## Boy Scouts Will Fix Toys to Give to Poor Children

Local scouts will start work on Christmas "good things" next week if local citizens cooperate by supplying them with toys, games or books which they can renovate and refinish to delight the hearts of poor children during the holidays.

The American Legion Auxiliary has furnished a warm, lighted basement, paint and brushes for the scouts to carry out the work of painting and repairing toys.

Discarded or outgrown toys can bring a lot of joy to another child. If paint is scratched off or a wheel broken, scouts will repair the damage and pass on the articles to local needy children at Christmas.

A scout will call for any donation if residents phone 20. Contributions may be brought to The Review office any day except Thursday if that is more convenient to the donor.

Dolls, books, games, toys of all kinds will be repaired by the scouts. Unfortunately boys and girls of this village will be taken care of first and the remainder will be sent to orphanages.

Most of those who did come to this district conducted themselves as gentlemen. Matthew Peck, Barrington township constable report.
