C. Ryner's Guests and Daughter Hurt in Auto Accident

A 14-year-old local boy and two other persons were injured and two automobiles involved in a collision between the cars of Higgins and Ryner about 10 p. m. on Wednesday. The automobiles called attention to the accident when they rushed into each other on the highway near Elgin. The driver of the car was Mrs. Howard Ryner and his two passengers were Miss Leota Fletcher and Mrs. Mary Fletcher. The car of Camanche Higgins was being driven by Mr. and Mrs. W. M. Main street, Chicago 30, and south to De Witt by the other.

The Ryner's had a party at the Progress Hotel with dancing from 8 to 12 o'clock. The Ryner's had a party at the Progress Hotel with dancing from 8 to 12 o'clock. The Ryner's had a party at the Progress Hotel with dancing from 8 to 12 o'clock.

improving and it is expected that Adey will be able to return home within a few days, according to her father.

High Court Again Affirms Decree of Judge Shurtleff

Continued from page 1
been agreed generally that separation of the system to keep storm water from passing through the disposal plant is the best method of insuring proper treatment. Various suggestions have been offered for carrying the sanitary outlet flow to the Fox river. Each would include expensive condemnation and purchase of a line of property to the river. The major problem involved in the situation is how to finance an expensive improvement. Only one feasible plan of financing has been suggested. That plan involves borrowing of money from the federal government through the public works administration. The village has applied for a loan of slightly more than \$200,000. If the application is approved, beginning of the end of a long sewer system controversy is in sight. If the application is denied, financial conditions will postpone the end of the difficulty a long time.

F. A. Stubbins Speaks at Progressive Grocers at National Convention

F. A. Stubbins, proprietor of the local Royal Blue store, was one of the principal speakers at a convention of the Progressive Grocers' association, held at Hotel Sherman, Chicago, last week. Mr. Stubbins gave a talk on administration of the NRA code.

Here From Colorado

Rev. G. S. Upton of Gunnison, Colo., stopped over in Barrington this week for a short visit with his brother, Roy Upton, before continuing to Detroit, Mich., where he will be a delegate at the International Rotary convention.

Local Business Firms, Post Office and Bank to Be Closed on July 4th

Closing of the post office, bank and a majority of business houses either all or half a day will mark Barrington's principal observance of the fourth of July, no unusual festivities being scheduled here for that day. Family outings, trips, picnics, and informal parties were included in plans for Wednesday, according to reports.

Every Conceivable Force WORKED TO TEAR THESE TIRES TO PIECES

Look! NOT ONE CORD LOOSENED! NOT ONE TREAD SEPARATED! Not one Blownout!

As thirty-three speed demons careened and slid around the steep banked curves of the hot brick track, tires shrieked and smoked . . . break-neck speeds, 150 miles and more down the straightaway— tremendous centrifugal force tugging to rip the tread from the body of the tire. In fact, every conceivable force worked to tear the tire to pieces, but not one cord loosened—not one tread separated—and not a single blownout. What amazing proof of Tire Strength—Safety—Quality and Dependability.

Every one of the thirty-three drivers at the Indianapolis 500-mile sweepstakes chose and bought Firestone High Speed Tires. The fact that not one of the 122 tires failed is your greatest guarantee of the Extra Safety—Strength—and Dependability built into Firestone Tires.

The New Firestone High Speed Tire for 1934 is Safety-Protected on the outside by a wider tread of flatter contour, deeper non-skid, more and tougher rubber, giving you more than 50% longer non-skid mileage — Safety-Protected on the inside by eight additional pounds of pure rubber absorbed by every 100 pounds of cords. This additional rubber surrounds every cotton fiber inside every cord in every ply. This is accomplished by the Firestone patented process of Gum-Dipping.

HONOR ROLL

FIRESTONE HIGH SPEED TIRES

- *For fifteen consecutive years have been on the winning teams in the Harley Fikes Peak climb where a slip meant death.
- THE HEARS NON-SKID SAFETY AND TRACTION
