Important Meeting of Bowling Leagues to Be Held Friday at 8 p. m.

An important meeting of all local bowling leagues will be held at the Barrington Recreation hall Friday, Sept. 7, at 8 p. m. All bowlers are urged to attend and to bring friends who may be interested in joining. Plans for the coming season will be discussed at the meeting.

Locals Will Play Elgin Parkside at Carpentersville

Local Team Playing Improved Ball; Have Won 14 of Last 18 Games

Washed out of both scheduled contests last Sunday and Labor Day by the now famous "deluge," the Bears, local baseball club, will be out to continue their winning streak which has reached four straight. They will change their usual program this week, playing on Saturday instead of Sunday. They will take on the Elgin Parkside in an exhibition game as a feature part of the annual Carpentersville picnic to be held at Carpentersville, Saturday.

Beats Steady Down

After a bad start at the beginning of the season when they lost four out of the first five games played, the Bears have steadied down, winning 14 and losing only 4 in the intervening period. Altogether they have won 15 out of 23 games this season.

60,000 Flowers in Ton

Sixty thousand flowers of the narcissus weigh a ton, according to an English expert.

Prescott Claims First Redox

Prescott, Ariz., claims to have held the first public wild west rodeo nearly fifty years ago.

ONE MEDICINE

● We refer to that low-cost medium of communication, the telephone. On the farm, whether it be at the edge of town or far in the country, the telephone is worth every penny of its small cost as a protection in emergencies. But numerous instances have demonstrated that the farm telephone pays for itself frequently many times over—

Hager and Berger Capture Prizes in City Junior Meet

Glenn Hager and Owen Berger, youthful Barrington golfers who have been playing in a host of tournaments, this summer both won prizes in the initial Chicago Junior championships held at Big Oaks Country club last week. Hager won the first flight championship while Berger was runner-up in the second flight.

Ulphur Is One of Most Important of Minerals

To the average layman sulphur is known only as a mineral used in the manufacture of matches, an ingredient of pills and liquids filling drug store shelves, or a yellow substance that is burned to fumigate sick rooms.

Seeing Without Eyes

A blind fish can dash and zig-zag about a rock pool and never touch an obstacle. Any fish can travel on the darkest night upstream and avoid the banks, rocks, fallen trees or tree roots, the bottom of the stream or other fish.

Colored Perseption

One of the strangest conditions of the human body is chromidrosis, a disorder which causes colored sweat glands exude violet, green, yellow, blue, milky-white, and even coal-black perspiration.

Merchants Turn Back Palatine in Tight Game, 2-1

"Sleepy" LaPointe's triple in the second inning that drove in Bob Wolf and Eddie Gleske who were on base at the time, enabled the Barrington Merchants to beat Palatine, 2-1, in a tight softball game last Thursday night on the local field. Palatine went scoreless until the seventh inning when, in a belated run on a single by Sanborn and a double by Mess. Wamborg of Palatine had a chance to tie the game up with a hit but fanned to end the game. Eddie Gleske pitched four hit ball and struck out five for the local team.

Ship Design

Ship design during the first few hundred years of the Christian era was greatly influenced by the models produced by the Vikings. The Viking ship of the Eighteenth century was a remarkable example of expert shipbuilding. The vessels of the Norsemen were from 75 to 140 feet long and 15 feet wide, propelled by 32 oars, 16 on each side, and a square sail. The remarkable feature of the design was the planking and highly practicable shape of the hull. Wooden ships today are built on the same general lines.

Church Clock

The clock in the parish church at Hyde, in England, has been going since 1500 except for a few short periods for repairs. It is said to be the only clock in the world with a pendulum that is suspended through the roof and into the body of the church.

WHY ?

Have Your Furnace Cleaned.

Here Are the Reasons

FIRES

often start from accumulations of soot. Why risk your family's safety and your home?

HEALTH

is imperiled by a furnace filled with soot and dirt. Have this menace removed today.

MONEY

is wasted when soot and dirt prevent coal from delivering full heat value. Clean and save.

DIRT

fills the house and makes housecleaning an endless task when the furnace is not clean.

DUST

eats away your furnace in the summer when your furnace is not clean.

Don't Delay—Have It Done Today

SPECIAL RATE

Now in effect. Price goes up when Fall comes. Call Barrington 36. Let us inspect your furnace and tell you whether or not it needs cleaning.
