

Estimate 4000 Head of Cattle in Lake County Have Bang's Disease

Approximately 4000 head of cattle in Lake county are affected with Bang's disease and will be slaughtered under government supervision for which the owners will be reimbursed...

County veterinarians are taking blood samples of the cattle on the farms. These samples will be forwarded to Dr. J. Lintner, district official in Chicago...

Dr. A. G. Gieske, local veterinarian, reported that the testing of cattle is voluntary with the farmers. Few tests have been asked for near Barrington since the new federal law for compensating owners went into effect in July...

The drought has had much to do with the spread of Bang's disease. It was reported, lack of corn or other good feed is considered as a contributing cause.

Modern Orchestra Goes Back to Bow and Arrow Music as an art—least as we understand it—is a purely occidental development...

The modern orchestra may be said to go back to the bow and arrow as the starting point. For the orchestra, as we know it, was built around the string quartet...

Similarly, in the case of the flute, the assumption is that a primitive shepherd in tending his sheep heard the wind blowing across the end of the reed...

The Spanish Main Originally the Spanish Main referred to the American mainland to differentiate it from the many islands of the Indies...

Napoleon Ate Too Fast Napoleon was a fast eater and this habit of eating fast and carelessly is commonly supposed to have paralyzed him on two of the most critical occasions of his life...

Gold of Religious Institutions The gold wealth of religious institutions in Rome is enormous. Many altars have solid gold ornaments. The gold in the Vatican alone is worth a fabulous sum.
