THE OPEN MUFFLER NOISANCE.

In everything else, the careless and unthinking few among automobile drivers are causing complaint against and censure of, not only themselves, but the many careful automobile users. Probably the worst man of all is the open muffler fiend. None can contend that it is necessary to open the muffler in a village or city, where hills are few and grades easy and speed cannot be too great, yet it seems that fully one-half of the drivers of automobiles are not happy unless they have the muffler open and are making all the noise it is possible for their engines to make. Perhaps it is because they think the sound will delude people into thinking they have "some car," or perhaps it makes them feel more like "Barney Oldfield." Whatever the reason they are quite successful in attracting attention to themselves, and often curses. If a horse or team appears to be frightened, instead of trying to be as quiet as possible they invariably open the muffler, give a few unnecessary toots of the horn and put on a little more speed, and when stopping, after throwing out the clutch, they open the muffler and speed the engine up for five or ten minutes so that everybody will know they are about. All this is unnecessary, annoying and sometimes dangerous, and doubtless will result in a statewide law against the practice if it is continued much longer.

There is a general clamor against this class of automobilist and at Columbus, Ohio, it has been proposed to require all mufflers to be sealed by a city sealer, and provide a fine for owners of cars or their chauffeurs whenever it is found that one of these seals have been tampered with. This is carrying the matter to the extreme, a law compelling the use of the muffler while in villages or cities would be sufficient if enforced, and would be welcomed not only by the dwellers therein, the pedestrians and drivers of horses, but by careful and conservative automobile users as well, for these careless drivers give a "black eye" to all.

"FOR GOOD MILK."

Under the above heading the Chicago Daily Tribune rejoices editorially over the decision of the United States Supreme court upholding the constitutionality of the Milwaukee milk ordinance, "which of course extends the same recognition to Chicago's milk ordinance," giving that city an opportunity for "highly effective" supervision of its milk supply.

This decision was to the effect that cities have a right to require the tuberculin test, and gives the authorities the power to confiscate the milk taken from animals not meeting the requirements of the test, and to order the cattle themselves destroyed. The Tribune says, "the authorities in charge of the milk situation should proceed to make the most of the decision."

Of course the opponents of this ordinance will continue to characterize it as "trivial in the extreme"—the Tribune agrees right. The ordinance does have its slight drawbacks. For instance, probably not one cow in a million is afflicted with tuberculosis germs. If they were it would not be communicated to their milk, according to some of our well known doctors, and the tuberculin test as applied by veterinarians is not reliable, as hundreds of post mortem examinations have shown. Time and again cattle have been condemned for tuberculosis and killed, only to have it discovered, upon examination, that they were perfectly sound and healthy animals. And yet the Tribune thinks it is right for a city of one million to have a cow without a label to give ordonnances which result in destroying many valuable cows, and thus depriving the milk supply, and thus depriving the city of milk.

AMBITION TALKS

BY HARLAN READ

THE DIGNITY OF LABOR.

Abraham Lincoln was a "hired man." His sister Sarah "worked out" as a "hired girl." Jim Hill was a section hand on a railroad, and in the employ of a packet company in St. Paul earned fifty cents a day.

The list of barbers who have become famous would amaze anyone not already familiar with it, and there is a vast army of collectors who have made enough money to leave in Europe.

One of these successful refuse artists runs one of the best organized businesses in Central Illinois.

It is a peculiar fact of most men and women to look down upon those who render them the most valuable service.

When Jesus Christ washed the feet of his friends he tried to express the fundamental doctrine of his great philosophy, but nobody understood it then, and it is probable that very few understand it today.

It is one of the absurdities of life that we all stand in line eager for a chance to take our hats off to any man with money enough to loaf at public expense, and hold our noses high in the air when we pass the man or woman who washes our dirty shirts for us.

It is a characteristic of most great men that they never hesitated to do any useful thing when it was necessary.

The same "hired man" whose sister was a "hired girl" was found by one of his bodyguard, when he was president of the United States, sitting on the edge of the bed, clad in his nightgown, sewing a suspender button on his pants. This was not a freak of greatness. It was an evidence of it.

The highest ambition is the desire to serve. It is a disgrace to remain a street laborer, but it is not a disgrace to be one.

Notice to Modern Woodmen.

Harrington camp Number 808, M. W. A., will attend services in a body at the Salem church Sunday June 1, at 10:30 a. m. All members are requested to meet at the hall promptly at 10:30 o'clock. WILLIAM GRUNY, Clerk.

Nothing Complimentary.
When you offer a man a cigar, and he looks at it and says, "No, thank you. I had corned beef and cabbage for my dinner," what does he imply?

Wonderful Skin Salve.
Buckley's Arnica Salve is known everywhere as the best remedy made for all diseases of the skin, and also for burns, bruises and boils. Reduces inflammation and is soothing and healing. A. C. Buckley, publisher of News of Cornelia, N. C., writes that one box helped his serious skin ailment and after remedies failed. Only 25c. Recommended by Harrington Pharmacy. Adv.

