

Bronchos Play Great Game But Lose 25 to 0

League Champions Held in Check Two Thirds of Contest

Arlington Cardinals football team gave the Bronchos a hard game last Saturday, even though the Cardinals were the last Arlington team to play in the last edition of the season. In Arlington, the Cardinals, who were outwitted and did not outplay them. The score would seem to have been made only in the first quarter. The Cardinals' attack, which was led by Ed Murr, who had a hand in the play and had to be tackled to full advantage. The Cardinals' offense was very fast and shifty and broke away on a play which had a ground trip end for a touchdown. The Cardinals' defense was very strong, and the Bronchos could not stop, and the Cardinals advanced the ball to the 25-yard line, with four plays in the first quarter. In the shadow of the goal posts, held the Bronchos in check on the first down. On the second down, a live smash was made down a yard and a half to the seven-yard line. On the third down, the Bronchos were held for no gain. On the fourth down, Conn. dropping back was tackled on the 20-yard line. The Bronchos' offense was very strong, and the Cardinals could not stop, and the Cardinals advanced the ball to the 25-yard line, with four plays in the first quarter. In the shadow of the goal posts, held the Bronchos in check on the first down. On the second down, a live smash was made down a yard and a half to the seven-yard line. On the third down, the Bronchos were held for no gain. On the fourth down, Conn. dropping back was tackled on the 20-yard line.

Lake Zurich Basketball Team to Play Alumni

Elia high school basketball team will play its first game with the Alumni at Elia high school gym Nov. 23. Since Elia does not participate in football, it has had all fall to concentrate on basketball and should have some advantage over schools which play football.

Organize Church Basketball Teams at Lake Zurich

The church basketball teams held a meeting in the Parish hall Tuesday evening; 23 attended. There will be heavy and light weight boys' teams and a girls' team. Miss Vera Rudinski is booking manager of the girls and

THE CHANGING WORLD

Not many years ago the open hearth was the kitchen range, the furnace and the lighting fixture all in one. What a hardship preparing a meal used to be!

A woman's workshop is her kitchen. Now, with the wonderful improvements of the past few years, hours spent in the kitchen are a pleasure.

Caring, combing, spinning, hours of monotony spent behind a spinning wheel. This was the schedule when a member of the family needed new clothes.

What a change! Hundreds, thousands of beautiful, smart creations are at the disposal of the modern woman who is in need of new clothing.

Washday used to bring aching arms, tired backs, frayed nerves. The average family wash took two days of arduous toil.

How much simpler washday has become! In a few hours, with the help of modern appliances, laundry is done easily, leaving many hours for leisure.

The old-fashioned furnace used to be the cause of countless worries, a lot of agony. It was all a part of daily living.

But Today! No more dirt, soot or dusty ashes. No more trouble. Clean, reliable gas heat is practical for every home. Set a little thermostat and the winter's work is done.

Today..

Gas heat brings another joy to comfortable living

How much easier, how much more enjoyable living has become since the advent of the automobile, the telephone, the gas range, the labor-saving household appliances. Modern devices, regarded as absolute necessities today, once were looked upon as merely new-fangled ideas that cost too much to be practical. But their widespread acceptance, their undeniable advantages, swept aside every possible objection. Gas heat is proving every day to thousands of users that it is a practical, reliable and acceptable method of heating. You may be told that gas heat costs too much. The argument of cost has always been offered, as a last resort, when all other arguments have failed to convince. It was so in the case of the automobile, the vacuum cleaner, the gas range, the washing machine. Of course automatic gas heat costs more. But gas heat offers so much more, makes so many savings in money and labor, that it cannot be compared to ordinary heating methods.

Get the facts on gas heat now

We want you to learn the countless pleasures gas heat will bring to your home. Here is our liberal proposition. We will install gas heat at our expense, remove it at our expense, if you don't like it. You invest not one cent for equipment. We will install a burner in your present boiler or furnace. While you are trying it you pay only a small rental during the heating months—only \$3 a month for the burner in the average home. This charge is included with the bill for the gas you use. You try it for one month, two months, a year. If within a year you are not satisfied, we will take it out at our expense and replace your former heating equipment in good workmanlike order. But if you decide to keep gas heat—as thousands of others have done—the rental you have paid applies on the purchase price of the equipment. Get the facts now. Call your nearest Public Service Company office for details.

YOU INVEST NOTHING TO TRY GAS HEAT!

Gas heat can be installed without your investing one cent for equipment. To prove that every home can now afford to heat with gas, we'll install it at our expense—remove it at our expense, if you don't like it. Accept this startling offer. Phone your nearest Public Service Company office TODAY.
