Modern gas heat is fast replacing old-fashioned methods

The snorting, puffing Iron Horse that once was the pride of the rails is now just a relic — for exhibition purposes only. The boiler that once breathed smoke and soot has grown rusty with disuse—replaced by the fast, silent, clean streamlined train. So, too, with heating systems. The old-fashioned furnace with its soot, dirt and dusty ashes is rapidly losing favor. Thousands are switching to modern gas heat. Gas heat that is automatic, efficient, free of dirt.

With gas heat you never have a worry about the furnace. No running up and down stairs to fix the fire. You fire your furnace from your easy chair by simply setting a little thermostat on the wall. And gas heat is clean. No soot. No dirt. No basement muss. The house stays clean. Curtains and walls are free of grime. And think of the comfort of a winter with no fire to bank, without waddling a shovel, with out hauling a single pauloff of ashes.

Investigate gas heat now. We make a startling offer so you may know the countless comforts and conveniences it will bring to your home. We'll install gas heat at our expense, remove it at our expense, if you don't like it. We will install a burner in your present furnace or boiler at our expense. You pay the rental for the burner, which amounts to only \$3 a month for the heating months in the average home. This charge is included with the bill for the gas you use. You try it for one month, two months, a year. If within a year you find that you don't like it, we'll remove it at our expense and replace your former heating equipment in good workmanlike order. But if you decide to keep gas heat—as we think you will—the rental you have paid applies on the purchase price of the equipment.

Now—while there is time before the cold weather—get facts about low cost gas heat. Call today for details.

Paint Signals!

When your paint starts to peel and blister and your home takes on a shabby appearance, it is a warning signal that immediate painting is necessary.

Some home owners have the mistaken idea that most any paint will give satisfactory service. Little or no consideration is given to selecting painting materials. The result is far from satisfactory and they wonder why.

The only way to assure the best painting job is to select paints of proved excellence. Our customers have found Certain-teed House Paints to be unequalled in working qualities and service. They are unusually heavy paints, weighing pounds more per gallon than ordinary paints.

If you are painting a new home, or repainting an old one, we will be pleased to tell you in more detail the many advantages of using Certain-teed House Paints.

Winners in Catlow Club Contest Will Be Announced Fri

"The Party's Over" on Screen "shoot the Works" Coming

Friday night brings to a close the Movie Club Contest which has been running at the Catlow theatre, Barrington, for the past month and a half. The contest was the dead line for casting fans votes that will decide the winner of the Pontiac coupe, a trip to Hollywood, and numerous other prizes posted. At six o'clock the judges will announce the names of the lucky contestants. The party far from the evening concluded. "The Party's Over," with Stuart Irwin, Ann Sothera and Corinne Courtenay. The story concerns a contest in the family. When he awoke to a realization of his position, the "Party" was indeed over for his winning relatives. Comedy, cartoon and news are listed as added items of interest.

Edward G. Robinson heads the bill coming to the Catlow Saturday night, "Dark Hazard," a story of raising eyebrows that repaid a gambler's love and care, also Robinson another great part, the elusive Tobin and Glenda Farrell appear with him. Short subjects will add variety to the program. When the neighborhood was in a turn on an old phrase that best expresses the comedy antics of Robert Woolsey and Bert Wheeler in "Cockeyed Cavalier," scheduled to play the Catlow Sunday and Monday. Thelma Todd, Dorothy Lee and Noah Berry appear with these two comedians in this entertaining feature embellished with sheer nonsense.

For bargain night next week Tuesday, August Thelma, "The Whirling Hour" will be on the screen. Judith Allen, Tom Brown and Sir Guy Standing are featured in "Shoot the Works," which begins its three-day run next week Wednesday. Ben Bernie and his "Lads" provide the musical background for the comedy of Jack Oake and Rosee Karas. Dorothy Dell, Arline Judge and Alton Sippworth provide the film-comic interest. "The Hoty reels" are the adventures of a broken down side-show troupe which survives only because of its flagpole sitter and its stuffed whale. Ben Bernie gave the low down on the picture when he said, "Yowah! it's full of 'great fun'."
