Contractor and Board
Agree on Park Avenue;
Ready for Paving

Paving of Park avenue will start this week-end or Monday, according to an agreement reached by contractor A. W. Davy and the village board at a special meeting Thursday night. The work had been delayed by a disagreement over the size of a concrete mixer to be used.

The board voted to have the water pump used on the large village well repaired at a cost of \$485. The pump has been in use since the well was completed and probably was worn by fresh sand being forced through it when the well was new.
