

Barrington Bronchos Meet Niles Center in Season's Grid Opener

Travel Friday to Play First Football Game of Year

Cocher Clark Lists Probable Starting Line-Up: to Average 164 Lbs.

The Barrington high school varsity Broncho team will open the 1937 football season Friday afternoon when it travels to Niles Center to meet the aggregation from that school.

Cocher Paul Clark has been putting his charges through the last week of final drill, strong blocking which will be an important item in this year's team due to the weight available for line positions. Listing the possible starters for Friday's contest shows that one

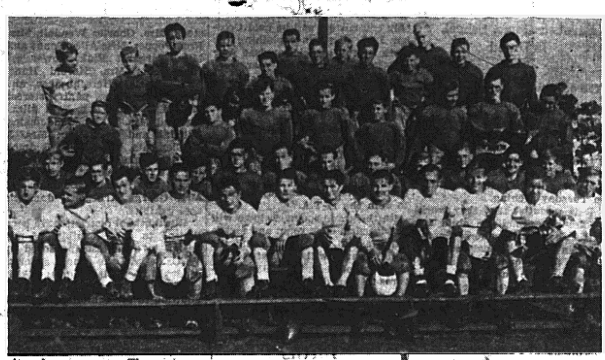

string will average at 171 lbs. Following is the probable line-up with several candidates still fighting it out for regular berths:

Mountain or Grabenkort, left end; Mountain or C. Kampert, left tackle; Hodgdon, left guard; Thacher, center; K. Kampert, right guard; Speck, right tackle; Rice or V. Wilkins, right end; Shepard, quarterback; Peter Johnson, right halfback; Clinge, left halfback; Church, fullback.

Cocher Clark has been using Mountain, letterman with three years' experience in the line and mentioned as tackle on the all-state high school football team in 1936, at end during practice. He is a 200-pounder who returned to school this fall after a year's absence, will be at tackle. This combination will put the greatest possible weight in the line. Mountain weighs in at 185 lbs., Kampert 160 lbs., and Hodgdon at 170 lbs.

The right side of the line will compare favorably with the left side where the strength is apparently being concentrated. Speck at tackle, weighs 170 lbs. while Clinge, if he starts at end, is 152 lbs. The lightest man of the known starters is K. Kampert, who tips the beam at 163 lbs.

Broncho Huskies Await Opening Whistle

Members of the Barrington High School football squad. The season opens Friday at Niles Center.

Athletes Live Longer

Contrary to common belief, college athletes live longer than average men of the same age and circumstances, according to a study of longevity made by the Metropolitan Life Insurance company. The histories of 4976 men who had distinguished themselves in intercollegiate sports were tabulated over a period of 20 years for this report. Strangely enough, the highest mortality was recorded by the baseball players, with crew men next, then track men and last football players. The most surprising fact is the extraordinarily favorable showing of men who won letters in more than one sport—Louis L. Dublin, statistician for the Metropolitan Life Insurance Co. in Harper's Magazine.

he should be effective for plunging behind the heavy line slated to start Friday.

Niles Center has plenty of reserves this year and the team will be built up around four lettermen from last year, including a 180-lb. fullback. Sixty-two fellows reported for the opening of football practices at Niles, giving the coaching staff a wide selection of material to choose from.

Something new is being introduced into high school athletics this year, Coach Clark reports, with the purchase of injury insurance being made available to all boys competing. The insurance is being furnished each member of

ENERGY for growing children

Brandt Dairy Grade A Milk makes happy, healthy, active children because it supplies the proteins and carbohydrates needed for a plentiful supply of energy. It is guaranteed to be pure.

The Sale Season Is at Hand

The sale season is at hand! I have a number of sales already listed for fall selling. If you desire my services, call Woodstock 478 (reverse charges) and I will gladly come and see you. My 35 years of experience will be of much help to you, as I am in touch with more buyers than any auctioneer in McHenry county.

Three days I sell in the big sale markets in Wisconsin and I meet all the buyers from far and near who want to buy farm personal property of all kinds, including horses and cattle.

If you desire arrangements can be made for clerk and financing at most reasonable rates.

REROOFING after the damage is done

is like locking the stable after the horse is stolen

The man who neglects his roof until it actually leaks subjects himself to needless expense. He has to pay twice! Once for a new roof and once to repair or replace damaged walls, ceilings and furnishings.

Why take a chance? Reliable statistics show that today five out of ten houses actually need new roofs. Do you know for sure if your house is one of the five?

LET US MAKE A FREE ROOF INSPECTION

On request, we will gladly make a careful inspection of your roof and give you a complete report. There's no charge or obligation for this service and, because we are Certified Barrett Asphalt Shingle Applicators, you can depend on us to do the job right.
