One of the longest known strings of beads, 37 feet 3/4 inches, made of white and red shells, was found in a prehistoric Indian village in Arizona.

**Wears a White Cap**  
Although but a few degrees south of the Equator, Chulahoma, left set of extinct volcanoes, always wears a cap of snow.

**"Sandwiched" Between Pans**  
"Sandwich" windows, consisting of two thicknesses of glass, between which lace curtains are placed as used in a London hotel to keep the curtains clean and unruined for years without attention.

**Lacks Legal Definition**  
"Noted" has no legal definition. It was brought out recently in a court case against street musicians in London, who learned the accident of "any audible sound" had to be accepted.

**R. O. Kane Sr. Killed;**  
Confusion of Names  
Misleads Relatives  
Confusion in names as related in a message to Mrs. Howard Harnden, 120 Harrison street, last week when she and her husband were called to Polo led them to believe that her nephew had been killed but upon arriving in Polo, they learned the accident had occurred to Robert O'Kane Sr., not Robert O'Kane Jr. Mr. O'Kane, a brother-in-law of Mrs. Harnden, had been accidentally shot. Funeral services were held at Polo Thursday afternoon and the Harndens returned to Barrington Friday morning.

Mr. O'Kane is survived by his wife and three children, two sons and a daughter. News of the death had been sent to a resort at Green Lake, Wis., where the majority of the family had gone on vacation and a message from there was forwarded to Barrington.

**1,888 Persons in Palatine Draw 22 Per Cent Dividend**

\$30,234.54 Payment Result Reconstruction Finance Corporation Loan

The 1888 depositors of State Bank of Palatine will receive the latter part of this week a per cent dividend, amounting to \$30,234.54. The dividend is made possible by a Reconstruction Finance Corporation loan on bank's assets and has been authorized by State Auditor Edward Parrott, according to an announcement by William L. O'Connell, general receiver for closed banks.

The dividend is the first paid since the bank was closed the national banking moratorium on March 5, 1933. The RFC loan for \$71,540.02, against which assets appraised at \$138,470 but with a book value of \$24,858.52 was pledged.

**Retire Former Loan**  
Of the \$71,540.02 Federal loan \$45,676.39 is being paid to retire the remainder of a previous loan which, coupled with interest amounted to \$45,676.39. The early loan was made before the bank closed and amounted to \$71,576. The principal had been reduced through proceeds from collections to \$44,848.95.

This leaves \$25,883.63 of second loan available for dividends. This sum added to the \$15,700 cash on hand, makes \$41,583.63 out of which a dividend can be taken. The 22 per cent to be paid will leave a substantial working fund for the re-opening.

**Preferred Claims Closed Up**  
The institution has a deposit liability of \$173,275.50. It has preferred claims of \$24,233, that have been allowed and \$180,042.50 that are pending.

At the time the bank was closed it had total assets with a book value of \$348,444.45, the principal items of which were loans and discounts at \$138,299.45; furniture and fixtures, \$15,633.62; banking houses, \$13,200.69; real estate loans, \$37,955.35; and bonds, \$18,842.28. The total liabilities at the time of closing was \$234,342.44.

**Development of North Park**

The Barrington Bird Club has arranged to cooperate with the local park board in the planting of shrubs in the North Side park. A particular location near the lagoon has been reserved as a bird sanctuary. The planting will be done not only for the purpose of giving birds protection and cover but also for the fruit that the shrubs will produce for the birds. Hemp, milkweed, sunflower and cosmos will be planted for the seed eating birds. Some evergreens will be planted for cover.

It is hoped by members of the bird club that the new sanctuary project may be maintained permanently. A systematic method of developing the plot of ground
