Martin C. Decker

Candidate for Renomination

Probate Judge

Republican Primaries April 10th, 1934

To the Voters of Lake County

The office of Judge of the Probate Court is an important office. You may never have a lawsuit or be cited into court, but if, at your death you own any individual property your family will have dealings with the Probate Court. You will want them to have the best service available, rendered in a kindly and sympathetic manner by a trained and experienced Judge.

It is a principle of American politics to retain on the bench Judges who have been efficient, honest and courteous. Federal Judges are appointed for life. Circuit Judges are not subjected to a primary election and are elected for six years at special elections. You also seek to retain in your service, teachers, business executives, assistants and employees who have been faithful and efficient.

We feel that if the voters of Lake County will investigate the record of Judge Decker they will re-nominate and re-elect him to the office of Probate Judge.
