

Camper Is Fatally Stricken Tuesday at Lake Zurich

Albert Vander Wall of Grand Rapids, Mich., Dies of Heart Allment

Stricken by a heart ailment while camping at Fred Hoelt's grove at Lake Zurich, Albert Vander Wall, 59, of 1604 Leonard street, Grand Rapids, Mich., died suddenly Tuesday morning at 4 o'clock. At an inquest conducted by Dr. J. L. Taylor, Lake county coroner, at Fremont in Lake Zurich Tuesday afternoon, a verdict of death by natural causes was returned by the jury. Death was attributed to coronary thrombosis. Mr. and Mrs. Vander Wall had arrived at the grove four days previous to the fatality. They were awaiting the close of the CMTC camp at Fort Sheridan, where their two sons were enrolled. The camp season ended Wednesday, one day after his death. The parents had planned to make an extended motor trip with the boys.

Awakened by gasping sounds from the stricken man, Mrs. Vander Wall testified at the inquest that death occurred before aid could be given.

The dead man was a milk dealer, and is survived by his wife and seven children. The body was shipped to Michigan for burial.

Approve New Edison Shares to Exchange for P. S. Co. Stock

"The Illinois commerce commission has authorized Commonwealth Edison company to issue additional shares of its capital stock for the purpose of making an offer to holders of common and preferred stocks of Public Service company of Northern Illinois to exchange their Public Service company holdings for Commonwealth Edison company stock," according to a new release received here Tuesday.

"The Commonwealth Edison company has announced that it cannot take any action until it has received further authority in the matter from the securities and exchange commission at Washington, D. C. Legally, this authority from the securities and exchange commission cannot be granted until after the Illinois commerce commission had acted.

"Public Service company of Northern Illinois stockholders are therefore not immediately affected. They will not be required to make any decision unless and until Commonwealth Edison company makes each of them directly an offer. If and when such offer is made it will be made in writing direct to each Public Service company of Northern Illinois stockholder."

"As previously announced, it is not contemplated in the present plan that Commonwealth Edison company should acquire direct ownership of the physical properties of Public Service company of Northern Illinois. Neither is the merging of the operating organizations and personnel of the companies contemplated," the bulletin concluded.

Company Publishes Map of Lake County

A revised map of the west part of Lake county, showing the names and addresses of owners of 10 acres or more, has just been published by M. B. Schaefer and company, 225 N. LaSalle street, Chicago.

The map boundaries extend from Mundelein west to McHenry county and from Cook county north to the Wisconsin line. In addition, this map also contains acres in the Barrington district of Cook county.

Fined for Failure to Remove Thistles

Tyra Nielsen of Fox River Grove was fined \$10 and costs for allowing thistles to go to seed on her premises at Inland Lake, Monday. The fine was recommended by Assistant State's Attorney Donald A. Wick in McHenry county court.

The defendant asserted that the property had been sold for taxes and that the thistles belonged to the county, in her opinion. The opinion of the state and the judge, Henry Cowlin, did not coincide with hers, and the fine was ordered.

Hold Truck Driver on Driving Charge

An information charging Henry Vanderwey, Chicago truck driver, with reckless driving was filed in McHenry county court by State's Attorney William M. Carroll.

The alleged offender was arrested on the Northwest highway at Fox River Grove, early Sunday morning by Paul Chase, state highway patrolman. He was given a hearing by Justice of the Peace Irwin Ledrow and his case continued to the county court. He was unable to furnish a \$200 bond and was taken to the county jail.

Large Crowds Attend Carnival This Week

The American Legion carnival now in progress at the baseball park, Washington and Hough streets, is being attended by the largest crowds in the last several years of the unit's activities, chairmen reported Wednesday. The event will close Saturday evening.

Three new rides, the first time in Barrington, are on the grounds for the amusement of the crowds. They include an electric train for children, a tilt-a-whirl and an airplane ride.

What Is the Farmer's Share?

