Why I'm the best advertisement for Gas heat in this neighborhood

Mr. A. F. Bueschel, 6006 South Richmond Street, is sold on gas heat. Read what he says about it.

YOU INVEST NOTHING To Try Gas Heat!
Gas heat can be installed without your investing one cent for equipment. To prove that every home can now afford to heat with gas, we'll install it at our expense—remove it at our expense, if you don't like it. Accept this startling offer. Phone our nearest office TODAY.

Prepare for a happy winter
The Bueschel home is another one that has banished soot and dirt. With gas heat the house stays clean. Curtains and drapes are free of grime. The basement is no longer full of dust and ashes. No steps to climb, no ashes to haul, no shoveling. Gas heat is clean heat. And it is absolutely without bother. All you do to regulate the heat—day or night, regardless of the weather—is to set a little thermostat on the wall.

Now—before you order next winter's fuel supply, investigate gas heat. Prepare for a happy, trouble-free winter. The radical reduction of rates—now less than half of what they were a few years ago—has made gas heat practical for every home. And remember, it costs nothing for equipment to try gas heat. You try it for one month, two months or a year before you decide. While you are trying it you pay only \$3 a month rental during the heating months in the average home. This charge is included with the bill for the gas you use. If at any time within the year you decide you don't like gas heat—and you are the sole judge—we'll remove it and replace your former heating equipment in good workmanlike condition.

Order gas heat now
It will pay you to order gas heat now. Think of it. A clean basement all summer long. And next winter no coal shoveling, hauling, ashes, getting up at daybreak to fix the fire. With gas heat you fire your furnace from your easy chair. Phone the Public Service Company today for free estimate and full details of starting offer.
