OU INVEST NOTHING  
To Try Gas Heat!  
Gas heat can be installed with-  
out your investing one cent for  
equipment. To prove that every  
one can now afford to heat with  
gas, we'll install it at our expense  
remove it at our expense, if you  
don't like it. Accept this startling  
offer. Phone your nearest Public  
Service office TODAY.

ESSENTIAL  
Every day and uncomfortable nights might  
be a cessation of your gas service.  
You could, of course, live without this ser-  
vice, but modern life would certainly be lacking  
many comforts which have almost become  
necessities.  
This important service is constantly at your  
command, 24 hours each day, for cooking and  
heating and other purposes. This service must  
be maintained. It has become so essential a  
part of living.  
And from the standpoint of economic com-  
pense, the price you pay for this service  
to cover the production and distribution of  
gas is a reasonable return on the money in-  
vested to make it possible.
