

Handy Andy With Will Rogers to Be Here Sept. 5, 6, 7

New Film and New Silly Symphony on Program Sunday, Monday

...with Gary Cooper... Davies in starring... three day run at... Friday night...

...with William Powell... Colin Clive and Ed... will be screened...

...with His Majesty's... the surprising of... in 1920. The story...

...the official sanction... of the U. S. Navy... come into nearly...

...the studio roles as... who hate each... bitter intensity...

...in love with the... which was a... comedy, now...

...singling, will... splendid enter... bargain night...

...Bette Davis... This is an... revealing the...

...international news... cartoon and... the showing...

...keeps the laughs... in his latest... next week...

...Thursday and Friday... his funniest... portrays a strug...

...to work in peace... he is sold out... And he does!

...a pigeon fan... by all over... Then he takes up golf...

...funny results... however, ... persuades him to...

...the Mardi Gras in... There Rogers re... when his wife tries...

...dresses in a fancy cr... the Comus ball... with a rigolo and...

...at home. Lone... a dramatist and the... friend, Conchita...

is persuaded to attend the ball after all. Rogers appears in a Tarzan costume and causes a sensation with his rough and tumble dance with Conchita.

There is a clever surprise finish involving Rogers, Miss Wood and the culmination of the diverting romance running through the picture between Rogers' daughter, Mary Carlisle, and Robert Taylor.

Cary

The C.C.C. club was entertained in the home of Mrs. E. Buresh Wednesday afternoon. Mrs. R. Roth, Mrs. William Homola and Mrs. A. Kersch were honored in the luncheon. Refreshments were served following the same.

DUFFICY, Pastor. Electricity Always Active An electric current is always passing from the atmosphere into the earth below.

COAL You Can Fill Your Bin This Weekat..... AUGUST PRICES Lageschulte & Hager INCORPORATED Tel., Barrington 5

"Gas heat has ended our furnace worries forever"

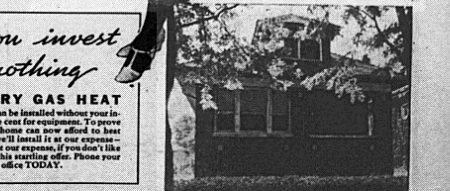

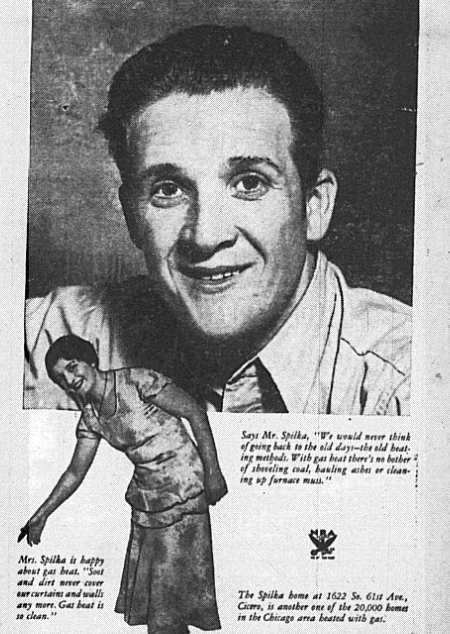

Read why Otto Spilka, 1622 So. 61st Ave., Cicero, endorses gas heat.

We asked Otto Spilka what he thought of gas heat. Here is what he had to say: "We would never think of going back to the old days—the old heating methods. We installed gas heat when our coal bin was full—and never for a minute have we regretted it. Gas heat is worth its stay." These are Mr. Spilka's own words. Yet, if you were to ask any of the 20,000 other users of gas heat in the Chicago land area, you would probably get the very same answer.

No furnace worries, no soot, no dirt They know the comforts gas heat has brought to their homes. They know it is clean—absolutely clean. There's no soot to cover walls and curtains. No ashes to get furniture and woodwork dusty. No dirt to clean in the house or basement. Just uniform, clean heat, day in and day out, any time of the year. And with gas heat you can forget you ever had a furnace. No running up and down stairs to fix the fire. All you do is to set a little thermostat on the wall.

Get the facts now Investigate gas heat now—before you start the worry about winter heating problems. It costs you nothing to try it. You try it for one month, two months or a year before you decide. While you are trying it you pay only a small rental—only \$3 a month for the burner during the heating months in the average home. This charge is included with the bill for the gas you use. If at any time within the year you decide you don't like gas heat, we'll remove it and replace your former heating equipment in good workmanlike condition. Order gas heat now and save yourself a lot of worry and extra work this winter. Phone your Public Service office today, for free estimate and full details of our starting offer.

TIRELESS EXPERTS WORKING FOR YOU In the laboratories of Public Service Company, a corps of chemists and engineers continually searches for new and better ways of supplying and utilizing gas. An important phase of this work is the testing of low gas ranges, water heaters, house heating equipment and other gas appliances to insure maximum efficiency and economy for Public Service customers. They are trying out the latest, most modern, most up-to-date gas supply equipment in your home. They are developing improved manufacturing, distributing and utilization improvements. This kind of gas supply equipment has developed improved manufacturing, distributing and utilization improvements. It has helped save hundreds of dollars for Public Service customers.

You invest nothing TO TRY GAS HEAT Gas heat can be installed without your investing one cent for equipment. To prove that every home can now afford to heat with gas, we'll install it in one expense-free trial at our expense, if you don't like it. Accept this starting offer. Phone your nearest gas office TODAY.

Gas Heating Division PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

"At Your Service" Why Our Dry Cleaning Is Superior 1—Your garments are cleaned individually and not with other clothing. 2—We use no heat in drying, which means longer life for the fabric and NO SHRINKAGE. 3—A new cleaning solvent is used which cleans better and more thoroughly and with NO FADING. 4—The method insures absolutely ODORLESS work.