Easy Winner.
A friend of my six-year-old brother told him that his mother had a new fan which was hand-painted. "Pooh," said my little brother, "our whole fence is."

Gambler's Superstitions.
Gamblers are generally superstitious with regard to numbers. At Monte Carlo many players lay their stake on the number of their clock room tickets. The date of a birthday, the sum total of the number on a watch, and the figures on the top coin of a pile are also said to be considered lucky by many players, and the clergyman of the English church at Monte Carlo at one time never gave out any hymn under number 24, as he discovered that some of his congregation had made a practice of noting down the numbers with a view of backing them at roulette.

Cows at Auction.
(Edward Buhmann, Auctioneer.)
The undersigned will sell at public auction on the premises known as the J. Buhmann farm, situated five miles northeast of Barrington, six miles north of Palatine, midway between Quentin's corner and Lake Zurich, on the Chicago road, on Thursday, May 23, at 1:30 o'clock of noon, three dairy cows, ten fresh cows with calves at side, balance close springers. This is a fine lot of smooth, heavy cows, all young and right.

Terms: Two-thirds of the purchase price cash, balance 30 days credit on good approved notes at 5 per cent interest.
J. BUHMANN & SONS.

THEY SAY THAT

"Some men have to get tight before they can loosen up."

"If you have metal in your rubbing up against the world will give you nobility."

"Many a fellow gets a reputation for being brave simply because he's afraid not to fight."

"Nobody is really as polite or as disagreeable as his tone of voice while talking over the telephone would imply."

"It removes a whole lot of romance from spring when you have to take up the carpet, beat it, and then put it down again."

"Within a short time many backyard gardeners will come to the firm understanding that all is not true which appears in the seed catalogue."

"You shouldn't be too drastic in your condemnation of the teacher. Remember that the good carpenter does half his work with a hammer."

Constipation Cured.
Dr. King's New Life Pills will relieve constipation, promote the bowels in healthy condition again. John Spivey of Ramsey, Pa., writes: "I have the best pills I ever used, and I advise everyone to use them for constipation, indigestion and general weakness. Write to Dr. J. C. King, P. O. Box 268, Elmira, N. Y., for a free trial box."

NEIGHBORHOOD ITEMS.

The villages of Wauconda and Grays Lake have both planned Independence day celebrations for this year.

Dr. R. M. Curtis, who used McHenry county last week for \$5,000 for services in small pox cases in that county, was awarded \$1,500. He has made a motion for a new trial.

On Friday, June 6, the seventh annual meeting of the Illinois Bankers' association group four will be held at Crystal Lake. The counties represented in this group are McHenry, Lake, Cook, Kane, DuPage and Will.

Charles Lorenz of Dundee, arrested for assault upon his uncle, Fred Krueger of Dundee, was fined \$10.45 Tuesday morning by Magistrate Thompson in police court following Lorenz's arrest by Constable Ed. Held on a charge of assault and battery, preferred by the uncle.

While driving an automobile in Chicago Friday Paul Patton of Palatine ran into a guard post at the south approach of the Rush street bridge with the machine and it turned turtle. Mr. Patton escaped with minor injuries, but Thomas Slack, a clerk at the Planters hotel, who was with him, was instantly killed.

A tournament trap shoot will be held at Electric park, Waukegan, Memorial day. The famous Graham brothers, marksmen of Long Lake, are expected to be present. Jay Graham is the world's amateur champion. Thomas Graham is the Democratic representative to the state legislature from this district. Edward Graham is a professional with the R-mington Arms company and Patrick Graham is as yet without a further title, but all are expert shots and will make other noted marksmen who will there hustle to take the honors.

Algonquin residents made discovery this week of a bill in the state legislature for the reclamation of land north of that town, which, if passed, will spell defeat for the proposed Elgin-Fox Lake deep waterway route by necessitating the removal of the Algonquin dam. News of the discovery spread rapidly at Algonquin and the citizens are thoroughly aroused and determined to take immediate steps to fight the bill. They will undoubtedly be aided by the promoters of the deep waterway route in the Fox river valley. Should the Algonquin dam be removed the deep waterway route to Fox lake would be impossible. At present the dam holds the Fox in check sufficiently to provide excellent boating between the town and Fox lake throughout the summer.

BARRINGTON CENTER.

John Thies and Charles Meier shingled the north church last week and C. B. B. and Lee Kelley built a cement platform in front of it.

Freda Dorwaldt has been ill with bronchitis.

Gustav Holland is preparing to build a large dairy barn on his farm and George Meier is planning an addition to his barn.

There were preaching services at the south church last Sunday afternoon and memorial services will be held at the north church next Sunday afternoon.

The school entertainment and box social at the home of William Behrman last Friday evening was a pleasant affair and was a success financially.

The Waukegan school will give an entertainment at the south church tomorrow evening.

Miss Clara Salvo visited at the home of H. Wollenberg at North Crystal Lake last week.
