ADVERTISEMENTS
Lost 20 Lbs. of Fat In Just 4 Weeks
Mrs. Mae West of St. Louis, Mo., writes: "I'm now 28 yrs. old and weigh 170 lbs. I'm taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."
Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of men and women know.
For your health's sake ask for and get Kruschen at Fredlund Drug Co. or any drugstore—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.

Confessions of a Lady WHO SHOPPED THE WRONG WAY
Things the Leonard has she didn't get
I wish I had known I could get a refrigerator with so many special places to keep special things.
Your dairy baskets is a real idea—so handy for eggs and butter.
You have some shelves that fold up—plenty of room for tall bottles. Why didn't I think of that?
There's a shelf that pulls out, too, like a drawer. No trouble at all to reach anything. And when you want to rearrange your shelves, you just pull out that handy service tray to set things on.
Plenty of trays for ice cubed. And you say one of them is for extra fast freezing? I certainly need something like that for hot weather—and parties.
Your Leonard is a beauty, my dear. So roomy! And so gorgeously finished!
I guess I should have shopped with you.