A recent investigation of farm income by the Federal Trade Commission shows that the dairy farmer receives a substantial portion of the consumer's dollar. For milk, 60 per cent of the consumer's dollar went to the farmer, minus transportation from the farm. The figures indicate that the transportation item averaged around 5 per cent, leaving an average return of 45 per cent for the farmer. This is a larger share for the producer than generally credited by the layman.

For butter, the farmer got about 60 per cent of the price the consumer paid, for beef about 40 per cent, for wheat about 13 per cent of the bread dollar and for tobacco 12 per cent.

System in the Kitchen

By STELLA DICK
The Warnings were just getting up from the dinner table when Mrs. Elder arrived to talk over club matters.

"I'm afraid I have come at a busy hour," she apologized. "Not at all," Mrs. Waring replied. "The girls do the dishes." "That's nice," her visitor said. "If you'll let me have the phone book, I'll look up some addresses we need, while you get them started."

"O, they're self-starting," answered Mrs. Waring, with a smile, handing her visitor the book. It needed only a glance through the open dining room door, to corroborate her words. Mrs. Elder could see a girl in a neat apron clearing the table in a very efficient manner. "That is a refreshing sight," Mrs. Elder said, half smiling. "I left our table just as it was after we had finished dinner, and I shall do it as I left it."

"Are your girls away?" Mrs. Waring asked. "No, they're at home," answered Mrs. Elder, hesitatingly. They continued in a discouraged tone. "They fear so much about who is to do this and who is to do that, and then waste so much time before starting, that it is very annoying. If I don't keep at them, they don't do the work at all. It's much simpler to do it myself."

"It requires quite a bit of patience when girls first undertake responsibilities," agreed Mrs. Waring. "Before the work can become a habit with them, they must get things systematized, and when they've done that you'll find they are a real help."

Give Wage Increase to Jewel Tea Co., Inc. Route Force

Jewel Tea Company Tuesday announced a yearly wage increase of \$55,000 to its route sales force. The increase is effective at once. This follows previous company wage increases made earlier this year of \$342,700.

Amend Complaint Volling Bond Case

D. B. Maloney, village attorney, reported Monday evening to the village board that he had prepared an amended complaint for what is known as the Volting case for presentation in the Lake county circuit court. The amended complaint is to cover additional bonds with busy title from special assessment No. 44.

Several bonds have been presented to A. L. Wiedenbeck, village treasurer, for payment, and it was upon his request that Mr. Maloney is filing the amended bill to get an opinion.

H. Mollenkamp Is Reported Held Up

Herbert Mollenkamp, delivery truck driver employed at the local Standard Oil company bulk plant, was reported held up by four men Friday afternoon on route 83 near the intersection of route 23 and relieved of a small amount of cash. From details reported it was learned that the men were riding in a car and forced him to pull to a stop. Under the threat of physical violence he handed over the small sum of money he had upon his person, and it was reported.

Has Tonails Removed
Glenn Kastning, of Barrington, had his tonails removed at the Sherman hospital in Elgin Saturday morning.

CARD OF THANKS
I wish to thank my many friends, neighbors and relatives for their kind expressions of sympathy in my recent bereavement and through my illness.
Mrs. Emma Page.

Mr. Fred Wendt, Sr., Mr. and Mrs. Fred Wendt, Jr., Mr. and Mrs. Louis Wendt and Mr. and Mrs. Charles Wendt, attended funeral services for Mrs. William Schmidt at Dundee Thursday. Mrs. Schmidt was a sister of Fred Wendt, Sr.

Old Royal Palaces
St. James' palace was built by Henry VIII on the site of an old lepers' hospital. Kennington palace was bought by William III from his Lord Chancellor and rebuilt by Wren, of St. Paul's fame. Marlborough house was also built by Wren for the great Duke of Marlborough, and first became a Royal residence when Prince Leopold married Princess Charlotte. Balmoral castle was acquired by Queen Victoria and paid for, says London Answers Magazine, by the economies which the Prince Consort effected in the running of Buckingham palace.
