DO YOU WANT A FARM ADVISOR?

The Lake county agricultural improvement society, placing this county on an equal footing with other advanced counties in this section, is fairly under way. At the meeting of the board of supervisors at Waukegan next week the matter of appropriating \$2,000 a year for three years to assist in maintaining the society and paying the salary of the farm advisor and the expenses of his office will come before the board. This appropriation is only asked providing \$5,000 can be raised from outside sources, making a total of \$10,000. It will be easy to raise this amount if the supervisors associate the project by making the appropriation. In fact much of it is now pledged.

The matter of securing the appropriation is very important, inasmuch as it will mean the sure establishment of the work, while if it should not be made the result is rather doubtful.

Most of our neighboring counties have employed a farm advisor during the past year—some of them for several years, and the farmers of these counties are enthusiastic concerning the work. The Review is heartily in sympathy with the movement and we believe that it will mean a lot to the county as a whole, and further believe that the residents of the county generally are thoroughly in accord with it. Mr. Supervisor, vote for this appropriation, and Mr. Header, if you would do your duty by yourself and the farmer residents of your county, sign the coupon on this page and forward it at once to Farm Improvement Headquarters, P. O. Box 257, Libertyville, Illinois.

Send us the News.

This paper wants to publish the news—all of it—every week. The editor can't be everywhere all the time. We have no favorites. No one reporter can hear or write everything. All our patrons are invited to send in interesting items. You may be best posted about some matter you would like to see in the paper. Forward it promptly. We will appreciate it and give it fair consideration. All are invited to contribute and help produce the best paper possible. However, we pay no attention to unsigned communications. Sign your name—not for publication but as a guarantee of good faith.

Thoren Goes to Washington.

At the recent anti-saloon convention held at Columbus, Ohio, it was decided to elect 1,000 men from the different states to go to Washington and present a petition to congress asking legislation to abolish saloons in this country. Rev. Dr. Thoren, pastor of the Salem church, is one of the men selected, and will leave Monday to join other delegates who will leave Chicago on a special train over the Baltimore & Ohio railroad and will reach Washington Tuesday evening.

Will Have Electric Lights.

At a meeting of the board of village trustees Monday evening the trustees decided to contract with the Public Service company for lighting the village streets. Twenty 60-candle-power Mazda lights will be installed making this village the best lighted for its size in this section. E. C. Thies of Barrington, local manager for the Public Service company, has visited this village at each meeting the last three months in an attempt to interest the board in lighting the streets with electricity. At first he met with no encouragement, but he has been able to convince the trustees that electric lights will be better and cheaper, and as our village authorities are always on the lookout for modern and up-to-date improvements he had little trouble at the last meeting in getting his contract accepted.

DON'T TRIFLE WITH COUGHS OR COLDS.

Many Have Filled Consumptive Graves Because They Neglected a Cough or Cold.

You never know how soon a cold will become a serious malady. It may be in the head to-day; in the lungs to-morrow and the next day you may be fighting deadly pneumonia for your life. It's much the same with a cough. Inflamed and cough-worn throat and lungs offer the best chance to consumption germs to begin their murderous work. There's only one way to prevent these deadly diseases getting a hold on you. As soon as a cough or cold attacks you, take Dr. King's New Discovery until you are entirely cured. Sometimes a dose or two will do the business, saving you suffering and a doctor's bill. Thousands of cures like these below prove its wonderful power to cure coughs and colds.

"I feel sure it's a Godsend to humanity," writes Mrs. Edie Morton,

Columbia, Mo., "for I believe I would have consumption to-day, if I had not used this great remedy."
"I take great pleasure in recommending your Dr. King's New Discovery for the benefit of suffering humanity. It's a thoroughly reliable remedy for all coughs, croup and lung troubles. We have used it in our family for fourteen years with the best results. It saved my mother when two doctors gave her up. She had a very severe case of pneumonia and was in bed seven weeks and part of the time 'out of her mind' so that she did not know me. I told father to get me two 80c bottles of Dr. King's New Discovery, which he did, and on taking it she soon began to improve, and four bottles cured her entirely. You may publish this if you wish and I will answer all inquiries, with postage enclosed for reply."

"Yours respectfully,
"Wm. Cogger."
