VOLUME 49, NUMBER 1

# Effori Announce End of **Bank Liquidation** Corporation Plan

Attorneys Representing Stock-Withdraw From Liability Suit

The proposed liquidation plan of winding up a light State bank has been ecause of failure of the sittees and sponsors to r nearly all of the deposit

review of the liquidation corpo-plant-fellows:
"In May, 1933, the firm of C Williams, Long & McCarthy-sending a great majority of the ballers of the majority of the ballers of the majority of the ballers of plant for the liquidation the closed bank, which was it as the Liquidation Corporation, After a series of meetings and conferences, more that 190 per ce the plan, the plant of the plant of the plant of the plan, the plant of the plant of

the plan. Then submitted to the deposition. A committee was associated by the depositions to investigate the plan and that committee represent backging and the committee represent backging and the committee representations as the plan was creatile and recommended its acceptance. After a feerful of about three mostles, as new positions and the new committee which-bearening entered into the spirit of the positions and the new committee which-bearening entered into the spirit of the positions and the spirit of the positions and the spirit of the positions and the spirit of the positions are consistent of the positions and propositions and the positions are consistent of the positions and positions, however, described by the attorneys and by the depositions' committee and refused to size up. At a final meeting held at a distribution of the positions would not collegate the collegate of the positions of the positions of the positions of the positions which is the positions of the po

ecision to discontinue efforts and announced to that they had decided from the stockholders' on account of possible terests among the stock

## Suggest Ways for Farms to Use Anu Contracted Acres

The problem of what a farmer and on with retired hand set ladde and corn has contained to the form the contracts or other A agreements has disturbed farmers the set of the form of the form of the form of the form part of light on the other throughout the nation. No form Parm Bareau headquarters it would through a roy of light on the other hand, and the set of the form of the

atton or for planting of farm word.
The term, "Meditienal permanent sadiuse," means pasture in addition to the average number of acres devoted to pasture in 1852-23. May be a large of the same of th

herwise harvested.
The contracted acres may colline to be contracted acres may colline to soil land which is now part of op-rotation system on the farmination, in which case it may no reation, in which case it may no reation, in the controlled to the controlled to
