow him to do so, after which he took the money and jewelry and went to a nearby farm house where he was found a milk train coming to this village and was given a ride to town. He was emphatic in his denial of ever having been in trouble before and promised to go to do so.

In the meantime Mr. Hiltzman had gone to Palestine to intercept the boy in case he tried to catch a train from that place. When notified that the lad had been caught he returned here on the noon train and then it was learned that Cohen was a charge of the Cook county juvenile court, and was placed here by charge.

Mr. and Mrs. Elmer will reside at the bridegroom's old home and Mr. Elmer will continue in the teaming business in which he has been engaged for some time. His mother plans to move to this village where she will live in one of the new Klugeberg cottages on Cemetery street with her brother and mother.

The trustees approved the president's appointment of the following judges and clerks to serve at the election next Tuesday: judges, John C. Plagge, Emil P. Schaefer and Herman Schwenm; clerks, A. L. Robinson, F. L. Waterman and John L. Melton.

A. M. Layton was allowed \$600 of the money due him on the septic tank and sewer system work, leaving a balance due him of \$500. This latter amount will be held until the system is put into operation. A bill from Ewing & Stone for \$100.00 due them for engineers services in connection with the sewer service and one for \$200.00 from the Pacific Plank Tank Co. to pay for apparatus used for the septic tank were also considered, but were laid over until the next meeting.

The Public Service Company of Northern Illinois for \$100.22 for excess pumping for the last six months, was allowed. This was about \$50 more than the excess pumping amounted to for the corresponding period last year, while the railroad company has used considerably less water this year than it did last year, which is evidence that the individual consumption is increasing.

The meter proposition was again discussed and the trustees were to be seriously concerned over the advisability of installing meters in all the cottages.

George Atkins, in a address to the board, demanded that the trustees give the residents and lot owners of the new subdivision—N. W. Barrington, Mr. Atkins turned in some attention and assistance in improving the subdivision. Mr. Atkins has erected the first house there and has it nearly ready for occupancy, and he wants lights right away, he says. He also spoke of the need of a sewer system and gravelled streets. The members of the board seemed thoroughly in accord with his views and have decided to talk to them a motion had been made placing the lighting matter in the hands of the proper committee.

The need of a fence around the septic tank was mentioned and upon motion of Trustee Lagoobish and upon president of the board, chairman of committee on drains and sewers and chairman of committee on streets and sidewalks were given power to instruct the street commissioner to go ahead with this work at once, under the direction.

It is their plan to erect a four-foot woven wire fence with barbed wire strand on top.

No other business coming before the meeting the trustees adjourned until April 17, when they will meet to canvass the return of the village election to be held April 15, and adjourn also.
