## Lake Zurich Woman's Club to Elect Officers and Hear Talk by Mrs. R. Work

At the annual meeting of the Lake Zurich Community Women's club, to be held at Elia township high school at 2 p. m. Friday, April 26, a real spring program with a timely subject by Mrs. Robert Work of Barrington will conclude the usual business meeting which marks the finale of the club year. Revisions to club by-laws will be voted upon, annual reports by committee chairmen will be read, and new officers will be elected at this meeting.

The garden committee has prepared an excellent spring program for the occasion. Mrs. Work, who is state secretary of the Illinois Wild Flower Preservation society and known as a delightful speaker, is exceptionally well qualified to present her subject, an illustrated lecture on "Wild Flower Preservation." Club members and their friends have been urged to attend this worthwhile and timely program. It was reported.

## Salem Quintet Takes Third Place in Fox Valley Cage Tourney

The Salem basketball team topped off its season by taking third place in the Fox Valley championship tournament held in Elgin last week. Salem swamped Hampden 29 to 21 in the first round but lost a tough 26 to 19 decision to the strong Joliet quintet in the semi-finals. The local players won third place without playing as their opponents in the consolation game forfeited the game.

## A kindergarten in Her basement

What clean, automatic gas heat has done for Mrs. J. M. West, 213 W. 15th Place, Chicago Heights

LOOK into the basement of a typical gas-heated home—see what happens when soot, dirt, and furnace mess have been eliminated! Like Mrs. West's, thousands of home owners now have clean basement playrooms, workrooms, game rooms—due to gas heat.

Imagine your own basement rid of the coal bin—rid of dirty ash buckets and furnace mess. Replace a game room, where the children are out of the way. Now that gas heating rates are so low, it is pure folly to delay any longer. Think of it—gas heating rates are now only half of what they were during the 1930-31 heating season.

You invest nothing to try And you can try gas heat without investing one cent! We will install a burner in your present furnace or boiler at our own expense.

You pay only the rental on the equipment, which amounts to \$5 a month in the average home. The charge is included with the bill for the gas you use. You try it for a month, two months, a year. And if within the year you find that you are not completely satisfied with gas, we will take it out at our expense and replace your former heating equipment in good workmanlike order. But if you decide to keep gas heat—as we think you will—the rental you have paid applies on the purchase price of the equipment.

Act now! Don't delay! You never will regret accepting this liberal offer on gas heat. Call your nearest Public Service office for full information.

Mrs. West's basement kindergarten room is dry and clean—thanks to gas heat. "And gas heat keeps the house right at the temperature we want it, night and day," says Mrs. West.

## STARTLING TRIAL OFFER!

To prove that every home can afford to heat with gas, we'll install it at our expense... and remove it at our expense, if you don't like it.

YOU INVEST NOTHING! Without ONE CENT of investment by you, we'll install the most modern burner in your furnace or boiler. If you are satisfied, it stays. If not—and you are the sole judge—use it until you are satisfied. If you are not, we'll remove it at our expense. We make this offer because of our confidence in the perfection of gas heat.

The West home at 213 W. 15th Place, Chicago Heights. More than 20,000 Chicagoans have now heating with gas.

"You can't imagine what a difference it makes," says Mrs. West. "It's got rid of all that basement mess—soot, dirt and dirty ash. Now it's just as clean as a pin all through the house."

You Never Have to Order Gas

You never have to order gas—it is always under orders to serve you.

Morning, noon, and night it is at your command.

Should you fail to stock your ladder for the week-end, or should extra company visit you unexpectedly, you might have to scurry around to meet unforeseen demands.

Not so with gas.

Public Service Company of Northern Illinois has learned to anticipate your demands for fuel and how to meet them.

For many of its employees, Sundays and holidays mean days devoted to your service. Day in and day out, through rain, sleet and snow, these workers are busy in order that an unflinching supply of gas flows to you instantly at your command.
