

**Tips in Berlin**  
A unique custom in Berlin requires that the wall-guest leave a tip of one mark under the dessert plate at dinner. The maid at a tea or cocktail party is also allowed 50 pfennigs.

**Nobody Knows**  
It isn't known what the age of discretion is because no one has ever lived to be that age.

**Steer with Heart in Neck Now on Exhibit**

A steer with his heart in his neck arrived July 10 at Charles Doren's freak animal show on the midway boardwalk at a Century of Progress. The steer is a Poll Durham yearling and aside from the fact that it has its heart in its neck is normal in every respect. The animal, which has puzzled doctors all over the country, will be taken to the hospital in the Hall of Science the next morning to be x-rayed by Doctor Frank W. Baylor, head of the hospital, in an effort to ascertain the reason for the animal's misplaced heart.

**Teazel Growing**

One of the curious crops grown in England and in Europe is the teazel. The teazel is used for raising the nap on the best cloth and blankets, no machinery having been invented that answers the purpose so well. Teazels are the flower heads of the plant of that name, and they are very prickly, having long straight bristles all over them. The cultivation of this plant has been carried on for centuries chiefly in Somerset and Gloucestershire. The Journey to the Yorkshire mills used to take as long as a week or ten days in olden times and was a dangerous undertaking owing to the footpads who infested the highways.

**Announce Plans for Luxembourg Day at the Fair Saturday, July 28**

The Grand Duchy of Luxembourg, the smallest nation in Europe, is one of the few nations in the world which has a purely governmental exhibit at the 1934 Century of Progress exposition. The Luxembourg exhibit has been enlarged to twice its original size and is located on the first floor of the Travel and Transport building. In addition to its traditional promotion section, the exhibit contains products of the little duchy such as champagne, Moselle wine, liqueurs, cordials. Leather goods display, statistical placards on banks, financial corporations, holding companies, steel and iron production, etc. Luxembourg, the land of steel, iron, agriculture and horticulture is also known as a land of romance on account of its scenic beauties, feudal castles, historic buildings, rugged hills, fantastic country sights, and beautiful roses.

Luxembourg day at the World's Fair has been set for Saturday, July 28, with an official program from 3 p. m. to 5 p. m. and will feature a colorful pageant, stage attractions to be held in the spacious court of the federal and state buildings. The main speaker will be Fred A. Gibson, grand brotherhood of America. William Capesius will be the master of ceremonies and Captain Perry Daubenfeld marshal of the parade. The parade will be held at 2:30 p. m. starting from the 14th street entrance of the fair.

**Suburban Building Shows Triple Gain**

The suburban building survey for June is a story of gains— a gain of June over May, a gain over first six months of 1934 over the same period of 1933.

The June figure, \$620,563, represents an increase of 26 per cent over May's total of \$491,968. This improvement is largely due to a few very striking increases, with Evanston leading in a jump from \$81,600 in May to \$144,500 in June, an increase of 77 per cent. Highland Park is next with a gain of 263 per cent representing an increase from \$20,833 to \$73,560. Gary comes next with a 120 per cent gain, the volume figures being \$26,145 in May and \$57,550 in June. Other communities which have taken lively spurts are Aurora, Elgin, Niles Center, Oak Park, River Forest and Winnetka.

In comparing June of this year with the same month of last year, Evanston again takes first place, both in percentage gain and in the amount of permits issued. Evanston's total for June, \$144,500 is noteworthy as being the largest

**Use Left the Cat**

In Russo-Jewish folklore, blood from the tail of a cat is regarded as a cure for erysipelas; while a cat put into the baby's cradle drives away evil spirits from the body.

**Trees of Colorado**

The tree species that make up the forest stands of Colorado are almost entirely coniferous and evergreen.

THE PUBLIC SERVICE COMPANY of northern Illinois

**THE TIRE SENSATION OF '34 Sells on Sight!**

To SEE it is to buy it! That's the way extra value stands out in the new Firestone Century Progress Tire. We found out what car owners wanted most in a tire—then we gave it to them. Out of more than ten million visitors to the Firestone Factory at the World's Fair last year, we obtained this opinion: "Non-Skid Protection, Non-Skid Safety, and Long Wear, at a Moderate Price."

So we built the greatest tire ever made to sell at these low prices. Then the wave of buying started—car owners from Coast to Coast bought—not just one or two tires—but a complete set!

Go to the Firestone Service Dealer or Service Store in your community TODAY! See the new Firestone Century Progress Tire—just look at the broad, knobby shoulders, massive flat tread, deep-cut non-skid and Gum-Dipped cords. Did you ever see so much tire for so little money? No wonder it's the Tire Sensation of '34 and Sells on Sight! Why not equip your car with a complete set—while prices are still at today's low level. And remember, you get the new Firestone Triple Guarantee
